French-Indigenous
families were a central
force in shaping Detroit's
history. Detroit's Hidden
Channels: The Power of
French-Indigenous
Families in the Eighteenth
Century examines the role
of these kinship networks
in Detroit's development
as a site of singular
political and economic
importance in the
continental interior.
Situating where
Anishinaabe, Wendat,
Myaamia, and later
French communities were
established and where the
system of waterways
linking the Atlantic Ocean
to the Gulf of Mexico
narrowed, Detroit's
location was its primary
attribute. While the

French state viewed
Detroit as a decaying site
of illegal activities, the
influence of the French-
Indigenous networks grew
as members diverted
imperial resources to
bolster an alternative
configuration of power
relations that crossed
Indigenous and Euro-
American nations. Women
furthered commerce by
navigating a multitude of
gender norms of their
nations, allowing them to
defy the state that sought
to control them by holding
them to European ideals
of womanhood. By the
mid-eighteenth century,
French-Indigenous
families had become so
powerful, incoming British
traders and imperial
officials courted their
favor. These families
would maintain that
power as the British
imperial presence
splintered on the eve of
the American Revolution.

Les guerres du bio
Martinus Nijhoff Publishers
« Il y a 20 ans, le bio est
entré massivement dans
nos vies. Au départ, la
promesse tenait plutôt du
projet néo-hippie. Qui
aurait voulu se nourrir des
lentilles et betteraves, qui
nous rappelaient les
affreux plateaux repas de
nos cantines d'écoliers ?
Qui aurait parié sur des
hamburgers au tofu ?
Personne n'aurait proposé
en fin de repas une tisane
à ses invités, à part nos
grands-mères. Le bio,
c'était une lubie réservée
aux extrêmes : stars
américaines illuminées ou
vieux babacools sur le
retour. »S.Q. Malgré sa
démocratisation, le bio
suscite encore de la
méfiance : prix prohibitifs,
produits importés de
l'étranger, cahier des
charges européens qui
tolère la présence
résiduelle d'OGM... depuis
que les géants de l'agro-
alimentaire ont pénétré
ce marché plein de
promesses, le bio semble
être entré en guerre
contre lui-même. Et le

consommateur est perdu. Comment faire la différence entre les produits bio achetés chez Biocoop, Naturalia ou Carrefour ? Quelle réalité se cache derrière les tomates bio d'Espagne que nous trouvons, même en hiver, sur les étals des grandes surfaces ? Comment sont-elles cultivées ? Par qui ? Qu'est devenu le projet défendu par les pionniers du bio qui, bien plus qu'une agriculture sans pesticide, voulaient une économie fondée sur la transparence, respectueuse de la terre, des animaux et des ouvriers agricoles ? Des hangars de Rungis aux épiceries spécialisées, des fermes éthiques aux cultures intensives d'Espagne, Stenka Quillet mène l'enquête dans les coulisses du bio avec, comme horizon, cette question essentielle : quelle société voulons-nous pour nous-même et nos enfants ?

Geografiska Annaler
Rookwood Press
This book is the "greatest hits" compilation of more than 100 French books, journals, papers and articles. It contains more than 15000 key French economic, legal, medical, military, political, scientific, sociological

terms and colloquial phrases. It also contains important abbreviations. One look will convince you, the student or interpreter, of the value of this work!

Bibliotheca Americana
Trafford Publishing
This book undertakes an investigation of European literary multilingualism in the 19th century, particularly the period from 1800 to 1880. It covers writers and works from a broad range of linguistic and geographic contexts, going from France to Russia, from Finland to Italy, and beyond. Cet ouvrage se propose d'explorer le plurilinguisme littéraire dans l'Europe du XIXe siècle, notamment durant la période allant de 1800 à 1880. Il traite d'écrivains et d'œuvres littéraires provenant de divers contextes linguistiques et géographiques, de la France à la Russie, de la Finlande à l'Italie et au-delà.

An English - French Military Dictionary Rodopi
A major scholarly re-evaluation of the central period in the French 'wars of religion', concentrating on the reactions of France's governing groups to these wars and drawing extensively on sources

not hitherto examined to illuminate the sense of crisis that existed among the French governing elite at this time.
