Meet Tilly Redbrow, who doesn't just love horses - she lives, breathes and dreams them too! Tilly's riding skills are improving by the day, and she can't wait to go to Pony Club Camp. But first there's an exciting new arrival to welcome to Silver Shoe Farm. From Pony Club to riding for the British team, and for every girl who has ever longed for a pony of her own, these delightful, warm and engaging stories are packed with Pippa Funnell's expert advice on everything you ever wanted to know about horses.

Nel libro "Il Risveglio degli Unicorni", la guaritrice olistica Calista ti guida alla scoperta del vero simbolismo e dell'energia degli Unicorni, per attingere al loro potere di guarigione e scoprire cosa possono fare queste splendide creature per aiutarti nel tuo viaggio spirituale. C'è un motivo se gli Unicorni sono sempre più

diffusi nella cultura moderna: essi sono un emblema del nostro senso del divino e la loro energia sta riemergendo per aiutare chi è pronto a innalzare la propria vibrazione e a vivere più fedele a sé stesso. Perché "incarnare un essere umano divino", come dicono gli unicorni, colora la vita come un arcobaleno splendente e trasforma i sogni in un'esperienza quotidiana. E comincia tutto da te. Sei nato con il potere della creazione dentro di te e questa forza non dorme mai. Gli unicorni sono i tuoi migliori alleati nell'entrare in armonia con questa forza divina: essi possono guidarti verso un'esistenza straordinaria. Grazie a questo libro impari a vivere il tuo cammino, il tuo potere e il tuo scopo unici liberando ciò che ostacola la tua espressione creativa: saranno gli Unicorni a farti da guida in questa magnifica avventura! Questi esseri sono infatti maestri illuminati che riflettono la voce della nostra anima, per la quale noi siamo incarnazioni del divino destinate a raggiungere una consapevolezza molto più profonda e gioire, essere liberi ed esprimerci senza censure. Essi sono anche maestri nel riportare tutto alla Sorgente e nel dispensare saggezza con metodi semplici e pratici. Scopri come celebrare la tua essenza sia umana che divina e vivere in maggior armonia

con il mondo grazie alla combinazione originale di sintonizzazioni energetiche, meditazioni, strumenti ed esercizi mirati proposta da Calista. Proprio come ha fatto l'autrice, che è passata da un approccio rigidamente scientifico alla vita a quello di She-ra, irrefrenabile principessa del potere, anche tu puoi elevarti con gli Unicorni e ritrovare il giusto allineamento con la tua anima per una felicità totale. "Questo libro è sia una guida umana per vivere come un'anima sia una guida per l'anima per vivere da essere umano. Imparerai perciò ad apprezzare le tue due nature, umana e divina, e a vivere in un'armonia più profonda nel mondo."

Recently, technology and aging have been key research areas in human cognition. The Research Topic "Digital Skills and Life-long Learning: Digital Learning as a New Insight of Enhanced Learning by the Innovative Approach Joining Technology and Cognition" investigated technology's impact on cognitive and intellectual processes, highlighting how intensively technology can change and/or enhance the cognitive functioning throughout one's lifespan. The aim of this Research Topic was to provide an outlook through multidisciplinary research and development while addressing the dynamic intersection of cognition, mind, and technology. Our scope was 1) to favor the cognitive technology debate, 2) to overcome the dichotomies of technology and psychology, 3) to emphasize the advances in knowledge and well-being. This Research Topic comprises review studies and original articles, focused on digital skills that enhance human potential. Transversal approaches and cross-sectorial analysis were encouraged, leading to investigation areas related to cognitive and mental processing—in educational, rehabilitation, clinical settings—across aging. Articles of high relevance to the Research Topic were submitted on the subjects of a) research in human performance and human factors, b) new research and technologies addressing the needs of a growing populace, and c) cognitive aging and cognitive rehabilitation research.

Fingertrail ABC Walter Foster Publishing

This delightful book allows little children to take a fingertip journey through the alphabet, following a trail from acrobatic anteaters to zebras on zipwires. Charming illustrations, novelty die-cut elements and quirky themes combine to make this an engaging, interactive abc, introducing children to the shapes and sounds of the alphabet. Tracing the letter shapes with their fingers is a fun way for children to learn lower-case letter formations before they start to write. Helps children build vocabulary, recognize letters and begin to associate letter shapes and sounds. An appealing introduction to alphabetical order.

Lewis Carroll's Alice in Wonderland Harper Collins

Fans of Sophie Kinsella's sparkling humor will love her first ever illustrated series for young readers about the charming adventures of a mother-daughter fairy duo! Ella Brook can't wait to grow up, because one day she will become a fairy and have her own sparkly wings and a teacher on Fairy Tube, just like her mom! Until then, Ella has to learn by watching her mom in action. But sometimes spells go wrong, and Ella's mom can never seem to remember the right magic codes on her Computawand. A lot of the time, it's up to Ella to come to the rescue. Does she have what it takes to be a fairy one day? Or will there be more glitches than glitter?

Poppy and Sam's Bedtime Simon and Schuster

Il carattere utilizzato per scrivere i giorni della settimana è in stampatello maiuscolo e può essere facilmente letto dai bambini di prima elementare. Questo

diario è unico nel suo genere e ogni giorno i disegni dei piccoli unicorni porteranno il loro messaggio positivo, dolce e allegro nelle giornate scolastiche della tua principessa. E' un diario giornaliero con una parte iniziale di alcune pagine per scrivere i propri dati, quelli della scuola, il nome delle insegnanti e delle relative materie, il nome dei propri compagni, gli orari provvisori e definitivo. Per le vacanze di Natale, di Pasqua ed estive ci sono apposite pagine per registrare i compiti assegnati. Al fondo anche alcune pagine per scrivere appunti. Perché scegliere questo diario? Perché la magia degli Unicorni rende felici le nostre bambine, che potranno differenziarsi dalle loro compagne con un oggetto unico che le accompagnerà per tutto l'anno scolastico.

Lottery Boy Dark Horse Comics

During a military exercise on the Pacific skies, a fighter pilot of the Italian Navy loses contact with the aircraft carrier Cavour and finds himself forced to make an emergency landing on a mysterious deserted island not marked on maps. Trying to survive while waiting for rescue, his nights are tormented by terrifying nightmares in which he sees slimy tentacles that crush him mercilessly. Exploring the island, he locates the bodies of members of a scientific expedition that arrived to investigate the "bloop", a mysterious sound coming from the ocean depths. In the diaries of the researchers he reads of hallucinations and nightmares similar to his, but there is one mysterious word that recurs in all files: Cthulhu. It will not be long before the island awakens something that arrived on Earth billions of years ago... something waiting to claim its domain on the Universe. Freely inspired by the Cthulhu Mythos of Howard Philips Lovecraft.
