Liberalism in the Bedroom Al-Anon
Family Groups Inc.

Concebida por el cardiólogo e internista Dr. Juan Rivera, quien entrenó en el Hospital de Johns Hopkins y ha ayudado a cientos de miles de individuos a bajar de peso, La Mojito Diet es un plan de 14 días que lo ayudará a perder libras, tener mayor movilidad y a obtener una mejor salud—todo mientras continúa disfrutando su vida. Al Dr. Juan Rivera le han dado todas las excusas: “No puedo dejar mis antojitos y gustazos”. “No soporto las punzadas de hambre”. “¡Vivimos en Miami, por el amor de Dios! ¡No me pida que sacrifique a mis mojitos!” Después de muchas de estas conversaciones, el Dr. Juan creó La Mojito Diet. Diseñado para ayudarte a ver resultados duraderos en tan solo 14 días, La Mojito Diet combina en dos pasos sencillos los mejores consejos disponibles sobre la pérdida de peso —reducir el consumo de carbohidratos e incorporar el ayuno intermitente— en este plan único y efectivo para quemar grasa y mejorar tu salud del corazón sin darte la ansiedad por comer carbohidratos o sentirte con hambre. Incluyendo motivadores consejos, inspiradores testimonios de éxito, 75 deliciosas recetas con sabor latino y un plan de alimentación, La Mojito Diet te brinda las herramientas que necesitas para poder transformar tu salud y fácilmente conservar tu peso ideal con gusto.

Native Resistance and the Pax Colonial

in New Spain University of Chicago Press

¿Por qué? 101 Questions about Spanish is for anyone who wants to understand how Spanish really works. Standard textbooks and grammars describe the "what" of Spanish - its vocabulary, grammar, spelling, and pronunciation - but ¿Por qué? explains the "why". Judy Hochberg draws on linguistic principles, Hispanic culture, and language history to answer questions such as: Why are so many Spanish verbs irregular? - Why does Spanish have different ways to say "you"? - Why is h silent? - Why doesn't Spanish use apostrophes? - Why does Castilian Spanish have the th sound?

Packed with information, guidance, and links to further research, ¿Por qué? is an accessible study guide that is suitable for Spanish students, instructors, native speakers, and the general reader. It is a valuable supplementary text for serious students of Spanish at all levels, from beginning to advanced. ¿Por qué? also covers topics usually left to specialized books, including the evolution of Spanish, how children and adults learn Spanish, and the status of languages that co-exist with Spanish, from Catalan to Spanish sign language to the indigenous languages of Latin America.

A Collection of Country Reports

Cambridge University Press

Valuable to all healthcare professionals who see Spanish-speaking patients
Pocket-sized, fits into a lab coat
Covers terms used in medicine, nursing, and dentistry
New to this edition: additional sample dialogues and history-taking and performing a physical examination

Authors and Subjects. [1st-5th Ser.] Penn State Press

Contains the three-step holistic program

to total recovery that is the basis of the successful Passages approach. You will learn: the three steps to permanent sobriety; how to create a personalized, holistic treatment program to completely cure your dependency; the four causes of dependency; how your thoughts, emotions, and beliefs are key factors in your recovery; and how to stimulate your body's self-healing potential to be forever free of dependency.--From publisher description.

Opportunities for Cancer Prevention

Touri Language Learning

The Routledge Spanish Bilingual Dictionary of Psychology and Psychiatry contains over 100,000 entries making this the most comprehensive and up-to-date dictionary of its kind. The Dictionary provides concise, comprehensive and current coverage of every word or phrase used in the study and practice of psychiatry and psychology. This valuable reference tool covers all disciplines and sub-disciplines, both research-based and clinical. This is a vital resource to those in the healthcare professions, to academicians and to those who work in translation and/or interpretation, healthcare and the law who are in contact with the English and Spanish speaking communities.

Revised and Expanded Edition BenBella Books

This is a major English study of the novels of the Spanish Civil War. The book is based on an analysis of some eighty Spanish novels, written in Spain and abroad (in exile) during the Franco period (1936-1975), in which the Civil War is the major theme.

[Courage to Change—One Day at a Time in Al-Anon II](#) ReadHowYouWant.com

This book can be a godsend for many persons--for those who suffer from alcohol addiction, for their friends and

loved ones, and for those in the relevant helping professions. Its central message is that alcoholism is primarily a metabolic disease that should be treated with due consideration of its physiological roots. The old moralistic approach and the more recent behavioral and psychological treatment approaches have a dismal record of failure, largely because they pay little or no attention to the crucial physiological and nutritional needs of alcoholics.

Unveiling Secrets of War in the Peruvian Andes

Bloomsbury Publishing

Do you know what studies have shown to improve the outcome of patient care? To deliver quality care in the patient's language! The Spanish-speaking population growing rapidly and the number of people who need your help is only going to increase. Providing world-class medical care is challenging enough without the language barrier, not to mention all the stress involved in emergency situations. We understand you - There's no worse feeling than embarrassing yourself every time someone asks you to explain in Spanish different symptoms, diagnoses or tests and you have no clue how to say it. And in some cases this communication barrier could be the difference between life or death. 'How do I get out of this situation?', You may ask yourself, but have yet to find a straight-forward answer. Until now. Learn Medical Spanish in 100 Days is jam packed with medical terminology to get you communicating with patients fast! Inside you'll discover a series of common real world Spanish and English dialogues so you're prepared for nearly any situation. Additionally, each day consists of 10 new words and phrases to help you tear down the language barrier and provide top-notch care to your Spanish-speaking

patients. Just imagine how effortless speaking Spanish will be for you after reading this book. Your confidence and ability to effectively communicate with native Spanish-speakers will dramatically improve. Why Learn Medical Spanish? Here Is A Preview Of What You'll Learn... -Expand your medical Spanish vocabulary -Be able to gather important information from patients and facilitate patient orientation -Convey health information to patients - Inform and instruct about procedures - Make a connection with patients and families -Prepare the patient for treatment or discharge -Expand your basic understanding of the language - Much, much more! Building a strong foundation of vocabulary is critical to your improvement and reaching fluency. We guarantee you that this book is packed with vocabulary and phrases that you can start using today. Whether you're an EMT, nurse, doctor, dentist or even a medical assistant - this book is for you! Download your copy today! Check Out What Others Are Saying... Excellent book for someone in the health care field. I am a nurse who has to give patients instructions in Spanish everyday. This book comes in very handy for me. I love it. -Michelle Very helpful. It's great to have the pronunciation spelled out. -Jerry Even now as a senior citizen it seems I've been studying Spanish most of my life. This book is particularly helpful for medical "situations" such as "Where does it hurt?", "What is the intensity of the pain?" etc. -Richard A godsend for helping me refresh my Spanish. -Ollie What are you waiting for? This book, to which a large number of cancer researchers have contributed, gives an up-date of recent scientific developments in nutritional epidemiology in relation to cancer. The book is derived from the scientific papers and posters presented at the European Conference on Nutrition and Cancer organized by IARC in Lyon in June 2001.

[English-Spanish/Spanish-English Medical Dictionary, Third Edition](#) Rittenhouse Book Distributors

This book tells the story of how ordinary Peruvian men and women experienced their lives, and especially their marriages, in a patriarchal society and how, through the struggles involved in divorce, women tried to defend their rights and in the process helped bring about change in society more broadly. Careful examination of more than one thousand cases of conjugal suits filed in Lima's archbishopric, as well as wills in notarial records, allowed the author to trace over time quarreling spouses' relationships, attitudes, and perceptions of gender, life cycle, race, and class and to study their evolving moral expectations and the varying pace of social change. The history of this marital dialogue reveals the construction of a new terminology, based on liberal ideas imported from England and France, that found its way into domestic life and influenced how conflicts were perceived and resolved. Far from opening doors for women, liberalism maintained women's inferior status but also shifted the ground on which women waged battles for survival. By the end of the nineteenth century, many women had concluded that basic patriarchal and Christian arrangements were a sham, and they sought ways to cope within a system rife

with hypocrisy. This book shows how women and children, made destitute by intimate tyranny, challenged this tyranny by finding new means of defense and social support.

The Story of How More Than One Hundred Men Have Recovered from Alcoholism SCB Distributors

Ethnic rebellions continually disrupted the Pax Colonial, Spain's three-hundred-year rule over the Native peoples of Mexico. Although these uprisings varied considerably in cause, duration, consequences, and scale, they collectively served as a constant source of worry for the Spanish authorities. This meticulously researched volume provides both a valuable overview of Native uprisings in New Spain and a stimulating reevaluation of their significance. Running counter to the prevailing scholarly tendency to emphasize similarities among ethnic revolts, the seven contributors examine episodes of rebellion that are distinguished by their ethnic, geographical, and historical diversity, ranging culturally and geographically across colonial New Spain and spanning the last two centuries of Spanish rule. Unparalleled access to colonial archival sources also enables the writers to more fully consider indigenous perspectives on resistance and explore in greater detail than before the precipitating factors and effects of different forms of protest. A provocative concluding essay balances this line of inquiry by investigating how a shared cultural disposition toward violence in colonial New Spain contributed to the atmosphere of ethnic tension and rebellion.

"Collection of incunabula and early medical prints in the library of the

Surgeon-general's office, U.S. Army": Ser. 3, v. 10, p. 1415-1436.

Current Catalog The Alcoholism and Addiction Cure

This book, continuously in print since 1983, has become a classic Spanish reference book, widely used in classrooms across the United States. Linguist and folklorist Rubén Cobos, now in his nineties, has been diligently working on revisions for the past decade. Much expanded—the number of pages has increased by seventy—this revised edition will assume its place as the most authoritative reference on the archaic dialect of Spanish spoken in this region.

Comprehensive Developmental Neuroscience Cambridge University Press

This is the 30th edition of "The Extra Pharmacopoeia". It offers up-to-date information on drugs and medicines that are used throughout the world. It is written for practising pharmacists and physicians and for all those involved in the field of drugs and medicines.

Orthomolecular Treatment of Addictions: Easyread Comfort Edition U of Nebraska Press

The Maoist guerrilla group Shining Path launched its violent campaign against the government in Peru's Ayacucho region in 1980. When the military and counterinsurgency police forces were dispatched to oppose the insurrection, the violence quickly escalated. The peasant community of Sarhua was at the epicenter of the conflict, and this small village is the focus of *Unveiling Secrets of War in the Peruvian Andes*. There, nearly a decade after the event, Olga M. González follows the tangled thread of a public secret: the disappearance of Narciso Huicho, the man blamed for plunging Sarhua into a conflict that would sunder the community for years.

Drawing on extensive fieldwork and a novel use of a cycle of paintings, González examines the relationship between secrecy and memory. Her attention to the gaps and silences within both the Sarhuinos' oral histories and the paintings reveals the pervasive reality of secrecy for people who have endured episodes of intense violence. González conveys how public secrets turn the process of unmasking into a complex mode of truth telling. Ultimately, public secrecy is an intricate way of "remembering to forget" that establishes a normative truth that makes life livable in the aftermath of a civil war.

[Narcotics Anonymous](#) UNM Press
Narcotics Anonymous (NA) describes itself as a "nonprofit fellowship or society of men and women for whom drugs had become a major problem". Narcotics Anonymous uses a traditional 12 step model that has been expanded and developed for people with varied substance abuse issues. This work is the so-called "Basic Text" and is divided into two parts. Part 1 discusses the basics of

the NA fellowship program and the twelve steps and traditions. Part 2 is composed of many personal recovery stories.
