The Fun Side of the Wall is not just a book about retiring in Mexico. Much in the style of Malcolm Gladwell and Gregory Berns, the book is a critique of the way retirement has been commodified in the United States. This push for commercially structured senior living has left some Baby Boomers in search of more authentic surroundings. In Mexico, they've found something special - authentic community and a true sense of purpose and belonging. In this book you will uncover: Who these "Mexico Boomers" are The roles Ageism and Consumerism play in their decision to move Where they live in Mexico How they're actively creating authentic community How they're saving money Why they refuse to leave Why They Leave "People

were begging me not to spend my life worrying about money, not to let others hold me down, and to go and experience as much as I could for myself." - Jan, 54-year-old hospice nurse. "What I've really found is freedom. I have my own time to pursue my own interests. I can write. I can walk. Most of my day is spent doing whatever it is I feel like doing. That is why I'm here. That is why I stay." - Fabian, 59-year-old yoga instructor. "In the beginning I felt guilty, like I was betraying my country. But medical expenses were gouging our savings, and most of our income was going to copays. In the end, we weren't running. We were just trying to live in a place we could afford." - Richard, 62-year-old retired salesman. Excerpt From the Book "Here is a fun fact: Before 1960, our "Golden Years" did not even exist. The term "Golden Years" was actually coined in 1959 when it was used to sell homes in a brand-new retirement community called Sun City. Located in the heart of the Arizona desert, Sun City was one of the first large-scale 55+ "Active Retirement" communities launched in the United States. Today,

most of us take for granted the idea that we need to go somewhere to retire. But just 50 to 60 years ago that concept was totally brand new and, like most tightly held beliefs about retirement, totally invented. Today, a dynamic financial and employment landscape makes it a little harder to pinpoint what, exactly, retirement will look like for all of us. But even though we differ on how we'll actually do it, the present expectation for retirement sounds something like this: Work until you're 65 or 67. Make a voluntary withdrawal from the workforce. Collect your Social Security and retirement contributions. Sell the family home. Pocket some cash and downsize to a smaller place in a hip retirement community. Golf. Travel. Maybe volunteer. Have a heart attack in your sleep and die. Finally, cash in that funeral insurance. Memorial. Ground. Over." About the Author Travis Scott Luther is a Denver, Colorado writer, speaker, and entrepreneur. He received his Masters in Sociology from the University of Colorado Denver. He is a former Adjunct Professor of Entrepreneurship at MSU

Denver and currently serves as Director for MSU Denver's RoadFounders College Business Incubator. He is a member of Entrepreneurs Organization (EO) where he served as National Chair for the 2019 Global Student Entrepreneurship Awards. Luther first became interested in Baby Boomers retiring in Mexico during graduate school. His Masters Thesis research contributed to the content in this book. He continues to be interested in U.S. expatriates retiring all over the world and continues to monitor those who have chosen Mexico.

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing

officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Moni Mekhala and Ream Eyso retells the sacred drama of the same name, a tale in which rivaling students of a powerful hermit bring life to

lightning, thunder, and rain. Weaving together interviews, essays, photographs, and illustrations, the book uses the story to explore the evolution of the Khmer classical dance tradition, the passage of leadership within artistic tradition nearly destroyed by genocide, and the circumstances of today's women. Additional contributors include award-winning choreographer Sophiline Cheam Shapiro, cultural anthropologist Toni Shapiro-Phim, and visual artist Brian Mendez. "[An] enlightening and engaging exploration of one of the most important works in the Cambodian dance drama repertory... A love letter to the character of Moni Mekhala and all of the women who have safeguarded this exquisite art form for generations, this book is a testament to the power of myth in our everyday lives." Cecily Cook Senior Program Officer, Asian Cultural Council - New York "This book is profoundly artist-centered and thus offers an utterly unique and intimate account of Khmer classical dance. This is the first book to acknowledge how gender and sexuality can be interrogated

through Khmer dance, whether in the distant Cambodian past, in a post-genocide present, or in Long Beach, California." Dr. Deborah Wong Professor of Music, University of California - Riverside President of Board of Directors, Alliance for California Traditional Arts "Lovingly conceived... Moni Mekhala and Ream Eyso captures the essence of a woman's strength and resilience in the midst of raging violence. It is a book I would want to get as a gift to all the girls and women in the various circles of my life." Chivy Sok Cambodian American human rights advocate and co-founder of Devata Giving Circle

The Dragon Masters must learn how to connect with and train their dragons--and they must also uncover their dragons' special powers. Does Drake have what it takes to be a Dragon Master? What is his dragon's special power? Something Curious Legare Street Press Ethnological study of the people of Manipur in India. Myth and History Scholastic Inc. Here is a reprint of the English-Pali Dictionary by A.P. Buddhadatta Mahathera published long ago by the Pali Text Society in Roman script. This publication was then considered a notable event in the life of the

Society for it was a great improvement on a similar earlier work by Venerable W. Piyatissa whose usefulness was reduced for the English-speaking readers by the Pali words being given in Sinhalese script. This is a considerably enlarged form of a concise English-Pali Dictionary compiled by the present author during the second World War. The author has coined many new words and has given more than one Pali word for some English verbs which do not exist in the ancient languages like Pali. This dictionary, though not an exhaustive one, has proved much useful to the scholars of the Pali language as it presents well chosen material in a single volume of a manageable size. (by the same author) CONCISE PALI-ENGLISH DICTIONARY - This Concise Pali-English Dictionary has been prepared mainly for use by students in schools and colleges. The author is not only an eminent Elder of the Buddhist Order but one of the leading Pali scholars recognized both in the East and West as an authority on the subject. It is to be observed that the author has kept more or less to the traditional sense of

words while not altogether ignoring the meanings given by western scholars in their translations and lexicons. Many errors in the latter sources have also been rectified. But the basic sense adopted is in nearly every instance the traditionally accepted meaning in accord with the commentaries and the glossaries. This perhaps is of special value to beginners as thereby they get introduced to the indigenous tradition, thus providing a useful basis on which to build up a more scientific knowledge as the study advances.

Reform, Identity and Narratives of Belonging focuses on the Heraka, a religious reform movement, and its impact on the Zeme, a Naga tribe, in the North Cachar Hills of Assam, India. Drawing upon critical studies of 'religion', cultural/ethnic identity, and nationalism, archival research in both India and Britain, and fieldwork in Assam, the book initiates new grounds for understanding the evolving notions of 'reform' and 'identity' in the emergence of a Heraka 'religion'.

Arkotong Longkumer argues that 'reform' and 'identity' are dynamically inter-related and linked to the revitalisation and negotiation of both 'tradition' legitimising indigeneity, and 'change' legitimising reform. The results have deepened, yet challenged, not only prevailing views of the Western construction of the category 'religion' but also understandings of how marginalised communities use collective historical imagination to inspire self-identification through the discourse of religion.

In conclusion, this book argues for a re-evaluation of the way in which multi-religious traditions interact to reshape identities and belongings.

First published in 1972, *The Origin and Development of the Bengali Language* (Vol. 3) is the updated supplement to the two-volume *The Origin and Development of the Bengali Language*. It contains certain additions and corrections to the first systematic and detailed history of a Modern Indo-Aryan Language written by an Indian, and incidentally, as it is comparative in its treatment, taking into consideration facts in other Indo-Aryan speeches, it is an invaluable contribution to the scientific study of the Modern Indo-Aryan languages as a whole.

This book will be of interest to students of language, linguistics and South Asian studies.

Considerable work has been done on the European exploration of myth, first in the Renaissance and then in the nineteenth century. This book covers an area that is new territory by looking at ways in which this work can contribute to an understanding of the primacy of myth in religious life. The authors examine the idea of 'mythistory' - the complex relationship in religions between myth and history - and explore the different ways in which religious storytelling is related to the particular enterprise

of storytelling that is called history.

Ethnography from the Mission Field Burns & Oates

In this tell-all autobiography, Sri M writes about his fascinating journey as a young man from the southern coast of India to the mystical Himalayan Mountains. At the age of nineteen and a half, he felt an irresistible urge to go to the Himalayas in quest for his great Master. He finally met his Master at the Vyasa Cave, beyond the Badrinath shrine. After spending three and half years with his Master, wandering freely across the length and breadth of the Himalayan ranges, he was instructed to go back to live in the plains and lead a normal life. He started working for a living, fulfilled his social commitments and prepared himself to teach others all that he had learned and experienced. This book reveals the spiritual journey of a young lad from Kerala,

who by his sincerity and dedication evolved into a living yogi. Sri M shares his knowledge of the Upanishads and spiritual insights born out of first hand experiences in his autobiography.

Apprenticed to a Himalayan Master will make for an engaging and riveting read for those interested in the life and teachings of Sri M.

The clutter and distractions of the world pose great challenges to simplicity and purity of heart. The enticements of materialism, temporal pleasures of flesh and mind, and deceit of self-pride are curtains of the soul. They block off radiance that enables clarity of vision and accurate perception of truth and beauty.

Observations, ponderings,

and meanderings in poetry and prose these are the gist of my writings; outpourings of wonderment, inspiration, praise, and love; at times, of intrigue and deliverance. In many instances, it is the heart that tells the mind what to see and think. Life is replete with messages, images and meanings intentional, contrived, or coincidental. There are hush moments, and there are aha moments. Their interpretation is mine, but I leave it to you, my readers, to feel as I feel or ponder as I ponder or be fascinated and awed . . . and adventure through life's mysteries. The first part of this book is an expression in poetry. Awe, gratitude, and love are the wellspring for expression. The second part of this book offers an intimate and curious peek into the mysterious fabric of real-time vignettes and the overlapping dimension of dreams. God, in his most extraordinary ways and in his most extraordinary love, has gifted me with precious moments in

time, moments that my finite mind could not and would not have conjured. I cling to their very memory emblazoned in my heart, and I humbly share them with you, my readers. Biblical scripture exhorts that unless we are like little children again, we cannot see the kingdom of God. Beyond our complete comprehension, God gives a foretaste of his kingdom on this temporal earth to temporal beings. It is his gift of love and compassion. The simplicity of little children . . . that is what this book, *Something Curious: Book 2: Simply Awed* aims to inspire, to see, and to experience the gift that is freely given in a myriad ways.
