Examines the images, hopes, and fears that were evoked during China's century-long subservience to external powers.

Die Neue Berliner Schule und die chinesische Sechste Generation
 Frontiers Media SA

This book examines the way Chinese academics returning from the US re-establish their academic identities and professional practices at China's research universities in the context of higher education internationalization in China. It goes beyond economic accounts of academic mobility based on the notions of brain drain, brain gain, and brain circulation. Instead, it uses a cultural approach to explore the everyday experiences of the returning scholars concerning the issues of their sense of identity, as well as their ways of connecting and bringing about changes in their work communities. It will appeal anyone interested in 1) globalization and academic mobility; 2)

China's talent policies and strategies; and 3) the internationalization of Chinese universities.

As China Goes, So Goes the World ibidem-Verlag / ibidem Press

How will China use its increasing military capabilities in the future? China faces a complicated security environment with a wide range of internal and external threats.

Rapidly expanding international interests are creating demands for the People's Liberation Army (PLA) to conduct new missions ranging from protecting Chinese shipping from Somali pirates to evacuating citizens from Libya. The most recent Chinese defense white paper states that the armed forces must "make serious preparations to cope with the most complex and difficult scenarios . . . so as to ensure proper responses . . . at any time and under any circumstances."

Based on a conference co-sponsored by Taiwan's Council of Advanced Policy Studies, RAND, Carnegie Endowment for International Peace, and National Defense University, The People's Liberation Army and Contingency Planning in China brings together

leading experts from the United States and Taiwan to examine how the PLA prepares for a range of domestic, border, and maritime...

'Vivid and entertaining ... this is history as it plays upon the emotions.

Empires crumble, hearts are broken' THE TIMES

From the bestselling author of *Red Azalea* comes the much-anticipated sequel to *Empress Orchid*. At the end of the nineteenth century China is rocked by foreign attacks and local rebellions. The only constant is the power wielded by one woman, Tzu Hsi, also known as *Empress Orchid*, who must face the perilous condition of her empire and devastating personal losses. In this sequel to the bestselling *Empress Orchid*, Anchee Min brings to life one of the most important figures in Chinese history, a very human leader who sacrifices all she has to protect both those she loves and her doomed

empire.

Auf Goldsuche in der Mongolei BRILL

This book documents the relationship and wisdom of Asian cartographers in the Islamic and Chinese worlds before the Europeans arrived.

Du BoD – Books on Demand

What was the most influential mass medium in China before the internet reaching both literate and illiterate audiences? The answer may surprise you...it's Jingju (Peking opera). This book traces the tradition's increasing textualization and the changes in authorship, copyright, performance rights, and textual fixation that accompanied those changes.

University of Hawaii Press
Greatly revised and expanded, with a new afterword, this update to Martin Jacques's global bestseller is an essential

guide to understanding a world increasingly shaped by Chinese power. Soon, China will rule the world. But in doing so, it will not become more Western. Since the first publication of *When China Rules the World*, the landscape of world power has shifted dramatically. In the three years since the first edition was published, *When China Rules the World* has proved to be a remarkably prescient book, transforming the nature of the debate on China. Now, in this greatly expanded and fully updated edition, boasting nearly 300 pages of new material, and backed up by the latest statistical data, Martin Jacques renews his assault on conventional thinking about China's ascendancy, showing how its impact will be as much political and cultural as economic, changing the world as we know it. First published in 2009 to widespread critical acclaim - and controversy - *When China Rules the World: The End of the Western World and the Birth of a New Global Order* has sold a quarter of a million copies, been translated into eleven languages, nominated for two major literary awards, and is the subject of an

immensely popular TED talk.

Transsib-Handbuch

Рипол Классик

"Without question, Song Hwee Lim has presented us with an exemplar of quality scholarship in the study of contemporary Chinese cinemas. By combining an impressive command of Chinese and Western literary as well as film source materials with a sophisticated mode of analysis and an unassuming argumentative style, he has authored an exhilarating book—one that not only treats cinematic representations of male homosexuality with great sensitivity but also demonstrates what it means to read with critical intelligence and vision." —Rey Chow, Andrew W. Mellon Professor of the Humanities, Brown University "Celluloid Comrades is a timely demonstration of the importance of queer studies in the field of transnational Chinese cinemas. Lim dissects gay sexuality in selective Chinese-language films, and vigorously contests commonly accepted critical paradigms and theoretical models. Readers will find a provocative, powerful

voice in this new book." —Sheldon H. Lu, Professor of Comparative Literature, University of California at Davis *Celluloid Comrades* offers a cogent analytical introduction to the representation of male homosexuality in Chinese cinemas within the last decade. It posits that representations of male homosexuality in Chinese film have been polyphonic and multifarious, posing a challenge to monolithic and essentialized constructions of both 'Chineseness' and 'homosexuality.' Given the artistic achievement and popularity of the films discussed here, the position of 'celluloid comrades' can no longer be ignored within both transnational Chinese and global queer cinemas. The book also challenges readers to reconceptualize these works in relation to global issues such as homosexuality and gay and lesbian politics, and their interaction with local conditions, agents, and audiences. Tracing the engendering conditions within the film industries of China, Taiwan, and Hong Kong, Song Hwee Lim argues that the emergence of Chinese cinemas in the international scene since

the 1980s created a public sphere in which representations of marginal sexualities could flourish in its interstices. Examining the politics of representation in the age of multiculturalism through debates about the films, Lim calls for a rethinking of the limits and hegemony of gay liberationist discourse prevalent in current scholarship and film criticism. He provides in-depth analyses of key films and auteurs, reading them within contexts as varied as premodern, transgender practice in Chinese theater to postmodern, diasporic forms of sexualities. Informed by cultural and postcolonial studies and critical theory, this acutely observed and theoretically sophisticated work will be of interest to a wide range of scholars and students as well as general readers looking for a deeper understanding of contemporary Chinese cultural politics, cinematic representations, and queer culture. [Opening the Energy Gates of Your Body](#) A&C Black In this revelatory examination of the most overlooked force that is changing the face of China, the Oxford

historian and scholar of modern Asia Karl Gerth shows that as the Chinese consumer goes, so goes the world. While Americans and Europeans have become increasingly worried about China's competition for manufacturing jobs and energy resources, they have overlooked an even bigger story: China's rapid development of an American-style consumer culture, which is revolutionizing the lives of hundreds of millions of Chinese and has the potential to reshape the world. This change is already well under way. China has become the world's largest consumer of everything from automobiles to beer and has begun to adopt such consumer habits as living in large single-occupancy homes, shopping in gigantic malls, and eating meat-based diets served in fast-food outlets. Even rural Chinese, long the laggards of consumerism, have been buying refrigerators, televisions, mobile phones, and larger houses in unprecedented numbers. As *China Goes, So Goes the World* reveals why we should all care about the everyday choices made by ordinary Chinese. Taken together, these seemingly small

changes are deeper and more profound than the headline-grabbing stories on military budgets, carbon emissions, or trade disputes.

Mapping the Chinese and Islamic Worlds Springer Like Volume one, Volume two of The Russo-Japanese War in Global Perspective examines the Russo-Japanese War in its military, diplomatic, social, political, and cultural context. In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo-Japanese War was, in fact, World War Zero, the first global conflict of the 20th century. The contributors demonstrate that the Russo-Japanese War, largely forgotten in the aftermath of World War I, actually was a precursor to the catastrophe that engulfed the world less than a decade after the signing of the Treaty of Portsmouth. This study also helps us better understand Japan as it emerged at the beginning of its fateful 20th century. *Der Spiegel* Lulu.com Ist es möglich, durch den Vergleich zweier zeitgenössischer Filmströmungen unterschiedlicher kultureller Provenienz

neue Aspekte im Wesen der Ästhetik sowie in soziokulturellen Phänomenen des Zeitgeistes zu erkennen? Wie treten die Effekte der Verfremdung und der realistischen Ästhetik, die in der Forschung bisher als zwei gegensätzliche Konzepte behandelt werden, in den Werken der Neuen Berliner Schule und der chinesischen Sechsten Generation zueinander in Verbindung? In ihrem inter- und transkulturellen Vergleich widmet sich Yuanyuan Tang nicht nur der kulturellen Ebene, sondern nimmt auch Bezug auf weitere Aspekte, etwa sozialpolitische Phänomene oder ästhetische Konzeptionen. *A Little History of the World* State University of New York Press Mit den erfolgreichen Protesten gegen die Welthandelskonferenz 1999 in Seattle geriet das neoliberale Globalisierungsprojekt unter dem Druck einer weltweiten Kritik zunehmend in die Krise. Die Demokratiebewegung in China zehn Jahre zuvor war weit weniger erfolgreich. Ihre blutige Niederschlagung brachte den Neoliberalismus in China erst in die

Offensive. Privatisierung, Prekarisierung, Informalisierung sind die brutalen Geheimwaffen des chinesischen Booms. Doch den Widerstand dagegen kann mittlerweile selbst die chinesische Regierung nicht mehr wegdiskutieren. 87.000 Streiks allein 2005 sind Ausdruck einer enormen sozialen Unzufriedenheit. Und die Auseinandersetzungen werden zunehmend militanter. *Tibet ohne einen XV. Dalai Lama?* 2. Auflage transcript Verlag "A major contribution to the study of global events in times of global media. *Owning the Olympics* tests the possibilities and limits of the concept of 'media events' by analyzing the mega-event of the information age: the Beijing Olympics. . . . A good read from cover to cover." —Guobin Yang, Associate Professor, Asian/Middle Eastern Cultures & Sociology, Barnard College, Columbia University From the moment they were announced, the Beijing Games were a major media event and the focus of intense scrutiny and speculation. In contrast to earlier such events, however, the

Beijing Games are also unfolding in a newly volatile global media environment that is no longer monopolized by broadcast media. The dramatic expansion of media outlets and the growth of mobile communications technology have changed the nature of media events, making it significantly more difficult to regulate them or control their meaning. This volatility is reflected in the multiple, well-publicized controversies characterizing the run-up to Beijing 2008. According to many Western commentators, the People's Republic of China seized the Olympics as an opportunity to reinvent itself as the "New China"--a global leader in economics, technology, and environmental issues, with an improving human-rights record. But China's maneuverings have also been hotly contested by diverse global voices, including prominent human-rights advocates, all seeking to displace the official story of the Games. Bringing together a distinguished group of scholars from Chinese studies, human rights, media studies, law, and other fields, *Owning the Olympics* reveals how

multiple entities--- including the Chinese Communist Party itself--- seek to influence and control the narratives through which the Beijing Games will be understood. *digitalculturebooks* is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society, culture, and scholarly communication. Visit the website at www.digitalculture.org. **The Encyclopedia of Fantastic Film** Hal Leonard Corporation In diesem Buch beschreibe ich unsere zweite Weltreise inklusive der Reiseplanungen, mit Tipps zu Hotels & Restaurants und unsere vielen Ausflüge, die wir gemacht haben. Wir besuchten Städte wie Beijing, Shanghai, fuhren in Neuseeland von der Nord- auf die Südinsel und zurück, waren in Hawaii auf Oahu und Big Island und der Abschluss war das Christmas Shopping in New York. [When China Rules the World](#) Cambridge University Press Thirty-five years in the

making, and destined to be the last word in fanta-film references! This incredible 1,017-page resource provides vital credits on over 9,000 films (1896-1999) of horror, fantasy, mystery, science fiction, heavy melodrama, and film noir. Comprehensive cast lists include: directors, writers, cinematographers, and composers. Also includes plot synopses, critiques, re-title/translation information, running times, photographs, and several cross-referenced indexes (by artist, year, song, etc.). Paperback. □□□□□□□□□□ Yale University Press "Bruce Frantzis demystifies the fundamental principles of chi gung and provides a comprehensive exercise program with detailed illustrations to increase life energy, improve health, boost sports performance, and combat stress and aging."-- Provided by Publisher. *The China Mission Year Book* LIT Verlag Münster In *Chinese Character Manipulation in Literature and Divination*, Anne Schmiedl analyses the historical development and linguistic properties of Chinese character manipulation, focusing on a late imperial work on

this subject, the Zichu by Zhou Lianggong (1612–1672). [The Russo-Japanese War in Global Perspective](#) University of Hawaii Press E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was

of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's

intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.
