*Analysis and Approaches  
for IBDP Mathematics  
Book 1* Oxford University  
Press, USA  
Build solid mathematical  
understanding and  
develop meaningful  
conceptual connections.  
The inquiry-based  
approach holistically  
integrates the MYP key  
concepts, helping you

shift to a concept-based  
approach and cement  
comprehension of  
mathematical principles.  
Fully comprehensive and  
matched to the Revised  
MYP, this resource builds  
student potential at MYP  
and lays foundations for  
cross-curricular  
understanding. Using a  
unique question cycle to  
sequentially build skills  
and comprehension, units  
introduce factual  
questions, followed by  
concept-based questions

and conclude with  
debatable questions. This  
firm grounding in inquiry-  
based learning equips  
learners to actively  
explore mathematical  
concepts and relate them  
to the wider 21st Century  
world, strengthening  
comprehension. Progress  
your learners into IB  
Diploma - fully  
comprehensive and  
matched to the Revised  
MYP Develop conceptual  
understanding in the best  
way for your learners -

learn by mathematical unit or by key concept Drive active, critical ex Individuals and Societies for the IB MYP 3 Corwin Press

A concept-driven and assessment-focused approach to Individual and societies teaching and learning. - Approaches each chapter with statements of inquiry framed by key and related concepts, set in a global context - Supports every aspect of assessment using tasks designed by an experienced MYP educator - Differentiates

and extends learning with research projects and interdisciplinary opportunities - Applies global contexts in meaningful ways to offer an MYP Individual and societies programme with an internationally-minded perspective *MYP Mathematics 2* Oxford University Press, USA A concept-driven and assessment-focused approach to Mathematics teaching and learning. - Approaches each chapter with statements of inquiry framed by key and related

concepts, set in a global context - Supports every aspect of assessment using tasks designed by an experienced MYP educator - Differentiates and extends learning with research projects and interdisciplinary opportunities - Applies global contexts in meaningful ways to offer an MYP Mathematics programme with an internationally-minded perspective Individuals and Societies for the IB MYP 4&5: by Concept Hodder Education

This is the fourth book in the five book International Mathematics for the Middle Years series. Each full-colour student book in the series comes with an interactive student CD and includes access to online resources for both teachers and students. International Mathematics for the Middle Years has been developed with the international student in mind. This series is particularly beneficial to students studying the International Baccalaureate Middle Years Program. All

examples and exercises take an international viewpoint, giving students an opportunity to learn Mathematics with a global perspective. The content is appropriate for international curricula and will meet the needs of all middle school students studying Mathematics.

2017 A concept-driven and assessment-focused approach to Mathematics teaching and learning. - Approaches each chapter with statements of inquiry framed by key and related concepts, set in a global context - Supports every aspect of assessment using tasks designed by an experienced MYP educator - Differentiates and extends learning with research projects and interdisciplinary opportunities - Applies global contexts in meaningful ways to offer an MYP Mathematics

programme with an internationally-minded perspective Rita Bateson was, until very recently, the Curriculum Manager for MYP Mathematics and Sciences at the International Baccalaureate® (IB) and continues to be involved in curriculum review. She is an experienced teacher of MYP and DP Mathematics and Sciences, and is Head of Mathematics in her current school. She has taught in many international schools in Europe as well as North

America. Her interests include overcoming mathematics anxiety in pupils and STEM education. She is also the author of MYP by Concept 4&5 Mathematics. Irina Amlin has been an MYP Mathematics educator and department head, the Chair and frequent presenter of the island-wide Bermuda Math Educators' Learning Network, and has been involved in IB curriculum development and assessment activities. Her primary area of focus is illustrating the relevance

of mathematics in the everyday world around us, and guiding students to experience its applications across many disciplines. She is also the author of *Mathematics for the International Student* Oxford University Press - Children  
Exam Board: IB Level:

**Mathematics - Analysis and Approaches** Hodder Education  
 This brand new series puts learners in charge with an exploratory inquiry-led approach to MYP Mathematics. Each full-colour book and accompanying eBook contains detailed worked examples, reflections, differentiated exercises, and check your knowledge questions to put learning into practice. Clear links to key concepts, related

concepts and global contexts in addition to statements of inquiry and inquiry questions for each chapter. ATLs identified throughout. Investigations encourage learners to seek knowledge and develop ATL skills. Written by an international team of highly experienced authors and teachers, and led by Series Editor, Ibrahim Wazir, this new series matches the 2020 Subject Guide. Oxford University Press, USA  
 Developed directly with the IB to be fully

integrated with the revised MYP Mathematics framework, for first teaching in 2020. This comprehensive, inquiry-based resource empowers students to develop a deep and engaged understanding of mathematics. MYP Mathematics 4&5 Extended takes learners beyond the MYP Mathematics 4&5 Standard resource, providing opportunities to master more advanced mathematical concepts and skills, and laying the foundations for Higher

Level Mathematics at IB Diploma. The inquiry-led, concept-based approach combined with links to global contexts equips learners to acquire and practice essential knowledge and skills while exploring the wider applications of mathematics. Fully comprehensive, the resource addresses all the topics suggested in the MYP Extended Mathematics Skills Framework, including the enrichment topics.
