### **KELLEY ARMSTRONG**

**History of the Byzantine Empire, 324-1453, Volume I** Laurel Leaf

For fans of Joan of Arc and Alexander the Great, comes "a gripping saga of alliances, intrigues, deceptions, and treacheries" about Anna Comnena of the Byzantine Empire. Anna Comnena has every reason to feel entitled. She's a princess, her father's firstborn and his chosen successor. Someday she expects to sit on the throne and rule the vast Byzantine Empire. So the birth of a baby brother doesn't perturb her. Nor do the "barbarians" from foreign lands, who think only a son should ascend to power. Anna is as dismissive of them as are her father and his most trusted adviser--his mother, a manipulative woman with whom Anna studies the art of diplomacy. Anna relishes her lessons, proving adept at checkmating opponents in swift moves of mental chess. But as she matures into a young woman, her arrogance and intelligence threaten her grandmother. Anna will be no one's puppet. Almost overnight, Anna sees her dreams of power wrenched from her and

bestowed on her little brother. Bitter at the betrayal, Anna waits to avenge herself, and to seize what is rightfully hers. Praise for Anna of Byzantium: A Bulletin Blue Ribbon Book An ALA Quick Pick An ALA Best Book for Young Adults A Booklist Editor's Choice A Booklist Top Ten Historical Fiction Pick [STAR] "[Anna of Byzantium] involves readers in a gripping saga of alliances, intrigues, deceptions, and treacheries worthy of a place among the tragic myths." — The Bulletin, Starred review "In the tradition of E. L. Konigsburg's A Proud Taste for Scarlet and Miniver and Karen Cushman's Catherine, Called Birdy comes this story of a real-life historical figure, Anna Comnena, groomed to be the sovereign of the Byzantine empire...Barrett uses an effective first-person narrative to draw readers into Anna's story, and the author's precise use of detail helps re-create Anna's world, the palace of Constantinople in the ninth century. . . Readers will be caught up in...this exciting read."—Booklist, Boxed review "A fascinating mix of history, mystery, and intrigue."-The Horn Book Magazine "Barrett does a remarkable job of painting moods and emotions with spare, elegant sentences. . . This splendid novel about a neglected period of history is the perfect choice. . . Hard to imagine it being any better written." —VOYA "This wonderfully engaging novel both entertains

and serves as a lively history lesson with its well-researched background, dramatic plot and dimensional characters. Barrett's descriptive, engaging prose will draw readers into a fascinating historical time, filled with political intrigue and a complex, admirable teen protagonist who faces her changing future with an inspiring combination of heart and mind."— Wichita Eagle  
**Byzantine Defenders of Images** Detroit : Wayne State University Press  
 This book examines the intriguing interaction between the spiritual and the political whilst reconstructs the awe-inspiring city in its heyday of 1200.  
**The Last Centuries of Byzantium, 1261-1453** Phaidon Press  
 A presentation of translated Greek sources in English.  
*Environment and Society in Byzantium, 650-1150* Dumbarton Oaks  
 The Oxford History of Byzantium is the only history to provide in concise form detailed coverage of Byzantium from its Roman beginnings to the fall of Constantinople and assimilation into the Turkish Empire. Lively essays and beautiful illustrations portray the emergence and development of a distinctive civilization, covering the period from the fourth century to the mid-fifteenth

century. The authors - all working at the cutting edge of their particular fields - outline the political history of the Byzantine state and bring to life the evolution of a colourful culture. In AD 324, the Emperor Constantine the Great chose Byzantium, an ancient Greek colony at the mouth of the Thracian Bosphorus, as his imperial residence. He renamed the place 'Constantinople nova Roma', 'Constantinople, the new Rome' and the city (modern Istanbul) became the Eastern capital of the later Roman empire. The new Rome outlived the old and Constantine's successors continued to regard themselves as the legitimate emperors of Rome, just as their subjects called themselves Romaioi, or Romans long after they had forgotten the Latin language. In the sixteenth century, Western humanists gave this eastern Roman empire ruled from Constantinople the epithet 'Byzantine'. Against a backdrop of stories of emperors, intrigues, battles, and bishops, this Oxford History uncovers the hidden mechanisms - economic, social, and demographic - that underlay the history of events. The authors explore everyday life in cities and villages, manufacture and trade, machinery of government, the church as an instrument of state, minorities, education, literary activity, beliefs and superstitions, monasticism, iconoclasm, the rise of Islam, and the fusion with Western, or Latin, culture. Byzantium linked the ancient and modern worlds, shaping traditions and handing down to both Eastern and Western civilization a vibrant legacy.

**Timarion** Wayne State University Press

Chelsea Quinn Yarbro's *A Flame in Byzantium* chronicles Atta Olivia Clemens during the reign of Justinian. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Byzantium Rediscovered** Dumbarton Oaks

This revised and expanded edition of the widely-praised *A History of Byzantium* covers the time of Constantine the Great in AD 306 to the fall of Constantinople in 1453. Expands treatment of the middle and later Byzantine periods, incorporating new archaeological evidence Includes additional maps and photographs, and a newly annotated, updated bibliography Incorporates a new section on web resources for Byzantium studies Demonstrates that Byzantium was important in its own right but also served as a bridge between East and West and ancient and modern society Situates Byzantium in its broader historical context with a new comparative timeline and textboxes

**General Issues in the Study of Medieval Logistics** John Wiley & Sons

The Old Testament in Byzantium contains papers from a Dumbarton Oaks symposium based on an exhibition of early Bible manuscripts titled "In the Beginning: Bibles before the Year 1000." Topics include manifestations of the holy books in Byzantine manuscript illustration, architecture, and government, as well as in Jewish Bible translations.

**Anna of Byzantium** Routledge

One of the most important accounts of the Middle Ages, the history of Niketas Choniates describes the Byzantine Empire from 1118 to 1207. Niketas provides an eyewitness account of the sack of Constantinople by the Fourth Crusade.

**An Annotated Bibliography of Byzantine Sources in English Translation** BRILL

The seven vitae feature holy men and women who opposed imperial edicts and suffered for their defense of images, from the nun Theodosia whose efforts to save the icon of Christ Chalkites made her the first iconodule martyr, to Symeon of Lesbos, the pillar saint whose column was attacked by religious fanatics. Life of St. Theodosia of Constantinople Life of St. Stephen the Younger Life of St. Anthousa of Mantinea Life of St. Anthousa, Daughter of Constantine V Life of the Patriarch Nikephoros I of Constantinople Life of Sts. David, Symeon, and George of Lesbos Life of St. Ioannikios Life of St. Theodora the Empress

*A Flame In Byzantium* Oxford Early Christian Texts

The Festschrift contains several "firsts": the first English translation of Eustathius' Letter concerning the Two Natures against Severus, and the first critical editions (and studies) of an anonymous iambic canon on St John Chrysostom, of letter Z of the Etymologicum Symeonis, of

some additions to letter A in the Florilegium Coislinianum, of a possible credo of Metrophanes of Smyrna, of a letter by Nicolas Pepagomenos to Gregory Palamas, and of Maximus Confessor's Tomos to Stephen of Dor against the Ekthesis. The innovative studies in this volume deal with the Slavonic and Greek catenae on the Song of Songs, with Athanasius' Letter to Marcelinus, with an ascetic miscellany in a thirteenth-century Atheniensis, with the so-called 'First Chapter Titles' in the second recension of the Florilegium Coislinianum, with the date of composition of the Maximian Corpus, with Raimundus Lullus' knowledge of Byzantium, [Holy Women of Byzantium](#) Center For Romanian Studies Originally published in French in 1935, the author's formula Byzantium after Byzantium defines several centuries of world history. Iorga points out the great contributions of Byzantine civilization to the Western world, especially during the Renaissance. He demonstrates that Byzantium survived through its people and local autonomies, as well as through its exiles--clerics, scholars, merchants, and political officials. One of the most important expressions of this was found in the Romanian principalities where Greeks from the Phanar district of Istanbul played a major role in Romanian political life, defining an entire period of Romanian history--the Phanariot Period. They continued the Byzantine ideas, aspirations, education, and way of life. All of this allows us to speak of a Byzantium after Byzantium.

**Dreambooks in Byzantium** Pocket Essentials

Leontius of Byzantium (485-543) Byzantine monk and theologian who provided a breakthrough of terminology in the 6th-century Christological controversy over the mode of union of Christ's human nature with his divinity. He did so through his introduction of Aristotelian logical categories and Neoplatonic psychology into Christian speculative theology. His work initiated the later intellectual development of Christian theology throughout medieval culture. Brian E. Daley provides translation and commentary on the six theological works associated with the name of Leontius of Byzantium. The critical text and facing-page translation help make these works more accessible than ever before and provide a reliable textual apparatus for future scholarship of this key writing.

*The Fall of the Byzantine Empire* OUP Oxford

Mobility and migration were not uncommon in Byzantium, as is true for all societies. Yet, scholarship is only beginning to pay attention to these phenomena. This book presents in English translation a wide array of relevant source texts from ca. 650 to ca. 1450 originally written in medieval Greek: from administrative records, saints' lives and letters by churchmen to ego-documents by ambassadors and historical narratives by court historians. Each source text is accompanied by a detailed introduction, commentary and further bibliography, thus making the book accessible to both scholars and students and laying the groundwork for future research on the internal dynamics of Byzantine society.

[A Companion to Byzantium](#) Springer Nature

Lavishly illustrated, this history of the Byzantine empire is updated with a new Introduction and includes the most recent finds and interpretations.

**Decline and Fall of Byzantium to the Ottoman Turks** Routledge

The historical role of Photius has, all too often, been viewed only as it concerned the rift between the Western and Eastern Churches. He has been regarded either as the "Father of the Schism" or as the staunch defender of Greek Orthodoxy against the encroachments of Rome. It is hoped that by presenting the Homilies of Photius in English translation these one-sided views may to some extent be corrected. For, surprising though it may appear, we shall not find in the Homilies a single reference to the Papacy. When they are not purely didactic, the Homilies are dominated by such topics as the suppression of the Iconoclast movement, the re-establishment of sacred painting, the propagation of the true faith among heretics, and the quelling of internal division in the Church of Constantinople. -From the Introduction

**The Byzantine Republic** Harvard University Press

The wolves of Odin sail to the centre of the world: Constantinople. AD 1041. After successfully avenging the death of his father, Halfdan and the crew of the Sea Wolf seek adventure in strange new lands, far from their Scandinavian home. They join the fleet of Harald Hardrada, the legendary Viking commander, sailing back to Constantinople from the battlefields of Georgia. There they join the Varangians, the personal bodyguard of the Byzantine Emperors populated almost exclusively by Viking warriors. But Constantinople has changed during Hardrada's long absence. The Emperor, Michael IV, is ailing visibly, and powerful factions in his court are setting their plans in motion ahead of his inevitable demise. While courtiers scheme, elements even within the Varangian Guard are picking sides. Gunnhild, the seer among the Sea Wolf crew, has struck out on her own in the big city. Unable to join the all-male Guard alongside her friends, she establishes herself in a small side-street near the port as a healer and soothsayer, offering cures to the sick and glimpses of the future to the desperate, or the conspiratorial. But in all her visions she sees a wolf, a boar and a golden bear fighting together to support the Byzantine throne. The Norns aren't finished with them yet... The epic second instalment in the Wolves of Odin series, taking us to the heart of power in Constantinople and the desperate machinations of the Byzantine emperors. Perfect for fans of Bernard Cornwell, Giles Kristian and Angus Donald.

[A History of Byzantium](#) A&C Black

The acclaimed author of *Byzantium and the Crusades* "offers a fresh take on this fabled but hidden civilization" across 11 centuries of history (Colin Wells, author of *Sailing from Byzantium*). For more than a millennium, the Byzantine Empire presided over the juncture between East and West, as well as the transition from the classical to the modern world. Rather than recounting the standard chronology of emperors and battles, leading Byzantium scholar Jonathan Harris focuses each chapter of this engaging history on a succession of archetypal figures, families, places, and events. Harris's introduction presents a civilization rich in contrasts, combining orthodox Christianity with paganism, and classical Greek learning with Roman power. Though frequently assailed by numerous armies, Byzantium survived by dint of its unorthodox foreign policy. Over time, its sumptuous art and architecture flourished, helping to establish a deep sense of Byzantine identity in its people. Synthesizing a wealth of sources to cover all major aspects of the empire's social, political, military, religious, cultural, and artistic history, Harris's study illuminates the heart of Byzantine civilization and explores its remarkable and lasting influence on the modern world.

*Drosilla and Charikles* Harvard University Press

The revival of the art and architecture of the Byzantine Empire.

These ten holy women, whose vitae range from the tenth to the thirteenth centuries, represent a wide variety of Byzantine female saints. From nuns disguised as monks to desert harlots, these holy women exemplify some of the divergent paths to sanctification in Byzantium. These vitae are also notable for their details of Byzantine life, providing information on family life and household management, monastic routines, and even a smallpox epidemic. Life of St. Mary/Marinos Life of St. Matrona of Perge Life of St. Mary of Egypt Life of St. Theoktiste of Lesbos Life of St. Elisabeth the Wonderworker Life of St. Athanasia of Aegina Life of St. Theodora of Thessalonike Life of St. Mary the Younger Life of St. Thoma s of Lesbos Life of St. Theodora of Arta

*O City of Byzantium* Macmillan

Between AD 285, when Byzantium first separated from the Western Roman Empire, and 1461, when the last Byzantine splinter state disappeared, the Byzantine state and society underwent many crises, triumphs, declines and recoveries. Spanning twelve centuries and three continents, the Byzantine empire linked the ancient and modern worlds, shaping and transmitting Greek, Roman, and Christian traditions—including the Greek classics, Roman law, and Christian theology—that remain vigorous today, not only in Eastern Europe and the Middle East, but throughout western civilization.
