 Understand phrasal verbs and use them-- confidently!
English Phrasal Verbs Book 1 Boston, Houghton Mifflin
 Learn the language of Nebraska . . .and 49 other states With more entries than any other reference of its kind,McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs shows you how American English is spoken today. You will find commonly used phrasal verbs, idiomatic expressions, proverbial expressions, and clichés. The dictionary contains more than 24,000 entries, each defined and followed by one or two example sentences. It also includes a Phrase-Finder Index with more than 60,000 entries.
Really Learn 100 Phrasal Verbs Ahmet Mustafaoglu
 The second volume in one of the most useful vocabulary series you'll find! To speak a new language, you need vocabulary. You need words, phrases, key sentences, and idioms. To speak a language really well, you need a lot of vocabulary, and you need to know the different meanings for the vocabulary. One of the most difficult parts of English is a special vocabulary group called phrasal verbs. Phrasal verbs have two or three words. The first word is usually a very common one-syllable verb like take, come, put, or go. The second part is usually a preposition or adverb like off, up, in, or away. These parts together have a new meaning. You can know the meaning of take and the meaning of off, but take off has a different meaning. The goal of this book is to help you learn the most frequent phrasal verb with their most important meanings. Instead of long vocabulary lists, each lesson in this book teaches you only three phrasal verbs, with meanings and many useful examples. There are also many short exercises for you to practice the phrasal verbs in a very direct way. They can be completed in a day, a week, or as much time as you need.
The Blue Book of Grammar and Punctuation Wayzgoose Press
 This book is a resource for English language users, and provides a comprehensive list of phrasal verbs defined in easily accessible language, as well as examples of common usage for each. Beyond serving as a reference, it is accompanied by exercises written to aid non-native speakers of English in achieving a more thorough understanding of English phrasal verbs. Anyone looking to achieve a more native-like level of fluency, or simply increase their mastery of an unpredictable aspect of the English language will be well served by this text.

Master English Collocations & Phrasal Verbs Longman
 The third volume in one of the most useful vocabulary series you'll find! The five books in this series for learners of English feature the most common phrasal verbs in English, presented in order—the 30 most common phrasal verbs are in Book 1, the next 30 most frequently used verbs are in Book 2, and so on. However, you do not need to use the books in order. Advanced students may wish to start the series in the middle. Each unit presents three phrasal verbs. You'll see the verbs used in context, study definitions, and then practice using them in a variety of different exercises. There's even additional online practice. Throughout the book, phrasal verbs from previous units are recycled, so you have additional support in remembering them. You can learn and practice at your own pace. You can use the book to support a class you are taking or just to learn on your own.

 If you're a high-intermediate to advanced student of English as a foreign or second language, and you sometimes feel like giving up on phrasal verbs, you're not alone. Phrasal verbs can be a nightmare for EFL/ESL students of all ages and levels, and the lists of phrasal verbs with meanings and examples you find on the Internet aren't always useful. 100 Phrasal Verbs to Learn for Life, written by best-selling author Luiz Otávio Barros, offers a fresh approach to helping B2, C1, TOEFL/IELTS, and Cambridge First/Advanced students learn phrasal verbs more effectively. Here's what makes the book unique: • Instead of teaching hundreds of low-frequency phrasal verbs, we focus on 100 really common ones and teach them really well. • The phrasal verbs are grouped by topic so you can remember them more easily. • Each phrasal verb is supported by an average of 15 examples so you can really understand it. • All of the 1,500 example sentences were adapted from authentic sources (newspapers, blogs, TV shows, etc.) so you can learn how each phrasal verb is used in the real world. • The number of meanings per lesson is limited so you don't get confused. • 100 Phrasal Verbs to Learn for Life is light on terminology so you don't get distracted by terms like "type 1" or "separable/inseparable." • There are dozens of exercises to help you check your progress - also available online, free of charge! Phrasal verbs can be easier to learn than you think, especially at this level, and 100 Phrasal Verbs to Learn for Life might be just what you need.
The Big Book of Phrasal Verbs Walter de Gruyter
 Phrasal Verbs for English Language Learners Cambridge Scholars Publishing
Cambridge International Dictionary of Phrasal Verbs Cambridge University Press

This is the second edition, revised and over 70% bigger than the first one. Most people think that phrasal verbs, verbs with more than one word, are hard to learn. As students we are given lists and lists of them to memorise, and we usually find the whole thing boring, complicated, and really hard to remember. This book is different. There are no lists and there is nothing to memorise. Instead, there are over 600 little stories, one for each verb. The fact is that phrasal verbs are not a logical system, designed by some maniac a few centuries ago. No. There are simply something that grew up naturally. Most natives don't even know the expression phrasal verbs. We never learn them at school. We know the difference between chopping down a tree and then chopping it up. We also know that when a building burns down, it is the same as when it burns up. Neither do we ever confuse put up your cousin with put up with him. If you use this book for about ten minutes every day, I money-back guarantee that in about ten days you will know more about phrasal verbs than 99% of all non-native teachers who teach English for a living. I also promise you that you will have fun doing it. Reviews for the first edition, which was Kindle only Phrasal verbs are usually a nightmare for us. Often we try out the "uncommon common sense" just to come to the wrong meaning, fools rush in where angels fear to tread. So I am very grateful to the author as he shows a natural way to learn those damned little things. - jartiblisimo (Spain) It's a brilliantly conceived book, not only the short stories really stick in your head and help your memory in recalling all those verbs, but also enables the reader to get all the subtle shades of a verb which a non-native speaker fails to appreciate most of the times. - haunted85 (Italy)
English Phrasal Verbs in Use Intermediate BORA YAYINCILIK

Words and Idioms Phrasal Verbs for English Language Learners

Word Power: Phrasal Verbs and Compounds is a textbook for

guided self-learning intended for post-intermediate and advanced learners of English. It contains some 1,100 phrasal compounds used with 17 particles/prepositions which combine with some 500 different verbs, nouns and adjectives. Numerous glosses allow the teacher to use it in very heterogeneous classes. Thanks to cognitive linguistics the material is organized around each particle giving the students an astonishing insight into the networks of metaphorical meanings of each particle. Furthermore, the book implements the most important findings and techniques in the field of learning a foreign language. This textbook will be a valuable companion for teachers and students.

Common Errors in English Usage Createspace Independent Publishing Platform

This reference and practice book contains 70 attractive two-page units featuring approximately 1,000 phrasal verbs. English Phrasal Verbs in Use is a comprehensive reference and practice book suitable for students from good intermediate level onwards. Over 1000 of the most useful and frequent phrasal verbs are clearly explained and practised in typical contexts. The material is designed for self-study, as well as classroom use, and has a student-friendly answer key.

Phrasal Verbs Cambridge Scholars Publishing

The book traces the evolution of the English verb-particle construction ('phrasal verb') from Indo-European and Germanic up to the present. A contrastive survey of the basic semantic and syntactic characteristics of verb-particle constructions in the present-day Germanic languages shows that the English construction is structurally unremarkable and its analysis as a periphrastic word-formation is proposed. From a cross-linguistic and comparative perspective the Old English prefix verbs are identified as preverbs and the shift towards postposition of the particles is connected to the development of more general patterns of word order. The interplay of phonological, morphological, syntactic and semantic factors in the loss of the native prefixes in the history of English is investigated. In this context the question is discussed to what extent the older prefixes were replaced by particles and borrowed prefixes, how the characteristic etymological and semantic properties of the Modern English phrasal verbs can be explained and what role they play in the lexicon. The author argues that their common perception as particularly 'English', 'colloquial' and 'informal' has its origin in the eighteenth-century normative tradition.
