The Master of Game
Simon and Schuster
Written by one of the original Horse Whisperers
Horses Don't Lie is the definitive guide to training horses and every horse trainer will welcome this

method. After years of using his method to train horses Chris came to see that it could also be applied to human behaviour. As Chris points out: "A horse knows what you know." The characteristics necessary for building good relationships with horses can be used to deepen our relationships with

other people and to enrich our daily lives. Horses can teach us how to communicate with empathy and patience, not only with them but with each other. Humans, like dogs, are natural predators while horses are prey that evolved to band together in packs for protection. This results in two differing types of

consciousness and for a human to think like prey teaches many things. It teaches the trust and honesty essential in building relationships, and not only in a relationship with a horse; while the sensitivity and awareness that characterises a horse's perception of the world are qualities we could all use in our own lives. "Always think like a horse and not like a dog." The real magic of horse whispering is what horses reveal to us about ourselves when we strive to understand their

behaviour. *Horses Don't Lie* will teach you about the connections we can make in our lives when we learn from horses.

The Giver Skyhorse

An eye-opening game-changer of a book that sheds new light on how horses learn, think, perceive, and perform, and explains how to work with the horse's brain instead of against it. In this illuminating book, brain scientist and horsewoman Janet Jones describes human and equine brains working together. Using plain

language, she explores the differences and similarities between equine and human ways of negotiating the world. Mental abilities—like seeing, learning, fearing, trusting, and focusing—are discussed from both human and horse perspectives. Throughout, true stories of horses and handlers attempting to understand each other—sometimes successfully, sometimes not—help to illustrate the principles. Horsemanship of every kind depends on mutual interaction

between equine and human brains. When we understand the function of both, we can learn to communicate with horses on their terms instead of ours. By meeting horses halfway, we achieve many goals. We improve performance. We save valuable training time. We develop much deeper bonds with our horses. We handle them with insight and kindness instead of force or command. We comprehend their misbehavior in ways that allow solutions. We reduce the human

mistakes we often make while working with them. Instead of working against the horse's brain, expecting him to function in unnatural and counterproductive ways, this book provides the information needed to ride with the horse's brain. Each principle is applied to real everyday issues in the arena or on the trail, often illustrated with true stories from the author's horse training experience. Horse Brain, Human Brain offers revolutionary ideas that should be considered by

anyone who works with horses.

Between the Lines

Skyhorse Publishing Inc. The first book of the epic fantasy caper Gentleman Bastard Sequence about a roguish group of conmen, which George R. R. Martin says "captured me right on the first page and never let me go." "If you haven't read [The Lies of Locke Lamora], you should. If you have read it, you should probably read it again."—Patrick Rothfuss An orphan's life is harsh—and often short—in the mysterious

island city of Camorr. But young Locke Lamora dodges relentless danger, becoming a thief under the tutelage of a gifted con artist. As leader of the band of light-fingered brothers known as the Gentlemen Bastards, Locke is soon infamous, fooling even the underworld's most feared ruler. But in the shadows lurks someone still more ambitious and deadly. Faced with a bloody coup that threatens to destroy everyone and everything that holds meaning in his mercenary life, Locke

vows to beat the enemy at his own brutal game—or die trying. Don't miss any of Scott Lynch's epic fantasy Gentleman Bastard Sequence: THE LIES OF LOCKE LAMORA • RED SEAS UNDER RED SKIES • THE REPUBLIC OF THIEVES

Horse Brain, Human Brain Penguin

Here is a compelling meditation from renowned horseman Mark Rashid on all the ways that the principles we apply in our dealings with fellow humans can apply to our relationships with

our horses, and vice versa. Horsemanship Through Life is about awareness, learning, teaching, honesty, integrity, and much more. It is about more than tips or technique; it is about principles to live by. It is about taking ownership of and responsibility for our lives and relationships with horses and humans. It doesn't take long to read, but will be with you for life. Experience the profound lessons of this nourishing book.

Finding the Missed Path
Trafalgar Square Books

Many horse trainers, even those who espouse the so-called natural horsemanship approach, take the position that horses who fail to obey a human's request are doing so as much out of perversity as ignorance. That's not Mark Rashid's view. In his words, "If we understand that horses can't separate the way they feel from the way they act, then we can start to see that unwanted behavior isn't bad behavior at all. More times than not, it's just the horse expressing the

way he feels at that particular moment in time. . . .How we perceive that information dictates how we respond to it." Whole Heart, Whole Horse focuses on this idea, covering such subjects as gathering information from the horse, turning rider/trainer mistakes into positive experiences, developing realistic boundaries between you and your horse, understanding how and why horses release energy from real or perceived traumas, and reaching a comfortable

balance point between horse and rider. Rashid analyzes developing softness, consistency, dependability, trust, and peace of mind in both horses and humans, as well as how to become a leader whom your horse will willingly want to follow and work with. Full of examples that extend beyond the training pen, Whole Heart, Whole Horse offers good sense and information that will make you a more astute, capable, and sensitive horseman and person. Scholastic Inc. Don't miss one of America's top 100 most-loved novels, selected by PBS's The Great American Read. This beloved book by E. B. White, author of *Stuart Little* and *The Trumpet of the Swan*, is a classic of children's literature that is "just about perfect." Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble. Radiant. These are the words in *Charlotte's Web*, high up

in Zuckerman's barn. *Charlotte's spiderweb* tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's *Stuart Little*

and Laura Ingalls Wilder's *Little House* series, among many other books. Whether enjoyed in the classroom or for homeschooling or independent reading, *Charlotte's Web* is a proven favorite. [The Age of the Horse](#) Penguin
The *Book of Lies* was written by English occultist and teacher Aleister Crowley under the pen name of Frater Perdurabo. As Crowley describes it: "This book deals with many matters on all planes of the very

highest importance. It is an official publication for Babes of the Abyss, but is recommended even to beginners as highly suggestive." The book consists of 91 chapters, each of which consists of one page of text. The chapters include a question mark, poems, rituals, instructions, and obscure allusions and cryptograms. The subject of each chapter is generally determined by its number and its corresponding Qabalistic meaning.

Learn the underlying principles of speaking both "horse" and "human" from an internationally acclaimed horseman. Life Lessons from a Ranch Horse describes celebrated horse trainer Mark Rashid's experiences with one special—and especially challenging—horse named Buck. Mark finds that Buck's unique personality teaches him a wealth of information about how to build a strong relationship with what may initially

seem like a difficult horse. During his time with Buck, Mark not only trains Buck but also observes how Buck "trains" other horses in order to maintain a stable and respectful group. Mark comes to understand that there are six underlying principles to both Buck and Mark's most successful horse training techniques: non-confrontation, planning ahead, patience, persistence, consistency, and "fix it and move on." The second half of the book is devoted to demonstrating how horse

owners can apply the six principles to their own experiences in horse training. Mark Rashid is unique among writers of horse training books for his skill at teaching trainers to lead by example rather than by force, using clear and consistent methods. In the afterword, Mark Rashid reflects on what he has learned since first writing about Buck, and how Buck's life allowed Mark to dramatically improve his own emotional and physical well-being. *Life Lessons*

from a Ranch Horse is essential reading for all compassionate horse owners who care about cultivating a mutually respectful and satisfying relationship with their horses.

Whole Heart, Whole Horse
Simon and Schuster
ONE OF USA TODAY'S "20
SUMMER BOOKS YOU
WON'T WANT TO MISS" In
the bestselling tradition of
works by such authors as
Susan Orlean and Mary
Roach, a New York Times
reporter and Pulitzer Prize
finalist explores why so
many people—including

herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation—and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Maslin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. *Horse Crazy* is a fascinating, funny, and moving love letter to

these graceful animals and the people who—like her—are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname "the man who listens to horses," and his pet deer;

George and Ann Blair, who at their riding academy on a tiny island in Manhattan's Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life's mission: to protect an endangered Indian breed of horse and bring them to America. Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father's harrowing tale of

surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down truants as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a

horse Nir has loved, Horse Crazy is an unforgettable blend of beautifully written memoir and first-rate reporting.

The Second Jungle

Book Rethinking Schools

"The human race has almost destroyed itself and those who remain know that they must avoid repeating the mistakes of their ancestors. But it's extremely difficult.

Without horses, it would be impossible. Amarilla is one of those chosen by a horse as a Bond-Partner. She looks forward to a

lifetime of learning from her horse and of passing on the mare's wisdom to those seeking help. But then she discovers that she is the one for whom the horses have all been waiting. The one who can help them in return. In order to give the horses the help they need, Amarilla will have to achieve that which has never been attempted before. Only her beloved mare can give her the motivation, the courage and the strength to believe she can succeed. If she does, a new era will

dawn for horses and humans alike..." - author's website.

Horsemanship Through Life Vintage
A hilarious follow-up to the perennial favorite Sleeping Freshmen Never Lie. Scott Hudson has somehow managed to survive Freshman year. But with a new baby

brother in the house and a whole host of adventures awaiting him at school, Sophomore year promises to be anything but boring. An honest and funny follow-up to the popular Sleeping Freshmen Never Lie, award-winning author David Lubar pens a tale that perfectly captures the ridiculous, tumultuous, and sometimes heartbreaking truths about high school.
Horses Never Lie United Holdings Group
In 2008, 26-year-old Tik Maynard faced a crossroads not unlike that

of other young adults. A university graduate and modern pentathlete, he suffered both a career-ending injury and a painful breakup, leaving him suddenly adrift. The son of prominent Canadian equestrians, Maynard decided to spend the next year as a “working student.” In the horse industry, working students aspire to become professional riders or trainers, and willingly trade labor for hands-on education. Here Maynard chronicles his experiences—good and

bad—and we follow along as one year becomes three, what began as a casual adventure gradually transforms, and a life's purpose comes sharply into focus. Over time, Maynard evolved under the critical eyes of Olympians, medal winners, and world-renowned figures in the horse world, including Anne Kursinski, Johann Hinnemann, Ingrid Klimke, David and Karen O'Connor, Bruce Logan, and Ian Millar. He was ignored, degraded, encouraged, and praised.

He was hired and fired, told he had the “wrong body type to ride” and that he had found his “destiny.” He got married and lost loved ones. Through it all he studied the horse, and human nature, and how the two can find balance. And in that journey, he may have found himself.

Inside Out & Back

Again Farrar, Straus and Giroux
 "Noted author and horseman Mark Rashid shares illuminating stories from his own experience, as well as those of others,

that help explain the steps necessary to attain true connection with the horse"--

The Lies of Locke

Lamora Del Rey

A revolutionary approach to the techniques of working with horses, by a renowned...

Centered Riding Good Press

Widely known for her innovative teaching philosophy stressing body awareness, the value of "soft eyes," proper breathing, centering, and balance, Sally Swift has been a pioneering riding

instructor for half a century. In book form for the first time, her methods enable horse and rider to achieve harmony, working together naturally, without pain. Unlike traditional teachers, Sally Swift does not believe in forced training techniques that cause stiff bodies and tense riding. Instead, through the use of vivid, unusual, and highly creative images that transcend mechanics ("Pretend you're a spruce tree; the roots grow down from your center as the

trunk grows up"), plus a thorough knowledge of human and equine anatomy, this wise and inspiring teacher enables the conscientious equestrian to reassess habitual responses, in order to ride in natural positions, break through frustrating plateaus, and achieve ever-rising goals with comfort, vitality, and precision. Precise illustrations and photographs never before used in riding books explain anatomy and image work to give mind and body new and relaxed

approaches to the inner process of riding. Centered Riding is for those with little experience all the way up to world class.

• An insightful and meaningful reader about relationship training methods between man and horse • Features an overview of how horses

came to live with Native Americans and the impact on their lives • Provides philosophies and techniques for relationship training methods • Also includes Native American stories and legends about their special relationships with their horses

The Man Who Listens to Horses HarperCollins

NAKED LIBERTY is a captivating memoir of Carolyn Resnick's detailed account of how she gained a magnetic connection with horses. Carolyn reveals her

struggle to be accepted into a herd of wild horses, beginning at the bottom of the pecking order, working to gain higher rank and ultimately riding on the back of a lead mare from a bonded trust. This book goes beyond "horse whispering" and will inspire readers to seek a higher level of communication with their horses. "I learned that dominant horses must fight for their position and lead horses do not. From these waterhole rituals I discovered the secret society of wild horses, and

that the spirit of the bond has its own language," says Carolyn.
