The first-ever U.S. edition of this delightful gem based on a letter Joyce wrote to his grandson, revealing the modernist master's playful side—filled with one-of-a-kind illustrations—the perfect gift for Joyce fans and cat lovers alike. The *Cats of Copenhagen* was first written for James Joyce's most beloved audience, his only grandson, Stephen James Joyce, and sent in a letter dated September 5, 1936. Cats were clearly a common currency between Joyce and his grandson. In early August 1936, Joyce sent Stephen “a little cat filled with sweets”—a kind of Trojan cat meant to outwit grown-ups. A few weeks later, Joyce penned a letter from Copenhagen that begins “Alas! I cannot send you a Copenhagen cat because there are no cats in Copenhagen.” The letter reveals the modernist master at his most playful, yet Joyce's Copenhagen has a keen, anti-authoritarian quality that transcends the mere whimsy of a children's story. Only recently rediscovered, this marks the inaugural U.S. publication of *The Cats of Copenhagen*, a treasure for readers of all ages. A rare addition to Joyce's known body of work, it is a joy to see this exquisite story in print at last.

The defeat of the Scots in the Battle of Flodden in 1513 left many of the leaders of Scottish society, including King James IV, lying dead on the battlefield. The long and complex minority of King James V which followed is explored in detail in this book, bringing understanding to the evolving relationships among the Scots, English and French against the background of the wider European context of the early sixteenth century. The competing interests of England and France were personified in two of the Scottish Regents: Queen Margaret Tudor, the sister of Henry VIII, and John, Duke of Albany, James V's nearest male heir, who had been brought up in France and represented the French connection as much as the Scots. The interests of leading Scots' families, the Hamiltons and the Douglasses, were also at the heart of the power struggle. The book offers a rare insight into a turbulent period of Scottish politics.

*New Grub Street*: Large Print by George Gissing For many readers *New Grub Street* is Gissing's masterpiece. If this is not accepted, it remains beyond doubt one of his most interesting and most powerful novels. As a realistic picture of the literary in late Victorian England, *New Grub Street* has few rivals. There is much of Gissing himself, his idealism, pride, impracticality, in Edwin Reardon the study of the creative artist oppressed by poverty bears the stamp of bitter experience. Of the other characters, pedantic Alfred Yule, the humble scholar Biffen, ambitious and worldly Jasper Milvain are still recognizable literary types. *New Grub Street* is a sombre and moving story, cynical in its conclusions, but deriving from its close observation and deep integrity a lasting importance for students of character and period.

Suzanne Farrell, world-renowned ballerina, was one of George Balanchine's most celebrated muses and remains a legendary figure in the ballet world. This memoir, first published in 1990 and reissued with a new preface by the author, recounts Farrell's transformation from a young girl in Ohio dreaming of greatness to the realization of that dream on stages all over the world. Central to this transformation was her relationship with George Balanchine, who invited her to join the New York City Ballet in the fall of 1961 and was in turn inspired by her unique combination of musical, physical, and dramatic gifts. He created masterpieces for her in which the limits of ballet technique were expanded to a degree not seen before. By the time she retired from the stage in 1989, Farrell had achieved a career that is without precedent in the history of ballet. One third of her repertory of more than 100 ballets were composed expressly for her by such notable choreographers as

Balanchine, Jerome Robbins, and Maurice Bejart. Farrell recalls professional and personal attachments and their attendant controversies with a down-to-earth frankness and common sense that complements the glories and mysteries of her artistic achievement.

 Annually published since 1930, the International Bibliography of Historical Sciences (IBOHS) is an international bibliography of the most important historical monographs and periodical articles published throughout the world, which deal with history from the earliest to the most recent times. The IBOHS is thus currently the only continuous bibliography of its kind covering such a broad period of time, spectrum of subjects and geographical range. The works are arranged systematically according to period, region or historical discipline, and alphabetically according to authors names or, in the case of anonymous works, by the characteristic main title word. The bibliography contains a geographical index and indexes of persons and authors.

 Art and Gentrification in the Changing Neoliberal Landscape brings together various disciplinary perspectives and diverse theories on art's dialectical and evolving relationship with urban regeneration processes. It engages in the accumulated discussions on art's role in gentrification, yet changes the focus to the growing phenomenon of artistic protests and resistance in the gentrified neighborhoods. Since the 1980s, art and artists' roles in gentrification have been at the forefront of urban geography research in the subjects of housing, regeneration, displacement and new urban planning. In these accounts the artists have been noted to contribute at all stages of gentrification, from triggering it to eventually being displaced by it themselves. The current presence of art in our

neoliberal urban spaces illustrates the constant negotiation between power and resistance. And there is a growing need to recognize art's shifting and conflicting relationship with gentrification. The chapters presented here share a common thesis that the aesthetic reconfiguration of the neoliberal city does not only allow uneven and exclusionary urban redevelopment strategies but also facilitates the growth of anti-gentrification resistance. The book will be of interest to scholars working in art history, urban cultures, cultural geography and urban studies as well as contemporary art practitioners and policymakers.

The American debut of one of Granta's Best Young Spanish-Language Novelists, *My Fathers' Ghost Is Climbing in the Rain* is a daring and deeply affecting story of one Argentine family's buried secrets. When a young writer returns home to visit his dying father, he finds himself drawn into an obsessive search for a local man gone missing. As the truth—not only about his father but an entire generation—comes to light, the narrator is forced to confront the ghosts of Argentina's dark political past, as well as long-hidden memories about his own family's history. Powerful and audacious, this semi-autobiographical novel is a thoroughly original story of corruption and responsibility, of history and remembrance, from one of South America's most important new writers.

This is the first complete biography of one of the most brilliant fifteenth-century monarchs, Alfonso V of Aragon. Ryder traces Alfonso's life from his childhood in the chivalric world of Castile to the newly-acquired states of Aragon and his subsequent accession to the Aragonese throne. In addition to being a shrewd politician, Alfonso is revealed to have been an accomplished diplomat, acutely aware of the power of commerce, and one of the greatest patrons of the early Renaissance. He brought humanism to life in Southern Italy and made his court the most brilliant in Europe. Offering not only an insightful look at Alfonso's life but a vivid portrait of political and cultural life during his reign, this volume will hold special appeal for scholars and students of early modern European history, fifteenth-century Italian and Spanish history, and Renaissance studies.

*Gradle in Action* Granta Books (UK)

Discusses the metaphysics, ethics and intellectual tradition inaugurated by Marx and Engels and continued by Lenin and Stalin. This book also discusses Dialectical materialism and the social theories and ethics known as Scientific Socialism.

This book provides an overview of the ACCESS program, a mental health program that has been developed and tested as an efficacious treatment for college students with ADHD. This program is at the cutting edge of clinical research, incorporating treatment strategies that allow for dissemination in real world settings in order to effectively assist college students experiencing difficulties in their academic, personal, social, and emotional functioning. As cognitive behavioral approaches have proved to be the most successful psychological treatments to date, the techniques in this volume follow that model in a detailed and nuanced fashion. The authors provide a week by week breakdown of the program, supplemented by handouts and worksheets designed to facilitate better understanding of the areas targeted by the program. Filling a notable gap in research addressing the ADHD college student population, CBT for College Students with ADHD is a crucial resource for campus mental health practitioners as well as a broad range of clinicians dealing with emerging adults.

The poem offers a complicated mixture of self-assertion and deference, of shrewdness and wisdom, of self-respect and selfless love. Essays placing the "Memorandum" in its historical, literary, and theoretical contexts follow the text of the poem itself.
