Napalm,
incendiary gel
that sticks to

skin and burns
to the bone,
came into the
world on
Valentine's
Day 1942 at a
secret
Harvard war
research
laboratory. On
March 9,
1945, it
created an

inferno that
killed over
87,500 people
in
Tokyo—more
than died in
the atomic
explosions at
Hiroshima or
Nagasaki. It
went on to
incinerate
sixty-four of

Japan's largest cities. The Bomb got the press, but napalm did the work. After World War II, the incendiary held the line against communism in Greece and Korea—Napalm Day led the 1950 counter-attack from Inchon—and fought elsewhere under many flags. Americans generally applauded, until the Vietnam War. Today, napalm lives on as a pariah: a symbol of American

cruelty and the misguided use of power, according to anti-war protesters in the 1960s and popular culture from Apocalypse Now to the punk band Napalm Death and British street artist Banksy. Its use by Serbia in 1994 and by the United States in Iraq in 2003 drew condemnation . United Nations delegates judged deployment against concentrations of civilians a war crime in 1980. After

thirty-one years, America joined the global consensus, in 2011. Robert Neer has written the first history of napalm, from its inaugural test on the Harvard College soccer field, to a Marine Corps plan to attack Japan with millions of bats armed with tiny napalm time bombs, to the reflections of Phan Thi Kim Phuc, a girl who knew firsthand about its power and its morality.

<p>Strike Edward Elgar Publishing "Methamphetamine: A Love Story presents an insider's view into the lived experience of immersion in the world of methamphetamine. In-depth interviews were conducted with 33 adults formerly immersed in using, dealing, and manufacturing . Detailed accounts bring insight into the intoxicating aspects of the lifestyle including sex, money,</p>	<p>power, and the ability to create methamphetamine. Social networks and environment play an important role in shaping and influencing drug-related decisions. The transformation of the lifestyle from one that is intoxicating to one that becomes risky and ultimately dark explains the unsustainability and the challenges exiting the life"--Provided by publisher. <i>Forensic Pathology for Police, Death Investigators,</i></p>	<p><i>Attorneys, and Forensic Scientists</i> Mulholland Books This book is interesting, innovative, and inspiring. It opens your eyes to a realm of information that is very vital and very helpful. You will see how relevant it is today! The title of this book gives you the insight of the dangers and challenges children, teenagers, young adults, and parents have to face on a daily basis. Take</p>

Care of the Children in Your Own Backyard is a must-have and a great need in society.

Methland
Bloomsbury Publishing USA
Resident Alien — starring Alan Tudyk in the lead role — is soon to be a SyFy Television Show in Summer 2020! Dr. Harry Vanderspeigle --a stranded alien explorer hiding in plain sight--has been posing as doctor and solving crimes in the small town of Patience, Washington. After Harry accidentally exposes himself to investigators who are on his trail, a mysterious arsonist and a stubborn federal agent arrive in town to heat things up! The local sheriff must decide if he'll remain loyal to his inquisitive friend Harry, and nurse Asta finally realizes the danger she and Harry are both in. Peter Hogan (2000 AD, Tom Strong) and Steve Parkhouse (Milkman Murders, Doctor Who) continue their unique, acclaimed science-fiction/murder-mystery series! Praise for previous volumes of Resident Alien: "A pitch-perfect narrative from two of my favourite creators." - Alan Moore "One of the most charming and wonderful comics being published today." -Jeff Lemire "A series that only gets

stronger and better with each installment." - Comic Bastards *The Alchemy of Meth* Jones & Bartlett Publishers Forensic Pathology for Police, Death Investigators, Attorneys, and Forensic Scientists is a forensic pathology book specifically written for professionals who interact with forensic pathologists. The book includes sections that address various general topics

which are not normally present in the typical forensic pathology text, such as descriptions of medical, pathology and forensic pathology training, basic anatomy and physiology, an overview of other forensic science disciplines, and autopsy performance. Forensic Pathology for Police, Death Investigators, Attorneys, and Forensic Scientists also covers classic topics in forensic pathology,

including death investigation, death certification, postmortem changes, and the entire range of case types, ranging from natural deaths to drug-related deaths to various types of violent death. The text is written in easy-to-understand language, and is complemented by hundreds of high-quality photographs. *Methamphetamine* Trafford Publishing Sander's Paramedic Textbook,

Fifth Edition reflects the 2015 ECC and CPR guidelines and meets and exceeds the National EMS Education Standard for the Paramedic level. Based on current medical evidence and written at a level that elicits higher-order thinking, the Fifth Edition provides a comprehensive learning tool for paramedic students and a reliable desk reference for emergency physicians.

Super Easy Meth Recipes You

Can Make at Home: Inappropriate, Outrageously Funny Joke Notebook Disguised as a Real 6x9 Paperback - Fool Your Friends Wi
Routledge Thoroughly revised and updated, *Drugs and Society*, Eleventh Edition, contains the most current information available concerning drug use and abuse. Written in an objective and user-friendly manner, this best-selling

text continues to captivate students by taking a biological approach to the impact of drug use and abuse on the lives of ordinary people. The Eleventh Edition incorporates the authors' combined expertise in pharmacology, drug abuse, and sociology and extensive experience in research, teaching, drug policy-making, and drug policy implementation and includes hundreds of new citations

that reflect the current state of drug abuse issues and the rapidly changing issues of substance abuse/addiction.

Meet the Deplorables Bloomsbury Publishing USA
Maggy Thorsen, cynic extraordinaire, has a few things to feel optimistic about lately. After her original coffeehouse, *Uncommon Grounds*, was destroyed in a freak May blizzard, Maggy and

her best friend, Sarah Kingston, have found the perfect spot to relocate - right next to the new commuter train in Milwaukee. After successfully securing the spot, Maggy and Sarah plan to piggyback the city's celebrations for the train and re-open *Uncommon Grounds* on the same day. In fact, Maggy's feeling so positive, she even digs deep in her budget and

hires a giant inflatable coffee cup to attract more notice to her grand reopening. All seems to be running right according to plan...until Maggy's event manager is found dead - and now Maggy must find the killer before the killer finds her!!
Napalm Harvard University Press
Best Book of 2020 New York Times | NPR | New York Post
"This hushed suspense tale about

thwarted dreams of escape may be her best one yet . . . Its own kind of masterpiece." --Maureen Corrigan, *The Washington Post* "A new Tana French is always cause for celebration . . . Read it once for the plot; read it again for the beauty and subtlety of French's writing." --Sarah Lyall, *The New York Times* Cal Hooper thought a fixer-upper in a bucolic Irish village would be the perfect escape. After

twenty-five years in the Chicago police force and a bruising divorce, he just wants to build a new life in a pretty spot with a good pub where nothing much happens. But when a local kid whose brother has gone missing arm-twists him into investigating, Cal uncovers layers of darkness beneath his picturesque retreat, and starts to realize that even small towns shelter dangerous

secrets. "One of the greatest crime novelists writing today" (*Vox*) weaves a masterful, atmospheric tale of suspense, asking how to tell right from wrong in a world where neither is simple, and what we stake on that decision.

Understanding Drug Dealing and Illicit Drug Markets

Greenhaven Publishing LLC
The brains of the biggest action star in the world are sprayed against a

seedy apartment wall. It's not how Detective Nick Archer wanted to start his day. Movie star, Low Seward, has just been found shot in a dirty Skid Row hovel. Nick only has two leads--a packet of mysterious purple powder found on the victim and a set of whacked out witnesses glued to the floor. Outside, roaming the dark streets of Los Angeles, Ray Cobb wants nothing more than a dry place to

sleep. But his night is far from over. A body has been dumped in his Chinatown squat and Ray is the only suspect in the killing. To clear his name, he must turn to his old friend, Nick. But Ray is going to have to prove his innocence without Nick's help. Ray and Nick's investigations collide as they slide deep into a pulp noir world of drugged out Hollywood-types, indentured Ukrainian hitmen, and a

fastidious florist prone to kidnapping. Mistakes from the past resurface and both men learn reckless decisions can have dire consequences . The Last Dance of Low Seward is the second volume of Brad Grusnick's Vagrant Mystery Series, a modern noir exploring the underbelly of Los Angeles. Be sure to pick up Book 1 in the series, The Last Will and Testament of Ernie Politics.

Drugs and Society

Oxford University Press, USA
 This new edition provides complete coverage of prehospital care in a single, comprehensive text. It explains the paramedic's role, the unique characteristics of prehospital care & emergency care of acutely ill & traumatically injured patients.
Drugs and Society SAGE
 The book describes

phasing techniques in modern crystallography. The main text is dedicated to their simple description, and further mathematical details are contained in the appendices. Practical aspects are described for each specific method, making it a useful tool for the daily work of practising crystallographers.
The Methamphetamine Industry in America
 Titan Books (US, CA)

This book provides a comprehensive overview of drug policy in the United States from the early 1900s through the present day, providing historical and social context through the telling of the colorful and often tragic stories of the events and individuals throughout this period. Substance Abuse in America: A Documentary and Reference Guide examines the history of U.S. drug policy chronologically.

y, from the early 1900s through the current day, covering topics such as patent medicines, Prohibition, Reefer Madness, the psychedelic '60s, Nixon's War on Drugs, and the powerful warring Mexican drug cartels that currently threaten political instability in that country. This book provides a comprehensive overview of U.S. drug policy that will fascinate general

readers and benefit those in the field of substance abuse treatment or policy. Each chapter includes an analysis of a primary source document that serves to illuminate drug policy in America at a particular point in time as well as the reasons for the waxing and waning popularity of various drugs. The author provides accurate historical context that explains perceptions

about substance abuse in American history, and draws compelling parallels across different time periods to show that much of what may seem new and unique for the present generation actually has a historical precedent. Inside Ethnography University of California Press Meth...crank...ice...No matter what you call it, methamphetamine is an

extremely addictive drug. It is expensive and gives users what appears to endless energy. Authors Marylou Ambrose and Veronica Deisler look at the epidemic spread of methamphetamine abuse in the United States. Personal stories and the latest statistics bring the deadly impact of this drug into focus. Fixit Penguin Galax, a small Virginia town at the foot of the Blue Ridge

Mountains, was one of the first places that Henry H. Brownstein, Timothy M. Mulcahy, and Johannes Huessy visited for their study of the social dynamics of methamphetamine markets—and what they found changed everything. They had begun by thinking of methamphetamine markets as primarily small-scale mom-and-pop businesses operated by individual cooks who served local

users—generally stymied by ever more strenuous laws. But what they found was a thriving and complex transnational industry. And this reality was repeated in towns and cities across America, where the methamphetamine market was creating jobs and serving as a focus for daily lives and social experience. The Methamphetamine Industry in America describes the reality that the

methamphetamine industry is a social phenomenon connecting local, national, and international communities and markets. The book details the results of a groundbreaking three-stage study, part of a joint initiative of the National Institute on Drug Abuse and the National Institute of Justice, in which police agencies across the United States were surveyed and their responses

used to identify likely areas of study. The authors then visited these areas to observe and interview local participants, from users and dealers to law enforcement officers and clinical treatment workers. Through the eyes and words of these participants, the book tells the story of the evolution of methamphetamine markets in the United States over the past several years,

given changes in public policies and practices and changing public opinion about methamphetamine. The authors look closely at how the markets are part of a larger industry, how they are socially organized, and how they operate. They also consider the relationships among the people involved and those around them, and the national, regional, and local culture of the markets.

Their work demonstrates the importance of understanding the business of methamphetamine—and by extension other drugs in society—through a lens that focuses on social behavior, social relationships, and the cultural elements that shape the organization and operation of this illicit but effective industry.

Blood Sisters
Jones & Bartlett Publishers
An all-new

crime novel featuring homicide detective Sarah Linden. The Killing is based on the wildly successful Danish television series Forbrydelsen and tells the story of the murder of a young girl in Seattle and the subsequent police investigation. It ties together three distinct stories around a single murder including the detectives assigned to the case, the victim's

grieving family, and the suspects. Set in Seattle, the story also explores local politics as it follows politicians connected to the case. As the series unfolds, it becomes clear that there are no accidents; everyone has a secret, and while the characters think they've moved on, their past isn't done with them.

Phasing in

Crystallography

Crossroad Press

This book examines the drug dealer in contemporary society from an interdisciplinary perspective and considers the increasingly blurred demarcation between illegitimate and legitimate drug markets. It explores the motives and drivers of those involved in drug supply and dispels common and stereotypical myths and misconceptions surrounding illegal drug

markets and those who operate within them. The drug dealer has become one of our foremost contemporary 'folk devils'. Those who trade in substances prohibited by law are the subject of array of inaccurate myths and urban legends. Criminology has tended either to shoehorn drug dealers into neat typologies or portray them as 'victims' of an uncaring, predatory

post-modern society. In reality, we know relatively little about the complex and diverse world of drug markets and our concentration inevitably falls on low-end 'retail' dealers who operate in the most visible sectors of the illegal economy. Bringing together an international group of experts, this book considers perspectives from around the world, including UK, USA, South

America, Spain, India and Australia. This book will be of interest to students and researchers across criminology, law, sociology, criminal justice and public health, and will be essential reading for those taking courses on drugs, drug markets and substance misuse. The Searcher Bloomsbury Publishing USA A New York Times Bestseller Winner of the Chicago

Tribune Heartland Prize Winner of the Hillman Prize for Book Journalism Named a best book of the year by: the Los Angeles Times the San Francisco Chronicle the Saint Louis Post-Dispatch the Chicago Tribune the Seattle Times "A stunning look at a problem that has dire consequences for our country."-New York Post The dramatic story of Methamphetamine as it comes to the American

Heartland-a timely, moving, account of one community's attempt to confront the epidemic and see their way to a brighter future. Crystal methamphetamine is widely considered to be the most dangerous drug in the world, and nowhere is that more true than in the small towns of the American heartland. Methland is the story of the drug as it infiltrates the community of Oelwein, Iowa (pop. 6,159), a once-thriving

farming and railroad community. Tracing the connections between the lives touched by meth and the global forces that have set the stage for the epidemic, Methland offers a vital and unique perspective on a pressing contemporary tragedy. Oelwein, Iowa is like thousand of other small towns across the county. It has been left in the dust by the consolidation of the agricultural

industry, a depressed local economy and an out-migration of people. If this wasn't enough to deal with, an incredibly cheap, long-lasting, and highly addictive drug has come to town, touching virtually everyone's lives. Journalist Nick Reding reported this story over a period of four years, and he brings us into the heart of the town through an ensemble cast of intimately drawn

characters, including: Clay Hallburg, the town doctor, who fights meth even as he struggles with his own alcoholism; Nathan Lein, the town prosecutor, whose case load is filled almost exclusively with meth-related crime, and Jeff Rohrick, who is still trying to kick a meth habit after four years. Methland is a portrait of a community under siege, of the lives the drug has devastated, and of the

heroes who continue to fight the war. It will appeal to readers of David Sheff's bestselling *Beautiful Boy*, and serve as inspiration for those who believe in the power of everyday people to change their world for the better.
