Achtung-Panzer! Berghahn Books

Without deifying its subject, this biography looks at the life of Nelson Mandela, placing his awe-inspiring political accomplishments into historical context for young readers.

Tacky Vandenhoeck & Ruprecht

Utilizing a great variety of previously unknown cuneiform

tablets, Ancient Babylonian Medicine: Theory and Practice examines the way medicine was practiced by various Babylonian professionals of the 2nd and 1st millennium B.C. Represents the first overview of Babylonian medicine utilizing cuneiform sources, including archives of court letters, medical recipes, and commentaries written by ancient scholars. Attempts to reconcile the ways in which medicine and magic were related. Assigns authorship to various types of medical literature that were previously considered anonymous. Rejects the approach of other scholars that have attempted to apply modern diagnostic methods to ancient illnesses.

Studies in the Iconography of Northwest Semitic Inscribed Seals
Independently Published

The work proposed is an English translation of the original German edition: (Theologische Ethik des Alten Testaments). Key Features: * The most thorough and comprehensive testament of the ethics of the Old Testament available in the English language. * Focused on the Law as the basis and source of all later ethical teaching in the Old Testament. * Written by an internationally scholar on the subject. Key Benefits: * The reader will gain comprehensive understanding of the ethics of the Old Testament. * The reader will gain a profound understanding of the foundational position and crucial importance of Law in Hebrew scripture. * Professors will find the sort of single-volume textbook they have been seeking for classroom use.

A History of Matrimonial Institutions Chiefly in England and the United States Teseo

A study of how bonds of kinship, friendship and lordship shaped medieval European political life.

Humiliation: besonders

demütigende Spiele. 6. PartyPlay: Ideen für BDSM-Partyspaß und mehrere Mitspielerinnen. Enjoy!

The Panjábí Dictionary Readme Publishing

Merezhkovsky's bold claim that "all Russian literature is, to a certain degree, a struggle with the temptation of demonism" is undoubtedly justified. And yet, despite its evident centrality to Russian culture, the unique and fascinating phenomenon of Russian literary demonism has so far received little critical attention. This substantial collection fills the gap. A comprehensive analytical introduction by the editor is followed by a series of fourteen essays, written by eminent scholars in their fields. The first part explores the main shaping contexts of literary demonism: the Russian Orthodox and folk tradition, the demonization of historical figures, and views of art as intrinsically demonic. The second part traces the development of a literary tradition of demonism in the works of authors ranging from Pushkin and Lermontov, Gogol and Dostoevsky, through to the poets and prose writers of modernism (including Blok, Akhmatova, Bely, Sologub, Rozanov, Zamiatin), and through to the end of the 20th century.

111 SM Spielideen, Herrin - Sklave John Wiley & Sons

Over the past 20 years European theatre underwent fundamental changes in terms of aesthetic focus, institutional structure and in its position in society. The impetus for these changes was provided by a new generation in the independent theatre scene. This book brings together studies on the state of independent theatre in different European countries, focusing on the fields of dance and performance, children and youth theatre, theatre and migration and post-migrant theatre. Additionally, it includes essays on experimental musical theatre and different cultural policies for independent theatre scenes in a range of European countries.

From its ancient incarnation as a song to recent translations in modern languages, Homeric epic remains an abiding source of inspiration for both scholars and artists that transcends temporal and linguistic boundaries. The Cambridge Guide to Homer examines the influence and meaning of Homeric poetry from its earliest form as ancient Greek song to its current status in world literature, presenting the information in a synthetic manner that allows the reader to gain an understanding of the different strands of Homeric studies. The volume is structured around three main themes: Homeric Song and Text; the Homeric World, and Homer in the World. Each section starts with a series of 'macropedia' essays arranged thematically that are accompanied by shorter complementary 'micropedia' articles. The Cambridge Guide to Homer thus traces the many routes taken by Homeric epic in the ancient world and its continuing relevance in different periods and cultures.

Philosophi Platonici Vintage

An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the *Catapult* column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing

thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. A Schoolboy's Diary brings together more than seventy of Robert Walser's strange and wonderful stories, most never before available in English. Opening with a sequence from Walser's first book, "Fritz Kocher's Essays," the complete classroom assignments of a fictional boy who has met a tragically early death, this selection ranges from sketches of uncomprehending editors, overly passionate readers, and dreamy artists to tales of devilish adultery, sexual encounters on a train, and Walser's service in World War I. Throughout, Walser's careening, confounding, delicious voice holds the reader transfixed. [111 SM Spielideen Herrin - Sklave, Band 2](#) State University of New York Press

From one of America's most renowned film scholars: a revelatory, perceptive, and highly readable look at the greatest silent film stars -- not those few who are fully appreciated and understood, like Chaplin, Keaton, Gish, and Garbo, but those who have been misperceived, unfairly dismissed, or forgotten. Here is Valentino, "the Sheik," who was hardly the effeminate lounge lizard he's been branded as; Mary Pickford, who couldn't have been further from the adorable little creature with golden ringlets that was her film persona; Marion Davies, unfairly pilloried in Citizen Kane; the original "Phantom" and "Hunchback," Lon Chaney; the beautiful Talmadge sisters, Norma and Constance. Here are the great divas, Pola Negri and Gloria Swanson; the great flappers, Colleen Moore and Clara Bow; the great cowboys, William S. Hart and Tom Mix; and the great lover, John Gilbert. Here, too, is the quintessential slapstick comedienne, Mabel Normand, with her Keystone Kops; the quintessential all-American hero, Douglas Fairbanks; and, of course, the quintessential all-American dog, Rin-Tin-Tin. This is the first book to anatomize the major silent players, reconstruct their careers, and give us a sense of what those films, those stars, and that Hollywood were all about. An absolutely essential text for anyone seriously interested in

movies, and, with more than three hundred photographs, as much a treat to look at as it is to read.

Knopf

Disgust (Ekel, dégoût) is a state of high alert. It acutely says "no" to a variety of phenomena that seemingly threaten the integrity of the self, if not its very existence. A counterpart to the feelings of appetite, desire, and love, it allows at the same time for an acting out of hidden impulses and libidinal drives. In *Disgust*, Winfried Menninghaus provides a comprehensive account of the significance of this forceful emotion in philosophy, aesthetics, literature, the arts, psychoanalysis, and theory of culture from the eighteenth century to the present. Topics addressed include the role of disgust as both a cognitive and moral organon in Kant and Nietzsche; the history of the imagination of the rotting corpse; the counter-cathexis of the disgusting in Romantic poetics and its modernist appeal ever since; the affinities of disgust and laughter and the analogies of vomiting and writing; the foundation of Freudian psychoanalysis in a theory of disgusting pleasures and practices; the association of disgusting "otherness" with truth and the trans-symbolic "real" in Bataille, Sartre, and Kristeva; Kafka's self-representation as an "Angel" of disgusting smells and acts, concealed in a writerly stance of uncompromising "purity"; and recent debates on "Abject Art."

The Iconography of the Canaanite Gods Reshef and Ba'al Saint-Paul

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed

forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Athenaeus and His World Springer Nature

In 2001, the consequences of almost three decades of neoliberalism made Argentina collapse. Out of the ashes of the ensuing social convulsion arose many different attempts by people to take the future into their own hands. Among them were the workers who started to put bankrupt, abandoned factories to work again in spite of the skepticism of politicians and part of society. Their successful stories surprised those who had expected them to fail and encouraged others to follow their example. In 2003, Esteban Magnani worked for Avi Lewis and Naomi Klein on a documentary on the phenomenon called The Take and wrote a book on recovered factories which is now being reprinted with an update for English speakers.

Pastoral Medicine SCB Distributors

An international team of literary specialists explore Athenaeus' work as a whole, and in its own right. Almost all classicists and ancient historians make use of Athenaeus; 'Athenaeus and his World' is the first sustained attempt to understand and explore his work as a whole, and in its own right. The work emerges as no mere compendium of earlier texts, but as a vibrant work of complex structure and substantial creativity. The book makes sense of the massive and polyphonous *Deipnosophistae*, the quarry upon which classicists and ancient historians depend for their knowledge of much ancient literature, particularly Comedy, and also the source of much of the data used by modern historians for the social history of the classical and Hellenistic worlds. The 41 chapters; written by an international team of literary specialists and historians, each tackle a significant

feature, and the book is divided into seven sections, each prefaced by introductory remarks from the editors.
