With unique features for maximum clarity and convenience, this newly expanded edition of a respected classic offers students, teachers, and scholars alike an updated reference to the Latin language—both written and oral—that is unsurpassed in affordability, dependability, and ease of use.

Desperate for Hope Taylor & Francis

Current geopolitical shifts have piqued the average American's interest to an all-time high. Don Liebich, a civilian expert on Middle Eastern affairs, gives us an updated, layman's guide to understanding America's Role in the Middle East.

Frontline Workers and Women as Warriors in the Covid-19 Pandemic Hay House, Inc

The Covid-19 Pandemic disrupted lives across borders and created unprecedented pressures on the health and medical infrastructure. Frontline workers were at the forefront in handling efforts to curb its devastating effects on people's lives. This volume looks at various challenges frontline workers and women, working tirelessly both in the privacy of homes as well as professionals in public spaces faced and their immense contribution to managing the pandemic. It examines the psychosocial and health implications the pandemic and its fallout has had on the professions and personal lives of healthcare workers, sanitary workers, police, teachers, household helps, sex workers, volunteers among others. Analysing the vulnerabilities and the adaptability of nursing personnel, doctors and administrators, it also offers suggestions for rebooting healthcare systems and for putting in place support-systems to mitigate the adverse gendered impacts of the lockdowns and the spread of the disease. Comprehensive and insightful, with essays from experts in different fields, this book will be of interest to students and researchers of public health, healthcare management, gender studies, public policy making, sociology, economics.

Border Urbanism Crown Currency

Ready to curl up with your next great romance? Can't get enough of dashing billionaires? Get lost in Ethan's world and be immersed in action, intrigue, and a love he never expected. "I didn't know why I did it, why I saved her. I knew she would probably wind up losing her life either way. The problem was, I didn't think at all. I just reacted." At an age when most girls have the world at their feet, Olivia Crosley is just trying to survive, bouncing from one borrowed bed to another to find a place to lay her head at night. With all the odds against her and strength beyond her years, she has managed to carve out a section of life she can call her own. Then she meets Ethan Grant. The first time she laid eyes on him, he was a complete mystery, an unlikely hero in a perfectly tailored suit. His stoic demeanor told her to keep her guard up, but there is a reason he saved her, and she needs to find out why. From the moment he pulled her into his car, she became a prize to be hunted. She soon learns that his enemies are fully engaged in the game. Olivia finds herself immersed in guards, guns, and more money than she could ever imagine. Each moment brings its own sense of danger

as she struggles to determine whether her heart or life is on the line.

Desperate Characters HarperChristian + ORM

DIVFor more than half a century, the Denver Broncos have provided countless thrills, and a few spills, for their devoted fans. The full story of the Broncos' wild ride—from a decade of losing seasons to mighty dynastic heights in the 1990s to the latest resurgence on the gridiron—unfolds in all its guts-and-glory drama in this illustrated history. In *Denver Broncos: The Complete Illustrated History*, author Jim Saccomano recounts how this charter member of the American Football League struggled through its first seasons before emerging as an elite team in the 1970s, reaching its first Super Bowl in January 1978. The arrival of John Elway in 1983 put the Broncos on the road to dynasty, bringing five Super Bowl appearances and back-to-back championships in the late 1990s. Elway's move to the front office in 2010 was a big step back to greatness for the organization, further sealed in 2012 with the signing of future Hall of Fame quarterback Peyton Manning. To this day, the team's winning ways draw raucous sellout crowds to Sports Authority Field at Mile High./divDIV/divDIVSaccomano offers a fascinating look at one of football's most beloved teams, from its early years as Denver's only major sports franchise, through legendary on-field moments like "The Drive," to the stars of today. Profiles of star players, season recaps, details of crucial games and plays, and the stories behind the great teams are complemented by hundreds of color and black-and-white images documenting the team's history, making this the ultimate collection for any true Denver Broncos fan./div

My Life (Revised and Updated) Little, Brown

On *Thin Ice* explores the shifting relationship between the Inuit and the modern state in the North American Arctic, and it pays tribute to pioneering IR theorist Ken Waltz's elucidation of the 'Three Images,' with the addition of a new 'Fourth Image' to describe a tribal level of analysis that remains salient in not only the Arctic, but in other conflict zones where tribal peoples retain many attributes of their indigenous sovereignty.

Breaking News! Baker Books

The Battle of Monocacy, which took place on the blisteringly hot day of July 9, 1864, is one of the Civil War's most significant yet little-known battles. What played out that day in the corn and wheat fields four miles south of Frederick, Maryland., was a full-field engagement between some 12,000 battle-hardened Confederate troops led by the controversial Jubal Anderson Early, and some 5,800 Union troops, many of them untested in battle, under the mercurial Lew Wallace, the future author of *Ben-Hur*. When the fighting ended, some 1,300 Union troops were dead, wounded or missing or had been taken prisoner, and Early---who suffered some 800 casualties---had routed Wallace in the northernmost Confederate victory of the war. Two days later, on another brutally hot afternoon, Monday, July 11, 1864, the foul-mouthed, hard-drinking Early sat astride his horse outside the gates of Fort Stevens in the upper northwestern fringe of Washington, D.C. He was about to make one of the war's most fateful, portentous decisions: whether or not to order his men to invade the nation's capital. Early had been on the march since June 13, when Robert E. Lee ordered him to take an entire corps of men from their Richmond-area encampment and wreak havoc on Yankee troops in

the Shenandoah Valley, then to move north and invade Maryland. If Early found the conditions right, Lee said, he was to take the war for the first time into President Lincoln's front yard. Also on Lee's agenda: forcing the Yankees to release a good number of troops from the stranglehold that Gen. U.S. Grant had built around Richmond. Once manned by tens of thousands of experienced troops, Washington's ring of forts and fortifications that day were in the hands of a ragtag collection of walking wounded Union soldiers, the Veteran Reserve Corps, along with what were known as hundred days' men---raw recruits who had joined the Union Army to serve as temporary, rear-echelon troops. It was with great shock, then, that the city received news of the impending rebel attack. With near panic filling the streets, Union leaders scrambled to coordinate a force of volunteers. But Early did not pull the trigger. Because his men were exhausted from the fight at Monocacy and the ensuing march, Early paused before attacking the feebly manned Fort Stevens, giving Grant just enough time to bring thousands of veteran troops up from Richmond. The men arrived at the eleventh hour, just as Early was contemplating whether or not to move into Washington. No invasion was launched, but Early did engage Union forces outside Fort Stevens. During the fighting, President Lincoln paid a visit to the fort, becoming the only sitting president in American history to come under fire in a military engagement. Historian Marc Leepson shows that had Early arrived in Washington one day earlier, the ensuing havoc easily could have brought about a different conclusion to the war. Leepson uses a vast amount of primary material, including memoirs, official records, newspaper accounts, diary entries and eyewitness reports in a reader-friendly and engaging description of the events surrounding what became known as "the Battle That Saved Washington."

A Desperate Place for Dying Educreation Publishing

Prime minister office, receives a mail. Sender claiming to know a secret about the ruling party. Enters, the budding reporter Laxmi Priya, accidentally getting inside the web of conspiracies. Along with her source, she sets to find the truth with unforeseen alliances. Government tries to find the source, behind the revelations. Fundamental Rights Challenges in Border Controls and Expulsion of Irregular Immigrants in the European Union Young Akpasubi

The answer to a parent's prayers becomes a nightmare in this "emotionally gripping" thriller of domestic suspense from the author of *Stolen* (Publishers Weekly). Gage Dekker still blames himself for the car accident that claimed the lives of his first wife and young son. Then he meets Anna, who understands that kind of grief all too well. Within a year, they are married and soon ready to become parents once more. But a miscarriage brings new heartbreak—until fate brings them Lily. Young, pregnant, and homeless, Lily agrees to give her baby to the Dekkers in exchange for financial support. With his wife happy and his career thriving, Gage feels a renewed sense of hope. But something isn't right once Lily enters their lives. At work and at home, Gage is being sabotaged, first in subtle ways—then more sinister. Every attempt he makes to uncover the truth only drives a wedge between him and Anna. And even as he's propelled toward an unthinkable choice to save his

marriage and his job, Gage discovers the most chilling revelations are still to come. "If you've somehow missed reading Daniel Palmer, it's time to—pardon the pun—get *Desperate*." —Harlan Coben

Stand on Guard Elevate Publishing

The classic bestseller that helps readers let go and enjoy life - now with a new cover and updated material throughout. Discover how to stop struggling and find fulfilment, joy and inspiration by saying F**k It to the stress, problems and chaos in your life. The international bestseller that sparked the F**k It revolution! Like a magical modern mantra, saying F**k It can transform your life. It's the perfect Western expression of the Eastern spiritual ideas of letting go, giving up and finding real freedom by realizing that things don't matter so much (if at all). It's the very power of this profanity that makes it perfect for shaking us out of the stress and anxiety that dominate our meaning-full lives. It's a reminder to stop listening to other people and start listening to ourselves, to take that leap and to unlock freedom and happiness by saying these two magic words to all the problems and chaos of life. In this revised and updated edition, with brand-new chapters and insightful perspectives on the world we find ourselves in today, John C. Parkin shares humorous personal anecdotes, authentic advice and essential F**k It techniques - alongside exploring a whole host of worries and stresses to which we can say... F**k It!

Weekly World News Harmony

Abused wife, Jill Thompson, knows she has to get out of her bad marriage. Like yesterday. With no money, no job and no friends, this small town girl can't find a safe harbor. But when she sees a news report that The Program, a US military base, is seeking women to be matches for their genetically enhanced soldiers, she sees her opportunity. If she is lucky enough to be a match, her snake-mean husband, Jack, won't be able to find or hurt her ever again. Rowan Blacker is the only soldier of his cohort to request a breed match. He's the newest soldier on campus and, thanks to his genetic defect, he feels like an outcast. Matching and breeding with a woman will help him fit in with the team. Unfortunately Rowan's match is nothing like the sexy, fun woman he was hoping to romance. The woman they claim is his perfect DNA match is a scared shell of a woman carrying a trunkful of emotional baggage. Against their better judgment, they move in together and as Jill shakes off the shackles of abuse, their attraction ignites.

Within each of us are emotions that scale the heights of praise then sink so deep we are beyond the reach of light. In those depths we hold a notion that we cannot lift ourselves out, but there must be a power that can save. "Follow me," Jesus said. From the first immersion that birthed earth from water, to the Hebrew mikveh that requires baptism in a natural body of water, to the Pentecost immersing believers into the age of the church, water is the signature of God. The ocean is the heartbeat of earth, covering 70 percent of the planet, pulsing warmth to the continents, wearing the moods of the sky, answering only to heaven. As the ocean becomes laden with contaminants and the bonds of family unravel, science and scripture merge in an ongoing conversation about the water that both separates and unites humanity. *More Than the Sound of Many Waters* reflects the challenge for us to let go of the shore, entirely submerge, breathless and weightless, transforming beyond the shallows into the covenant of salt. The water of judgment is held back as the people of God pass through.

From journalist and historian Richard Kreitner, a "powerful revisionist account" of the most persistent idea in American history: these supposedly United States should be broken up (Eric Foner). The novel and fiery thesis of *Break It Up* is simple: The United States has never lived up to its name—and never will. The disunionist impulse may have found its greatest expression in the Civil War, but as *Break It Up* shows, the seduction of secession wasn't limited to the South or the nineteenth century. It was there at our founding and has never gone away. With a scholar's command and a journalist's curiosity, Richard Kreitner takes readers on a revolutionary journey through American history, revealing the power and persistence of disunion movements in every era and region. Each New England town after Plymouth was a secession from another; the thirteen colonies viewed their Union as a means to the end of securing independence, not an end in itself; George Washington feared separatism west of the Alleghenies; Aaron Burr schemed to set up a new empire; John Quincy Adams brought a Massachusetts town's petition for dissolving the United States to the floor of Congress; and abolitionist William Lloyd Garrison denounced the Constitution as a pro-slavery pact with the devil. From the "cold civil war" that pits partisans against one another to the modern secession movements in California and Texas, the divisions that threaten to tear America apart today have centuries-old roots in the earliest days of our Republic. Richly researched and persuasively argued, *Break It Up* will help readers make fresh sense of our fractured age.

Stand on Guard provides a nuanced explanation of Canadian national security threats such as violent extremism, espionage, and clandestine foreign influence, emphasizing trust and empathy in developing national security policies to counter them.

Desperate Match Potomac Books

A remarkable account of a wildly artistic life, finally restored to its unexpurgated form, with a revealing new introduction by Joan Acocella. The visionary choreographer and dancer Isadora Duncan (1877–1927) not only revolutionized dance in the twentieth century but blazed a path for other visionaries who would follow in her wake. While many biographies have explored Duncan's crucial role as one of the founders of modern dance, no other book has proved as critical—as both historical record and vivid evocation of a riveting life—as her autobiography. From her early enchantment with classical music and poetry to her great successes abroad, to her sensational love affairs and headline-grabbing personal tragedies, Duncan's story is a dramatic one. *My Life* still stands alone as "a great document, revealing the truth of her life as she understood it, without reticence or apology or compromise" (New York Herald Tribune). Now, in this fully restored edition, with its risqué recollections and fervent idealism, *My Life* can be appreciated by a new generation.

[Denver Broncos New & Updated Edition](#) Routledge

"A towering landmark of postwar Realism. . . . A sustained work of prose so lucid and fine it seems less written than carved." — David Foster Wallace
Otto and Sophie Bentwood live in a changing neighborhood in Brooklyn. Their stainless-steel kitchen is newly installed, and their Mercedes is parked curbside. After Sophie is bitten on the hand while trying to feed a stray, perhaps rabies-infected cat, a series of small and ominous disasters begin to plague the Bentwoods' lives, revealing the fault lines and fractures in a marriage—and a society—wrenching itself apart. First published in 1970 to wide acclaim, *Desperate Characters* stands as one of the most dazzling and rigorous examples of the storyteller's craft in postwar American literature — a novel that, according to Irving Howe, ranks with "Billy Budd, *The Great Gatsby*, *Miss Lonelyhearts*, and *Seize the Day*."
