Ultima Thule Farrar, Straus and Giroux

In this #1 New York Times bestselling novel of first love and second chances, former high school sweethearts confront the painful truths of their past to build a promising future—together. "Everyone wanted to believe that endless love was possible. She'd believed in it once, too, back when she was eighteen." In the spring of 1984, high school students Amanda Collier and Dawson Cole fell deeply, irrevocably in love. Though they were from opposite sides of the tracks, their love for one another seemed to defy the realities of life in their small town in North Carolina. But as the summer of their senior year came to a close, unforeseen events would tear the young couple apart, setting them on radically divergent paths. Now, twenty-five years later, Amanda and Dawson are summoned back home for the funeral of Tuck Hostetler, the mentor who once gave shelter to their high school romance. Neither has lived the life they imagined . . . and neither can forget the passionate first love that forever changed their lives. As Amanda and Dawson carry out the instructions Tuck left behind for them, they realize that everything they thought they knew—about Tuck, about themselves, and about the dreams they held dear—was not as it seemed. Forced to confront painful memories, the former lovers will discover undeniable truths about the choices they have made. And in the course of a single, searing weekend, they will ask of the living, and the dead: Can love truly rewrite the past?

Literature; Structure, Sound, and Sense Houghton Mifflin Harcourt P

Reading lyric poetry over the past century. *The Lyric Theory Reader* collects major essays on the modern idea of lyric, made available here for the first time in one place. Representing a wide range of perspectives in Anglo-American literary criticism from the twentieth and twenty-first centuries,

the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry. Virginia Jackson and Yopie Prins frame these conversations with a general introduction, bibliographies for further reading, and introductions to each of the anthology's ten sections: genre theory, historical models of lyric, New Criticism, structuralist and post-structuralist reading, Frankfurt School approaches, phenomenologies of lyric reading, avant-garde anti-lyricism, lyric and sexual difference, and comparative lyric. Designed for students, teachers, scholars, poets, and readers with a general interest in poetics, this book presents an intellectual history of the theory of lyric reading that has circulated both within and beyond the classroom, wherever poetry is taught, read, discussed, and debated today.

*The Fiction Editor, the Novel, and the Novelist* W. W. Norton & Company

One of The Atlantic's Great American Novels Winner of the 2016 International Dublin Literary Award "Gorgeously tender at its core...beautiful, heartstopping...Family Life really blazes." —Sonali Deraniyagala, New York Times Book Review Hailed as a "supreme storyteller" (Philadelphia Inquirer) for his "cunning, dismaying and beautifully conceived" fiction (New York Times), Akhil Sharma is possessed of a narrative voice "as hypnotic as those found in the pages of Dostoyevsky" (The Nation). In his highly anticipated second novel, *Family Life*, he delivers a story of astonishing intensity and emotional precision. We meet the Mishra family in Delhi in 1978, where eight-year-old Ajay and his older brother Birju play cricket in the streets, waiting for the day when their plane tickets will arrive and they and their mother can fly across the world and join their father in America. America to the Mishras is, indeed, everything they could have imagined and more: when automatic glass doors open before them, they feel that surely they must have been mistaken for somebody important. Pressing an elevator button and the elevator closing its doors and rising, they have a feeling of power at the fact that the elevator is obeying them. Life is extraordinary until tragedy strikes, leaving one brother severely brain-damaged and the other lost and virtually orphaned in a strange land. Ajay, the family's younger son, prays to a God he envisions as Superman, longing to find his place amid the ruins of his family's new life. Heart-wrenching and darkly funny, *Family Life* is a universal story of a boy torn between duty and his own survival.

**Famous All Over Town** Harcourt College Pub

An impassioned call for a return to reading poetry and an incisive argument for poetry's accessibility to all readers, by critically acclaimed poet Matthew Zapruder In *Why Poetry*, award-winning poet Matthew Zapruder takes on what it is that poetry—and poetry alone—can do. Zapruder argues that the way we have been taught to read poetry is the very thing that prevents us from enjoying it. In lively, lilting prose, he shows us how that misunderstanding interferes with our direct experience of poetry and creates the sense of confusion or inadequacy that many of us feel when faced with it. Zapruder explores what poems are, and how we can read them, so that we can, as Whitman wrote, "possess the origin of all poems," without the aid of any teacher or expert. Most important, he asks how reading poetry can help us to lead our lives with greater meaning and purpose. Anchored in poetic analysis and steered through Zapruder's personal experience of coming to the form, *Why Poetry* is engaging and conversational, even as it makes a passionate argument for the necessity of poetry in an age when information is constantly being mistaken for knowledge. While he provides a simple reading method for approaching poems and illuminates concepts like associative movement, metaphor, and negative capability, Zapruder explicitly confronts the obstacles that readers face when they encounter poetry to show us that poetry can be read, and enjoyed, by anyone.
