This book contains notes and exercises based on his many years of experience working with pupils aged between five and ten years. Written with simplified drum notation, the exercises in this book only contain grooves and rudiments with minims, crotchets and quavers. The Junior Drummers Bible teaches children the basics of drumstick grip, notation (time signatures, note and rest values, and dynamics) and the first rudiments. The author extensively covers popular music styles including Latin, Samba, Rumba, Rock, Funk, Blues and Swing, Soul, Disco and Punk and shows pupils which grooves can be played with the different instruments of the drum kit. The chapters are structured so that as you work through the book, the exercises

are gradually expanded with additional instruments. A chapter on advanced concepts and fully notated solos in different music styles gives students an insight into how the drum kit can be used as a solo or accompanying instrument. Teachers can use this book in their lessons to show modern concepts in simplified notation. Includes CD.

Joe Bonamassa - Blues of Desperation Songbook Adele - 25 Songbook

Please note - these are not "politically correct" tales. . In the Queen of Fairies (in the original, The Fairy of Fairies) as also in The Enchanted Prince, the plain-spoken expression has in several places been somewhat toned down. In all these cases the translator has cravenly yielded to the fear of

bruising the delicate susceptibilities of civilized folks, who, while not exactly more moral, are certainly more squeamish than the artless old-world peasant. The book contains 7 original Romanian tales, as published in 1870s by Petre Ispirescu, as well as their English translation.
