"The book describes those issues that a professional should expect to find in a comprehensive services agreement. It is the first to deal in detail with the particular risks that are inherent in non-standard agreements. It discusses the legal liabilities that might be imposed on the professional if those risks are accepted. Reference is made to some of the standard conditions produced by professional bodies. The scope of professional identity insurance is also covered."--BOOK JACKET.

 Medical Device Regulation provides the current FDA-CDRH thinking on the regulation of medical devices. This book offers information on how devices meet criteria for being a medical device, which agencies regulate medical devices, how policies regarding regulation affect the market, rules regarding marketing, and laws and standards that govern testing. This practical, well-structured reference tool helps medical device manufacturers both in and out of the United States with premarket application and meeting complex FDA regulatory requirements. The book delivers a comprehensive overview of the field from an author with expertise in regulatory affairs and commercialization of medical devices. Offers a unique focus on the regulatory affairs industry, specifically targeted at regulatory affairs professionals and those seeking certification Puts regulations in the context of contemporary design Includes case studies and applications of regulations

To everyone, Shante Dogan has a wonderful life. She is the pastor of a successful church, a loving single parent, a sought-after conference speaker and in a solid relationship with the most eligible bachelor in town, Maxwell Patrick, a local pastor. Her life is turned upside down when she successfully stops the opening of

a gentlemen's club that is owned by her ex-husband, Kevin, another local pastor. As her relationship with Max heats up, Shante faces the biggest trial in her ministry when her church board questions her integrity, morality and commitment to Christ. She faces the dilemma of revealing and confronting her past and relying on her faith to help her find peace and true love.

This book, first published in 1998, collects the final letters and articles of Chen Duxiu (1879-1942). He founded the Chinese Communist Party in 1921, after a revolutionary career in the movement that overthrew the Manchus and brought in the Republic. Between 1915 and 1919, he had led the New Culture Movement that electrified student youth and laid the intellectual foundations for modern China, and he also helped found the Chinese Trotskyist Opposition, which he then led. Between his release from prison in 1937 and his death in 1942, he wrote the pieces collected here.
