In the summer of 1994 Nigel Williams, his wife and his three sons set out for a journey across America. Williams and his sons had never been to America before, and his wife had never flown. Taking inspiration from Mark Twain - and many less-celebrated travellers around the USA - Williams provides, in this sequel to *Two and a Half Men in a Boat*, an account of his adventures in the New World.

(Guitar Book). This unique publication contains 52 favorite Beatles songs arranged exclusively for the guitar. It is designed to provide an accurate look into the lead and rhythm guitar styles of George Harrison and John Lennon. Instead of providing transcriptions of the guitars off the record, these arrangements use the musical elements of the bass, drums, keyboards and guitars all incorporated into one guitar so that they can be played alone or

in a band. Written in tablature, this book also provides numbers, strums, accents and picking patterns for those who do not read music.

Red Hot Chili Peppers - Blood Sugar Sex Magik (Songbook) Hal Leonard Publishing Corporation

The Red Hot Chili Peppers is the iconic band's audacious look back at their thirty-year odyssey—in their own words and accompanied by more than 300 spectacular photos and ephemera. Intimate, breathtaking, and outrageous, this is the essence of the Red Hot Chili Peppers. "I am struck with the moments of these photos, the feelings of the times they were taken, and where we were at on our beautiful and happy-sad journey. It's pretty fucking heavy, actually, like thinking how much we have changed over the years, and all the different dynamics of our lives that shaped us, and also realizing so clearly that nothing has changed at all—we're all still just trying to get it on, make something great. "It is all here, nothing can hide: all the honesty, the pretense, the courage and one-of-a-kind-ness, the unbridled joy, the melancholy, and the shields we put up to shelter our scared, vulnerable little selves." —Flea

Celebrity Rehab star and Thelonus Monster frontman Bob Forrest's memoir about his drug-fueled life in the L.A. indie rock scene of the '80s and '90s and his life-changing decision to

become a drug counselor who specializes in reaching the unreachable. Life has been one strange trip for Bob Forrest. He started out as a suburban teenage drunkard from the Southern California suburbs and went on to become a member of a hip Hollywood crowd that included the Red Hot Chili Peppers, Johnny Depp, and River Phoenix. Los Angeles was their playground, and they hung out in such infamous haunts as the Viper Room and the Whisky a Go Go. Always one to push things to their limit, Bob partied the hardest and could usually be found at the center of the drama. Drugs weren't Bob's only passion. He was also a talented musician who commanded the stage as the wild and unpredictable lead singer of Thelonus Monster. They traveled the world, and their future seemed bright and wide open. But Bob's demons grew stronger as he achieved more success and he sank deeper into his chemical dependency, which included alcohol, crack, and heroin habits. No matter how many times he went to rehab, sobriety just wouldn't stick for him. Soon he saw his once-promising music career slip away entirely. Eventually Bob found a way to defeat his addiction, and once he did, he saw the opportunity to help other hopeless cases by becoming a certified drug counselor. He's helped addicts from all walks of life, often employing methods that are very much at odds with the traditional rehab approach. *Running with Monsters* is an electrifying chronicle of the LA rock scene of the 1980s and '90s, the story of a man who survived and triumphed over his demons, and a controversial perspective on the rehab industry and what it really takes to beat addiction. Bob tells his story with unflinching honesty and hard-won perspective, making this a reading experience that shocks, entertains, and ultimately inspires.

This book covers everything from their early days in Australia to their first tour of England and the United States. It also includes personal experiences, stories, conversations, and interviews by author Susan Masino, who has known the band since 1977. Featuring 37 chapters, AC/DC FAQ chronicles the personal history of each of the band members, all their albums, tours, and various anecdotes. Rebounding from the tragic loss of their singer Bon Scott in 1980, AC/DC hired Brian Johnson and went on to record Back in Black, which is now one of the top five biggest-selling albums in music history. Taking a seven-year break after their album Stiff Upper Lip, the band came back in the fall of 2008 with a new album, Black Ice, and a tour that ran from 2008 through the summer of 2010. Once again breaking records, AC/DC saw the Black Ice Tour become the second-highest-grossing tour in history. True rockers from the very beginning, AC/DC will continue to be heralded as one of the greatest rock and roll bands of all time.

Fornication: The Red Hot Chili Peppers Story Hal Leonard Corporation

Here is the extreme story of the indestructible LA group from their early funk days to eventual success as one of America's top-selling bands. Despite an epic reputation for exhibitionism, drug taking and debauchery, through it all the Chili Peppers have continued to produce records that shock, challenge and intrigue their fans. Author Jeff Apter has interviewed dozens of people - many speaking openly for the first time - who have moved in and out of the Chili Peppers' circle over the past three decades. He has spoken with former Chili Peppers, life-long friends, classmates, family members, album producers and music business insiders, as he plots the band's rise from Hollywood 'latchkey kids', willing to test-drive any drug or woman they could score, to the camomile-tea sipping superstars of today, whose only true family is this band.
