As evidenced by the yellow vests protest movement that began in France in 2018, the state of the French nation inspires gloom among many of its citizens.

Brigitte Granville views this malaise as a peculiarly French symptom of the difficulties experienced by many advanced industrial democracies in the face of globalization, technology, and mass immigration. Granville brings trenchant criticism to bear in this wide-ranging survey of the political economy of contemporary France, building her case for the prosecution on the self-reinforcing rigidity produced by a narrow Parisian oligarchy that is both entitled and intellectually hidebound. *What Ails France?* applies an economist's vision to the monetary and fiscal pathologies flowing from this ideologically motivated technocratic rule, reflected in Europe's flawed monetary union, runaway indebtedness, and chronically high structural unemployment. The author marshals academic research from a wide range of disciplines to fuel a provocative and at times contentious analysis, proposing various treatments for French ailments that would reinvigorate the republican value of *liberté* with a new

local slant. A refreshing, ideologically freewheeling discussion, *What Ails France?* provides a positive take on the innovations of our digital age, exploring their potential to bring about a more representative democracy and a fairer society.

This book profiles 24 athletes who overcame seemingly insurmountable medical odds to attain athletic success. Each profile describes the athlete's problem, the medical issues he or she faced, how success was achieved despite the setback, and the personal qualities that helped the athlete to prevail. Part I features 15 athletes who dealt with diseases and physical disabilities, including Babe Didrikson Zaharias (cancer), Ron Santo (diabetes),

Gail Devers (Graves' disease), Alonzo Mourning (kidney disease), Wilma Rudolph (polio), Scott Hamilton (a pancreatic disorder in childhood) and Jimmy Abbott (born with one hand). Part II highlights nine athletes who dealt with near-fatal or life-changing accidents and injuries, including Bill Toomey, Three-Finger Brown, Greg LeMond, Lou Brissie and Tommy John.

Une rétrospective magnifiquement illustrée qui donne à la France la place qui lui revient. La France, à l'instar de son voisin britannique, a une histoire fondatrice et prépondérante dans le développement du golf. Philippe Freling auteur de documentaires et Alexis Orloff, photographe officiel de la fédération française de golf en France, partent à la rencontre de cette France des fairways et des greens et retracent dans cet ouvrage unique une histoire multifacette. Une histoire dans l'Histoire de France ; une histoire architecturale, avec ses club-houses ; une histoire géographique et comment chaque parcours a su se modeler aux reliefs français ; une histoire sportive, avec l'évolution de ses parcours, de ses trophées, de ses champions made in France ; une histoire sociale, avec la démocratisation qui s'est opérée au cours des dernières décennies ; une histoire patrimoniale, avec le savoir-vivre, la french étiquette, les traditions qui se transmettent de génération en génération...

The Beginnings of New France, 1524-1663 Rick Steves

Plus de 6 % du PIB français, près d'un million d'emplois directs non délocalisables, un solde excédentaire de 7,8 milliards d'euros dans la balance des paiements ! Des chiffres qui feraient rêver n'importe quel secteur d'activité français. Ces chiffres sont ceux du tourisme, pourtant grand oublié des débats politiques en cette période de campagne. C'est pourquoi le Club France Terre de Tourisme a souhaité qu'enfin on parle tourisms, dans toutes leurs richesses et leurs variétés. En donnant la parole à des professionnels et à des parlementaires de droite et de gauche, ce livre rappelle que le secteur touristique, au-delà des clivages politiques, revêt un exceptionnel potentiel de croissance pour la France. Il avance des propositions concrètes et opérationnelles pour que la France retrouve enfin une politique touristique ambitieuse.
