In this book, Jack Banks examines the historical development of music video as a commodity and analyzes the existing structures within which music video is produced, distributed, and exhibited on its premier music channel, MTV. }In August 1981, Music Television now popularly known as MTV was launched. Within a matter of years it revitalized a struggling record industry; made

the careers of leading pop stars like Madonna, Boy George, Cyndi Lauper, and Duran Duran; infiltrated traditional network television and the movie industry; revolutionized the advertising industry; and stimulated purchases in several markets, most notably fashion apparel. The reach of MTV has proven long and profitable. In this book, Jack Banks examines the historical development of music video as a commodity and analyzes the existing structures within which music video is produced, distributed, and exhibited on its premier music channel, MTV. Who controls MTV? What part do record companies play in the financing and production of music video? How do the power brokers in the business affect the ideological content of music video? Given the tight sphere of influence within the music industry, what are the future trends for music video and for artistic freedom of expression? Banks tackles these questions in an intelligent, lively, and sophisticated investigation into one of the most influential media enterprises of our society. }

"The best novel concerning the American pop music culture of the sixties I've ever read."—Stephen King From #1 New York Times bestselling author George R. R. Martin comes the ultimate novel of revolution, rock 'n' roll, and apocalyptic murder—a stunning work of fiction that portrays not just the end of an era, but the end of the world as we know it. Onetime underground journalist Sandy Blair has come a long way from his radical roots in the '60s—until something unexpectedly draws him back: the bizarre and brutal murder of a rock promoter who made millions with a band called the Nazgûl. Now, as Sandy sets out to investigate the crime, he finds himself drawn back into his own past—a magical mystery tour of the pent-up passions of his generation. For a new messiah has resurrected the Nazgûl and the mad new rhythm may be more than anyone bargained for—a requiem of demonism, mind control, and death, whose apocalyptic tune only Sandy may be able to change in time . . . before everyone follows the beat. "The wilder aspects of the '60s . . . roar back to life in this hallucinatory story by a master of chilling suspense."—Publishers Weekly "What a story, full of nostalgia and endless excitement. . . . It's taut, tense, and moves like

lightning."—Tony Hillerman "Daring . . . a knowing, wistful appraisal of . . . a crucial American generation."—Chicago Sun-Times "Moving . . . comic . . . eerie . . . really and truly a walk down memory lane."—The Washington Post

'They were all the same, communists, Nazis, parents, church, book reviews, features section, editorial, revolutionary struggle, Baader-Meinhof, capital, television, Club Voltaire, pacifism, guerrilla, Mao, Trotsky, Red Student Action, the underground scene and Germania Security. They were all part of the same idea, they knew how things ought to be, they had a monopoly on consciousness, love, human happiness.' In Raw Material Jörg Fauser casts an eye over the times he lived in and his own life: a junkie in Istanbul, the move to a commune in Berlin and a squat in Frankfurt, work on an underground magazine and unceasing efforts to get a novel published. The autobiographical testament of Fauser's alter ego Harry Gelb is an unsparing, razor-sharp but often lovingly ironic portrait of the 1960s and 70's. It is a portrait of the artist to rank with the best, and a portrait of the ferment of Europe at that time.

Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory,

urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

The first overview of this topic begins with some historical aspects and a survey of the principles of the gas aggregation method. The second part covers modifications of this method resulting in different specialized techniques, while the third discusses the post-growth treatment that can be applied to the nanoparticles. The whole is rounded off by a review of future perspectives and the challenges facing the scientific and industrial communities. An excellent resource for anyone working with the synthesis of nanoparticles, both in academia and industry.

Since the mid-nineties, contemporary art has been booming like never before. There is more of everything--more artists, more collectors, more galleries, more art fairs, more museums, more biennials, more interest, more industry, more pop, more hype. Some art professionals feel prompted by all this to reach for the revolvers of cultural pessimism: Mass Stupidity Is Killing Great Art! Others--often the same people a short while later--defect with all the greater abandon to the alleged enemy. The entrenched battle between defenders of art's autonomy and champions of its merging with entertainment culture continues. There is more of everything, with one exception: criteria. Criteria with which the art of the moment can be understood, judged, praised and, if need be, damned--without getting bogged down in this eternal trench warfare. In *All of a Sudden: Things that Matter in Contemporary Art*, Jörg Heiser provides a sharp summary of contemporary art since Marcel Duchamp. Using many artworks as example, the author shows that art is more than just a randomly chosen cultural field of activity in which to acquire a little specialist knowledge to show off with. "When it's good," he claims, "art hits where it hurts, striking at the heart of an ossified status quo by which it itself was brought forth. Perhaps this is something art since Modernism has in common with slapstick. Instead of just aiming to shock and outrage, it shows authority losing its grip. Instead of inflating itself, it deflates the pompous in the name of art." The Frankfurter Allgemeine Zeitung finds the

book "astonishingly enlightening." The Frankfurter Rundschau praises Heiser for finally opening the eyes of his readers--something many of his colleagues have been unable to do. Jörg Heiser (*1968) lives in Berlin. He is co-editor of *frieze* magazine, writes for the national daily *Süddeutsche Zeitung*, and is a frequent contributor to art catalogues and publications. He curated the exhibitions "Romantic Conceptualism" (2007, Kunsthalle Nürnberg, BAWAG Foundation Vienna) and "Funky Lessons" (2004/2005, BüroFriedrich Berlin, BAWAG Foundation Vienna).

Thomas Mann and His Family Bantam

'A masterful work of social history and cultural commentary, told with much wit. It almost makes you feel as if you were there' ROGER LEWIS, *Mail on Sunday* The 1970s. They were the best of times and the worst of times. Wealth inequality was at a record low, yet industrial strife was at a record high. These were the glory years of Doctor Who and glam rock, but the darkest days of the Northern Ireland conflict. Beset by strikes, inflation, power cuts and the rise of the far right, the cosy Britain of the post-war consensus was unravelling – in spectacularly lurid style. *Fusing high politics and low culture, Crisis? What Crisis?* presents a world in which Enoch Powell, Ted Heath and Tony Benn jostle for space with David Bowie, Hilda Ogden and Margo Leadbetter, and reveals why a country exhausted by decline eventually turned to Margaret Thatcher for salvation.

New York Times, The Boston Globe, San Francisco Chronicle, NPR, Comics Beat, The Milwaukee Journal-Sentinel, Kirkus Reviews, and Library Journal This “ingenious reckoning with the past” (The New York Times), by award-winning artist Nora Krug investigates the hidden truths of her family’s wartime history in Nazi Germany. Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family’s involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that living abroad has only intensified her need to ask the questions she didn’t dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal grandfather, a driving teacher in Karlsruhe during the war, and her father’s brother Franz-Karl, who died as a teenage SS soldier. In this extraordinary quest, “Krug erases the boundaries between comics, scrapbooking, and collage as she endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family’s place in it all” (The Boston Globe). A highly inventive, “thoughtful, engrossing” (Minneapolis Star-Tribune) graphic memoir, *Belonging* “packs the power of Alison Bechdel’s *Fun Home* and David Small’s *Stitches*” (NPR.org).

‘A rich compendium of incidents, anecdotes and studies illustrating the linguistic abilities of animals . . . a rewarding book’ Sunday Times Dolphins and parrots call each other by their names. Fork tailed drongos mimic the calls of other animals to scare them away and then steal their dinner. In the songs of many species of birds, and in skin patterns of squid, we find grammatical structures . . . If you are lucky, you might meet an animal that wants to talk to you. If you are even luckier, you might meet an animal that takes the time and effort to get to know you. Such relationships can teach us not only about the animal in question, but also about language and about ourselves. From how prairie dogs describe intruders in detail -- including their size, shape, speed and the colour of their hair and T-shirts -- to how bats like to gossip, to the impressive greeting rituals of monogamous seabirds, *Animal Languages* is a fascinating and philosophical exploration of the ways animals communicate with

each other, and with us. Researchers are discovering that animals have rich and complex languages with grammatical and structural rules that allow them to strategise, share advice, give warnings, show love and gossip amongst themselves. *Animal Languages* will reveal this surprising hidden social life and show you how to talk with the animals.

A hard-hitting, and emotional story set in South Africa, following Themba and his dreams of becoming a famous footballer. Themba grows up dreaming of becoming a football star. One day he leaves the village and travels with his sister to the city in search of their mother. Life is a struggle and Themba has to grow up fast. A lucky break gives him the chance to train as a footballer and play professionally – but Themba has a secret – should he tell the truth about his HIV and risk everything he’s ever dreamed of? ~ Themba won an IBBY award - Best Book for Young People. Karin Chubb was Shortlisted for the Marsh Award for Children’s Literature in Translation for *Themba*, a unique award celebrating the high quality and diversity of translated fiction for young readers. The book was also made into an award-winning film.

“Beautifully translated from the original ... it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread.” Books, Teens and Magazines “Themba reminds me of my own childhood and youth in a township close to a small village in the Transvaal in South Africa: Like him I wanted to escape poverty, like him I had the hope that our world will be a just world one day – and like him I loved my mother who was working at the time as a maid for a white family. To be very honest: in soccer Themba seems to be simply better than I was.” Archbishop Desmond Tutu “READ OF THE MONTH” *Pride* magazine “...an inspirational coming of age drama about a young South African boy’s escape from poverty and the pursuit of a dream.” Spring online “It’s a rags to riches story – a story of hope, of dreaming your dreams and achieving them, and it’s also a story of friendship...” The Sunday Independent “It’s a really engaging book, and because Aids is a serious issue, it made us want to carry on reading more about it.” Durning Library teenage reading group “Beautifully translated from the original and it is an

easy and straightforward read. However, the storyline is tough – poverty, AIDS and death haunt the pages of the book. The reader learns about the hardship of life for many ordinary South Africans (even after Mandela came to power) and the struggle for those families who have a family member suffering from AIDS. The problems they face do not lie solely in a lack of medication and good nutrition; it also lies in the ignorance of their neighbours and friends and a refusal of many to acknowledge the illness and help the ill. However this is not a depressing book – it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread.” Books, Teens and Magazines

All of a Sudden Aurora Metro Publications Ltd.

From the acclaimed filmmaker, artist, and bestselling author of *No One Belongs Here More Than You*, a spectacular debut novel that is so heartbreaking, so dirty, so tender, so funny--so Miranda July--that readers will be blown away. Here is Cheryl, a tightly-wound, vulnerable woman who lives alone, with a perpetual lump in her throat. She is haunted by a baby boy she met when she was six, who sometimes recurs as other people's babies. Cheryl is also obsessed with Phillip, a philandering board member at the women's self-defense nonprofit where she works. She believes they've been making love for many lifetimes, though they have yet to consummate in this one. When Cheryl's bosses ask if their twenty-one-year-old daughter, Clee, can move into her house for a little while, Cheryl's eccentrically ordered world explodes. And yet it is Clee--the selfish, cruel blond bombshell--who bullies Cheryl into reality and, unexpectedly, provides her the love of a lifetime. Tender, gripping, slyly hilarious, infused with raging sexual obsession and fierce maternal love, Miranda July's first novel confirms her as a spectacularly original, iconic, and important voice today, and a writer for all time. *The First Bad Man* is dazzling, disorienting, and unforgettable.
