1585: King

As a result, the king is in mortal fear of a coup being orchestrated by the ultra-conservative Catholic League. Radical philosopher, ex-monk and spy Giordano Bruno, forced to return to Paris, is called upon by King Henry to unearth the motivation behind several mysterious but linked deaths. Each victim is connected to a larger plot to manipulate the royal succession; what they knew and who

killed them is a mystery to be solved. Meanwhile, Bruno makes an uneasy alliance with Charles Paget, a key figure in the community of English Catholics who tried to assassinate Queen Elizabeth. When Bruno is implicated in the death of Leonie, a member of the Queen Mother's "Flying Squadron," he is forced to call on Paget and his connections for help—and finds that it

comes with a price, involving an old enemy.

 During the political upheaval of Tudor-era England, the lawyer Matthew Shardlake must decide where his loyalties lie in "one of the best ongoing mystery series" for fans of Hilary Mantel (Christian Science Monitor).
 LONGLISTED FOR THE SIR WALTER SCOTT PRIZE FOR HISTORICAL FICTION
 Spring, 1549.
 Two years after the death of

Henry VIII, England is sliding into chaos. The nominal king, Edward VI, is eleven years old. His uncle, Edward Seymour, Lord Hertford, rules as Edward's regent and Protector. In the kingdom, radical Protestants are driving the old religion into extinction, while the Protector's prolonged war with Scotland has led to hyperinflation and economic collapse. Rebellion is stirring among the peasantry.

Matthew Shardlake has been working as a lawyer in the service of Henry's younger daughter, the lady Elizabeth. The gruesome murder of one of Elizabeth's distant relations, rumored to be politically murdered, draws Shardlake and his companion Nicholas to the lady's summer estate, where a second murder is committed. As the kingdom explodes into rebellion, Nicholas is imprisoned for his loyalty, and Shardlake must decide where his loyalties lie -- with his kingdom, or with his lady?  You have to stop me from hurting anyone else. I don't want to do these horrible things. Help me before I'm forced to do it again. And I will do it again because I have no choice. I've

never had a choice. In a busy shopping centre, a little girl clutches a teddy bear, clinging to it in the absence of her mother, Katrina. Hours later, Katrina's body is discovered in an abandoned building. For Detective Kim Stone, it looks like a quick, functional kill. But Kim's instincts tell her there's more to this senseless murder than meets the eye. What was the motive for killing a young mother out shopping with her child?

Days later, a second victim is found in a local park, her neck broken just like Katrina's and her six-year-old son missing. With her colleague, Detective Stacey Wood, working on another unsolved crime and a member of the team grieving the loss of a close relative, Kim is struggling to make inroads on what is fast becoming a complex case. And when a handwritten letter from the killer lands on

Kim's desk addressed to her, and pleading for help, she knows time is running out to bring the little boy home alive. With the support of a handwriting analyst and profiler, Kim and the team begin to get inside the mind of the killer and make a shocking discovery. Some of the victims have scratch marks on their wrists. But these are no random scratches. The killer is using them to

communicate with someone. The question is... with whom? And if Kim doesn't find them soon, another innocent soul will die. The sixth novel in the Matthew Shardlake Tudor Mystery series—the inspiration for the Disney+ original series
Shardlake! Summer, 1546. King Henry VIII is slowly, painfully dying. His Protestant and Catholic councillors are engaged in a final and decisive power struggle; whoever wins will control the government of Henry's successor, 8-year-old Prince

Edward. As heretics are hunted across London, and the radical Protestant Anne Askew is burned at the stake, the Catholic party focus their attack on Henry's 6th wife, Matthew Shardlake's old mentor, Queen Catherine Parr. Shardlake, still haunted by events aboard the warship Mary Rose the year before, is working on the Cotterstoke Will case, a savage dispute between rival

siblings. Then, unexpectedly, he is summoned to Whitehall Palace and asked for help by his old patron, the now beleaguered and desperate Queen. For Catherine Parr has a secret. She has written a confessional book, Lamentation of a Sinner, so radically Protestant that if it came to the King's attention it could bring both her and her sympathizers crashing down. But, although the book was kept secret and hidden inside a locked chest in the Queen's private chamber, it has-- inexplicably-- vanished. Only one page has been found, clutched in the hand of a murdered London printer. Shardlake's investigations take him on a trail that begins among the backstreet printshops of London but leads him and Jack Barak into the dark and labyrinthine world of the politics of the royal court; a world he had sworn never to enter again. Loyalty to the Queen will drive him into a swirl of intrigue inside Whitehall Palace, where Catholic enemies and Protestant friends can be equally dangerous, and the political opportunists, who will follow the wind wherever it blows, more dangerous than either. The theft of Queen Catherine's book proves to be

connected to the terrible death of Anne Askew, while his involvement with the Cotterstoke litigants threatens to bring Shardlake himself to the stake. Awarded the CWA Diamond Dagger - the highest honour in	British crime writing. <i>Dominion</i> Simon and Schuster Tess Garritsen calls this one "my favorite book of the year!"
