Detailed eat-wake-sleep schedules for children on 3, 2, and 1 nap

Sleep training toddlers and children in beds Praise for the Baby

Sleep Trainer method: "My 5 month old was waking up every 2-3

hours at night and I was seriously sleep deprived. My sleep

deprivation was affecting every aspect of my life. I read several

books on sleep training, as well as blogs and websites. I was at

my wits end. After following the program for two weeks, my child

was consistently sleeping 11-12 hours a night and was on a

consistent schedule during the day! This program has literally

given me my life back." - McKel Neilsen "Two months ago I was at

the end of my sleep rope with our 6-month-old, boy/girl twins.

Exhausted doesn't begin to explain it, I felt desperate. After using

the Baby Sleep Trainer Method we feel like we have our lives

back. The babies are happy and well rested, and so are we! We

have our evenings back to cook dinner, spend time with our 4-

year-old daughter, hang out together, and actually do things we

enjoy. The process took commitment but has been absolutely

worth every bit of it." - Beth Oller, MD "Using the Baby Sleep

Trainer Method, my daughter quickly went to a routine nap

schedule during the day and sleeping through the night from

6:30pm to 6:30am! Also, rather than the exhausting and often

unsuccessful rocking or soothing or feeding to sleep, we were

able to put her down awake in her crib and she would fall asleep

on her own in just a few minutes. It was just incredible." - Online

"TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT—the ability to

develop early insight into their child's temperament." -Los Angeles Family When Tracy Hogg's *Secrets of the Baby Whisperer* was first published, it soared onto bestseller lists across the country. Parents everywhere became "whisperers" to their newborns, amazed that they could actually communicate with their baby within weeks of their child's birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby's every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby's life—because a happy baby sleeps through the night. Now you too can benefit from Tracy's more than twenty years' experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn:

- E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household's life easier and happier.
- S.L.O.W.—how to interpret what your baby is trying to tell you (so you don't try to feed him when he really wants a nap).
- How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type.
- Tracy's Three Day Magic—how to change any and all bad habits (yours and the baby's) in just three days. At the heart of Tracy's simple but profound message: treat the baby as you would like to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, *Secrets of the Baby Whisperer* promises parents not only a healthier, happier baby but a more relaxed and happy household as well.
