Stop Selling and Start Leading Simon and Schuster

Drawing on rich empirical work emerging from core conflict regions within the island nation of Sri Lanka, this book illustrates the critical role that women with disabilities play in post-armed conflict rebuilding and development. This pathbreaking book shows the critical role that women with disabilities play in post-armed conflict rebuilding and development. Through offering a rare yet important insight into the processes of gendered-disability advocacy activation within the post-conflict environment, it provides a unique counter narrative to the powerful images, symbols and discourses that too frequently perpetuate disabled women's so-called need for paternalistic forms of care. Rather than being the mere recipients of aid and help, the narratives of women with disabilities reveal the generative praxis of social solidarity and cohesion, progressed via their nascent collective practices of gendered-disability advocacy. It will be of interest to academics and students working in the fields of disability studies, gender studies, post-conflict studies, peace studies and social work.

[The Entrepreneurial Muse: Inspiring your Career in Classical Music](#) explores

principles of entrepreneurship in a classical music setting, inspiring students, emerging professionals, and educators alike to gain the broader perspective and strategic understanding required to negotiate the complex and ever-changing landscape of a professional music career. The author's own career journey creates an additional narrative intended to inspire a broader and more creative view of career possibilities. Readers will acquire strategic and observational tools designed to expand their view of possible career paths in classical music, stimulate creative thinking about how their unique skills can find value in the 21st-century marketplace, and realize their professional goals through the entrepreneurial process. And because entrepreneurship is itself a creative endeavor, readers will learn how entrepreneurship and artistic integrity in music can not only peacefully coexist, but actually nurture and inspire each other.

"A must-read for musicians young and old as well as general readers." — Joseph W. Polisi, President Emeritus, The Juilliard School
Choosing a career is one of the most important decisions we make in our lifetime. Career choice is more than just working to earn a living but also an important window into how we feel about ourselves. In this groundbreaking and provocative book, musician and psychologist Julie Jaffee Nagel explores how musicians' work beyond the COVID-19 pandemic casts a

light upon the necessity of rethinking, rebuilding, and possibly redesigning our concept of careers and music education in the arts. The book takes an interdisciplinary approach to a wide range of pressing topics such as career disillusionment, mental health in relation to lack of professional and personal security, the unavailability of jobs that reflect the depth of the musician's formal training and talent, and the healing role and value of musicians in a post-pandemic world. The pandemic was an unwelcome and sudden shock in the lives and careers of countless musicians, with many experiencing crises. Importantly, Nagel emphasizes that this trauma also has the potential to energize and expand horizons for rewarding, creative work. Musicians' gifts include resilience and discipline, and their art has important social value. Music has the power to be an aural antidote to some of society's ills—during trying times, it is vitally important to express and share the musician's artistic imagination and creativity in teaching studios, on stage, and through off stage interactions with others.

Bach's St. Matthew Passion is universally acknowledged to be one of the world's supreme musical masterpieces, yet in the years after Bach's death it was forgotten by all but a small number of his pupils and admirers. The public rediscovered it in 1829, when Felix Mendelssohn conducted the work before a glittering audience of Berlin artists and intellectuals, Prussian royals, and civic notables. The concert soon became the stuff of legend, sparking a revival of interest in and performance of Bach that has continued to this day. Mendelssohn's performance gave rise to the notion that recovering and performing Bach's music

was somehow "national work." In 1865 Wagner would claim that Bach embodied "the history of the German spirit's inmost life." That the man most responsible for the revival of a masterwork of German Protestant culture was himself a converted Jew struck contemporaries as less remarkable than it does us today—a statement that embraces both the great achievements and the disasters of 150 years of German history. In this book, Celia Applegate asks why this particular performance crystallized the hitherto inchoate notion that music was central to Germans' collective identity. She begins with a wonderfully readable reconstruction of the performance itself and then moves back in time to pull apart the various cultural strands that would come together that afternoon in the Singakademie. The author investigates the role played by intellectuals, journalists, and amateur musicians (she is one herself) in developing the notion that Germans were "the people of music." Applegate assesses the impact on music's cultural place of the renewal of German Protestantism, historicism, the mania for collecting and restoring, and romanticism. In her conclusion, she looks at the subsequent careers of her protagonists and the lasting reverberations of the 1829 performance itself.

Abrams Music librarianship; a profession that brings joy and satisfaction to many; is subject to constant change that requires, in turn, continual adaptation from its practitioners so that they become comfortable with new technologies and formats, changing standards, and fresh approaches. Relevant and solid training and education are crucial to success in this field, but they alone are insufficient to guarantee placement or promotion. Recent economic shifts have created additional instability, leaving graduates from programs in librarianship sometimes unemployed and with little feedback about the quality of their experience and education while their

employed counterparts likewise have little knowledge of their skills; relevance to the current job market. Knowledge of training, education, and current employer expectations for music librarians can help ease such concerns and pave the way for a successful career or career change. As with the two previous editions of *Careers in Music Librarianship*, this volume provides career resources and guidance for current and future librarians, as well as insights for mentors and educators working with these populations. With this volume, the contributors provide a selection of readings that can help people in and considering this profession to make realistic, informed, and strategic decisions about how to succeed in it. As the profession changes, so must the professionals within it, and everyone involved with music librarianship will benefit from the guidance offered in this exciting, new book.

Multi-platinum music producer and author of *Gotta Get Signed How To Become A Hip Hop Producer*, Sahpreem A. King is back with his long awaited follow up, *Surviving The Game How To Succeed In The Music Business*. In this book, Sahpreem takes music business newcomers by the hand and teaches

them how to succeed in the music business the do-it-yourself way. In addition, Sahpreem talks about music publishing, marketing and promotion, starting an online record label, the power of social media, and making money from your music without being signed to a record deal. Music is a business. That's what this book is all about. For a whole host of justifiable reasons, there have been numerous other books that have been published about the "talent side" of the music industry. What distinguishes this book is the author's firsthand experience in the industry from both the talent side and the business side. Artists from all genres of music, managers, producers, A&R directors, entertainment lawyers, PR consultants, label executives, and the public at large will benefit immeasurably from reading and studying King's advice and good counsel. Sahpreem King's practical approach on how to get into the music business, and how to do well as a result of your passion for the art form and your willingness to grind and work hard every day, is informed by his years of experience, first as a DJ and recording artist, and then as a successful producer. The book is more than an industry insider's view. Sahpreem tells you what to do and what not to do, from imparting to you his basic knowledge about music to the deeper wisdom that he has acquired over the last twenty years.

Two people are about to take off on a journey that could change their whole lives... As the plane surges up into the clouds, Stevie finds herself clutching the hand of the stranger sitting in the seat next to her. It is a moment that will change everything. But Ned is heading to see his dying mother, and Stevie is returning to France to escape a terrible loss in her past. Neither of them can think about that tiny flame that just flickered between them. But then their paths keep crossing, leading them both to the same beautiful community garden

in a small French village; run by a mysterious old man named Zeke – a man with many of his own secrets. As it becomes clear that fate is going to keep bringing them together – the two of them have to ask – are they ready for a happy-ever-after? Do they even know how to find it? As the seeds grow into plants and flowers all around them, Stevie begins to wonder if Zeke – and his garden – might just have the answers... *The Making Of Us* is a heart-warming, uplifting novel about love, heartbreak, and living your truest life. Perfect for fans of Lucy Diamond, Beth Moran, and Nicholas Sparks. Readers love Debbie Howells: 'Wow... this book. It's very rare that a book captivates me from the first few pages alone, but this one definitely did. This was so beautifully written and so well thought out. I flew through it. It's a raw story of friendship, love, grief, and so much more... Incredible.' Reader Review ★★★★ 'A massive WOW!... An emotional journey of heartbreak, grief and loss... A powerful, magical and quite simply beautiful read... You will lose your heart to this wonderfully touching and bittersweet tale.' Reader Review ★★★★ 'Oh boy! It's poignant, it's raw, it's blooming emotional. Tissues at the ready... We don't know what may be around the corner... A stunning read, one that took my breath away. Very highly recommended.' Reader Review ★★★★ 'A beautifully written tearjerker, and worth every single one of my tears! I'm not prone to getting sentimental, so that's saying a lot... It was sad and heartbreaking, but there was beauty... [It] reminds us of the power of love and what it can do... A five-star experience!' Reader Review ★★★★ 'A book that made me cry so much... about acceptance of loss and death... about soulmates and

friendship. I loved it.' Reader Review

"This volume advances understanding of the nature of current inequalities in the field of classical music production in the Global North, exploring why inequalities continue to exist, and asking what can be done to tackle ongoing exclusions. It constitutes an urgent intervention into these contemporary debates, drawing together ongoing and emergent analyses from scholars, activists and musicians in a variety of countries across Europe and North America to foreground both scholarly examination of these inequalities, alongside discussion of strategies and catalysts for change. Academic accounts investigate inequalities in higher education and the classical music industry, exploring racial, class and gender inequalities, 'authenticity', disability representation, changing the canon, and neoliberalism. The book also includes interviews with those working in the classical music industry where they reflect on issues of diversity and share insights and inspiration as well as good practice, putting into dialogue scholarly and industry-based accounts. Themes of the book include institutional legacies and possibilities for change; racial, gender and class inequalities and marginalised voices; and strategies for activism whether reflective practices, informal networks, or larger organisations leading change"--

The development of German pop music represents a fascinating cultural mirror to the history of post-war Germany, reflecting sociological changes and political developments. While film studies is an already established discipline, German pop music is currently emerging as a new and exciting field of academic study. This

pioneering companion is the first volume to provide a comprehensive overview of the subject, charting the development of German pop music from the post-war period 'Schlager' to the present 'Diskursrock'. Written by acknowledged experts from Germany, the UK and the US, the various chapters provide overviews of pertinent genres as well as focusing on major bands such as CAN, Kraftwerk or Rammstein. While these acts have shaped the international profile of German pop music, the volume also undertakes in-depth examinations of the specific German contributions to genres such as punk, industrial, rap and techno. The survey is concluded by an interview with the leading German pop theorist Diedrich Diederichsen. The volume constitutes an indispensable companion for any student, teacher and scholar in the area of German studies interested in contemporary popular culture.

Preparing Musicians for Precarious Work: Transformational Approaches to Music Careers Education promotes career counselling-informed techniques that encourage and guide musicians to drive

their careers in necessary new directions. In exposing the 'dark side' of precarious work in the arts sector, these approaches acknowledge the high levels of risk many musicians face and focus on the fundamental and urgent skills they need to navigate uncertainty and hardship. The author calls for a greater recognition of the psychological magnitude of managing such work, drawing upon training as a career counsellor and the lived experience of a career musician to advance transformative learning principles as pathways for artists, students, and

educators alike. Representing a radical shift from the content-knowledge approach to career development, a counselling-informed method is fortified by a broad range of ideas from vocational psychology and narrative therapy, emphasising the importance of change readiness and flexible identities while identifying the need for a post-portfolio paradigm. *Preparing Musicians for Precarious Work* proposes a new model for musicians' career learning – the CHOICE model – in a timely and practical guide for 21st-century musicians looking to future-proof their careers.
