Due parole sul titolo di questo libretto. Quasi alla lettera è la traduzione italiana di un'opera assolutamente esemplare di un grande giurista inglese, Tom Bingham, che si è occupato di come le leggi esercitano la loro funzione. In queste pagine tento di chiarire come le leggi stesse vanno governate. Osservatori dell'esistente giuridico: diversa l'angolazione. Bingham raggiunge in pieno il suo intento. Quanto a me, cerco di farcela. In comune l'ingenua speranza che di entrambi i punti di vista si avvalga un benintenzionato operatore.

The current European Union is too often presented as the perfect realisation of a Europe of the people and freedom. The present essay overturns the common way to understand this reality. A triumph of capitalism, which has now become absolute, the creation of the European Union has in fact proceeded to destabilise the hegemony of the political. It has paved the road to an irresistible

cycle of privatisations and cuts to public spending, to forced precarisation of labour and to an ever-more sharp reduction of social rights, inflicting economic violence upon the subaltern and the most economically deprived. For this reason, the only way to re-imagine the future, to vindicate the people and work, and to continue the struggle that was Marx's and Gramsci's, is to move from a radical critique of finance and the Euro.

The Zulu Army of Birmingham City occupies a unique place in the annals of terrace violence: Britain's biggest multi-racial football firm. BBC Journalist Caroline Gall was granted unprecedented access to the gang and spent a year interviewing Zulu leaders and footsoldiers. She traces how they emerged from a shadowy group called the Apex on the St Andrew's terraces to become one of the "top five" mobs in the country, uncovers their role in some of the worst football-related riots of modern times and looks in-depth at Operation Red Card, the successful police operation against them. Gall also traces the emergence of offshoot gangs such as the Junior Business Boys and chronicles some of their major confrontations, culminating in the infamous Battle Of Rocky Lane. "At last, a book that deals with football hooligan culture without tabloid sensationalism." KNAVE

It was the look and the attitude that defined the UK in the 1980s. It was "a culture unto its own" that brought with it an unforgettable style that was as important as the team. It was about confrontation and being involved, a good fight and being part of the mob. This was the Casual movement—a new breed of soccer fan, bringing with them a new way to terrorize the terraces. Scotland led the way, and of them all, Aberdeen soccer club's Aberdeen Soccer Casuals (the ASC) became the most notorious, most feared, and most copied mob in the country. Told from a unique perspective at the heart of the action, this is their explosive and exhilarating story. Juventus are the most successful team using the 3-5-2 formation in modern football. Juve have won 4 consecutive Serie A league titles including an unbeaten run of 49 games, 1 Coppa Italia and reached the Champions League final in 2014. Juventus are a very successful attacking team that focus on exploiting their numerical advantage at the back, patient build up play, pushing many players into advanced positions and finally creating and exploiting space in behind the defensive line. Athanasios Terzis is a successful author of some of the best-selling Football Coaching books, most notably with 'Jurgen Klopp's Attacking and Defending Tactics' and 'FC Barcelona Training Sessions' which won the Italian FA Award for "Best Coaching Book" in 2014. In this book the popular author presents a full and extensive analysis of the Juventus 3-5-2 formation during the 2013-14 season. This tactical blueprint is clearly presented with supporting diagrams and detailed descriptions of the attacking phase, the transition from attack to defence and the transition from defence to attack which enable you to discover exactly how Juventus played in these phases of the game, providing the positioning and movement of the players in all possible game situations. This detailed analysis has been used to produce 21 full training sessions (60 practices) including functional practices, opposed/unopposed zone play, transition games, game situations and small sided games. This will enable you to coach your team to attack like one of the most successful teams in Europe.
