GUERRA BRODERICK

Music for Concert Band University of Toronto Press
With warmth and humor, tuba virtuoso Harvey Phillips tells the story of his amazing life and career from his Missouri childhood through his days as a performer with the King Brothers and the Ringling Bros. and Barnum & Bailey circuses, his training at the Juilliard School, a stint with the US Army Field Band, and his freelance days with the New York City Opera and Ballet. A founder of the New York Brass Quintet, Phillips served as vice president of the New England Conservatory of Music and became Distinguished Professor of Music at Indiana University. The creator of an industry of TubaChristmases, Octubafests, and TubaSantas, he crusaded for recognition of the tuba as a serious

musical instrument, commissioning more than 200 works. Enhanced by an extensive gallery of photographs, Mr. Tuba conveys Phillips's playful zest for life while documenting his important musical legacy.

This is the first comprehensive study of the trombone in English. It covers the instrument, its repertoire, the way it has been played, and the social, cultural, and aesthetic contexts within which it has developed. The book explores the origins of the instrument, its invention in the fifteenth century, and its story up to modern times, also revealing hidden aspects of the trombone in different eras and countries. The book looks not only at the trombone within classical music but also at its place in jazz, popular music, popular religion, and light music. Trevor Herbert examines each century of the trombone's development and details the fundamental impact of jazz on the modern trombone. By the late twentieth century, he shows, jazz techniques had filtered into the performance idioms of almost all styles of music and transformed ideas about virtuosity and lyricism in trombone playing.

David McGill has assembled an exhaustive study that uses the musical concepts of the legendary Marcel Tabuteau as a starting

point from which to develop musical thought. McGill methodically explains the frequently misunderstood "Tabuteau number system" and its relationship to note grouping-the lifeblood of music. The controversial issue of baroque performance practice is also addressed. Instrumentalists and vocalists alike will find that many of the ideas presented in this book will help develop their musicianship as well as their understanding of what makes a performance "musical."

"Powerful . . . equal parts heartwarming and heart-wrenching. White is a gifted storyteller." —Washington Post From the streets of Baltimore to the halls of the New Mexico Philharmonic, a musician shares his remarkable story in *I'm Possible*, an inspiring memoir of perseverance and possibility. Young Richard Antoine White and his mother don't have a key to a room or a house. Sometimes they have shelter, but they never have a place to call home. Still, they have each other, and Richard believes he can look after his mother, even as she struggles with alcoholism and sometimes disappears, sending Richard into loops of visiting familiar spots until he finds her again. And he always does—until one night, when he almost dies searching for her in the snow and is taken in by his adoptive grandparents. Living with his grandparents is an adjustment with rules and routines, but when Richard joins band for something to do, he unexpectedly discovers a talent and a sense of purpose. Taking up the tuba feels like something he can do that belongs to him, and playing music is like a light going on in the dark. Soon Richard gains acceptance to the prestigious Baltimore School for the Arts, and he continues thriving in his musical studies at the Peabody Conservatory and beyond, even as he navigates racial and socioeconomic disparities as one of few Black students in his programs. With fierce determination, Richard pushes forward on his remarkable path, eventually securing a coveted spot in a symphony orchestra and becoming the first African American to earn a doctorate in music for tuba performance. A professor,

mentor, and motivational speaker, Richard now shares his extraordinary story—of dreaming big, impossible dreams and making them come true.

The Horns of Valhalla Flatiron Books

"The Reiter brothers, Josef and Xaver, were true heroes of the horn, having filled solo positions in the Munich Opera, other European orchestras in Sondershausen, Hannover, Karlsruhe and the Bayreuth Festival, before coming to America in the latter half of the 1880s. Here they were solo horns of the Boston Symphony Orchestra, the Metropolitan Opera, the New York Symphony with Damrosch, Scheel's Orchestra of San Francisco, the Cincinnati Symphony Orchestra, the first season of the Philadelphia Orchestra, and finally the New York Philharmonic with Gustav Mahler and Josef Stransky. They appeared as soloists with several of these orchestras. The older brother, Josef, returned to Munich and left us rather early in 1909, but Xaver, with his hair down to his shoulders, lived on in Valhalla, New York, until 1938, a real character to the end of his life!"--Page 4 of cover.

Mastering the Trombone Balquhider Music/Glen Lyon

A New York Times Bestseller Less a mystery unsolved than a secret well kept... Using new technology, recently discovered documents and sophisticated investigative techniques, an

international team—led by an obsessed retired FBI agent—has finally solved the mystery that has haunted generations since World War II: Who betrayed Anne Frank and her family? And why? Over thirty million people have read *The Diary of a Young Girl*, the journal teen-aged Anne Frank kept while living in an attic with her family and four other people in Amsterdam during World War II, until the Nazis arrested them and sent them to a concentration camp. But despite the many works—journalism, books, plays and novels—devoted to Anne's story, none has ever conclusively explained how these eight people managed to live in hiding undetected for over two years—and who or what finally brought the Nazis to their door. With painstaking care, retired FBI agent Vincent Pankoke and a team of indefatigable investigators pored over tens of thousands of pages of documents—some never before seen—and interviewed scores of descendants of people familiar with the Franks. Utilizing methods developed by the FBI, the Cold Case Team painstakingly pieced together the months leading to the infamous arrest—and came to a shocking conclusion. *The Betrayal of Anne Frank: A Cold Case Investigation* is the riveting story of their mission. Rosemary Sullivan introduces us to the investigators, explains the behavior of both the captives and their captors and profiles a group of suspects. All the while, she vividly brings to life wartime Amsterdam: a place where no matter how wealthy, educated, or careful you were, you never knew whom you could trust.

Accent on Achievement, Book 2 Schirmer Books

Edward Kleinhammer, author of *The Art of Trombone Playing*, joined the Civic Orchestra, the training orchestra for the Chicago Symphony, in 1940. After two years he was accepted by the Chicago Symphony Orchestra, where he remained for his entire career until he retired in 1985. He has played under every Chicago Symphony Orchestra conductor, covering from Frederick Stock to Sir Georg Solti. In 1986 he received the Distinguished Service Award from the International Trombone Association. While Kleinhammer states that his book "is written for the student who has no teacher available or for the teacher seeking more fundamental knowledge of the field of trombone playing," he emphasizes that it is also "for the trombonist (in any stage of proficiency) who is always a student."
