 "Soon after American colonists had won independence from Great Britain, Ona Judge was fighting for her own freedom from one of America's most famous founding fathers, George Washington. George and Martha Washington valued Ona as one of their most skilled and trustworthy slaves, but she would risk everything to achieve complete freedom. Born into slavery at Mount Vernon, Ona seized the opportunity to escape when she was brought to live in the President's Mansion in Philadelphia. Ona fled to New Hampshire and started a new life. But the Washingtons wouldn't give up easily. After her escape, Ona became the focus of a years-long manhunt, led by America's first president. Gwendolyn Hooks' vivid and detailed prose captures the danger, uncertainty, and persistence Ona Judge experienced during and after her heroic escape."--Provided by publisher.

 The Surprising Story of Hedy Lamarr, "The Most Beautiful Girl in the World" As a teenage actress in 1920s Austria, performing on the stage and in film in light comedies and musicals, Hedy Kiesler, with her exotic beauty, was heralded across Europe by her mentor, Max Reinhardt. However, it was her nude scene, and surprising dramatic ability, in *Ecstasy* that made her a star. *Ecstasy's* notoriety followed her for the rest of her life. She married one of Austria's most successful and wealthy munitions barons, giving up her career for what seemed at first a fairy-tale existence. Instead, as war clouds loomed in the mid-1930s, Hedy discovered that she was trapped in a loveless marriage to a controlling, ruthless man who befriended Mussolini, sold armaments to Hitler, yet hid his own Jewish heritage to become an "honorary Aryan." She fled her husband and escaped to Hollywood, where M-G-M changed her name to Hedy Lamarr and she became one of film's most glamorous stars. She worked with such renowned directors as King Vidor, Victor Fleming, and Cecil B. DeMille, and appeared opposite such respected actors as Clark Gable, Spencer Tracy, John Garfield, and James Stewart. But as her career waned, her personal problems and legal wranglings cast lingering shadows over her former image. It wasn't until decades later that the world was stunned to learn of her unexpected role as the inventor of a technology that has become an essential part of everything from military weaponry to cell phones—proof that Hedy Lamarr was far more than merely

Delilah to Victor Mature's Samson. She demonstrated a creativity and an intelligence she had always possessed. Stephen Michael Shearer's in-depth and meticulously researched biography, written with the cooperation of Hedy's children, intimate friends, and colleagues, separates the truths from the rumors, the facts from the fables, about Hedy Lamarr, to reveal the life and character of one of classic Hollywood's most beautiful and remarkable women.

 The dramatic story of neighbors in a small Danish fishing village who, during the Holocaust, shelter a Jewish family waiting to be ferried to safety in Sweden. It is 1943 in Nazi-occupied Denmark. Anett and her parents are hiding a Jewish woman and her son, Carl, in their cellar until a fishing boat can take them across the sound to neutral Sweden. Worried about their safety, Anett devises a clever and unusual plan for their safe passage to the harbor. Based on a true story.

 A New York Times bestseller with an "engaging narrative and array of detail" (The Wall Street Journal), the "intimate and sweeping" (Raleigh News & Observer) untold, true story behind the Biltmore Estate—the largest, grandest private residence in North America, which has seen more than 120 years of history pass by its front door. The story of Biltmore spans World Wars, the Jazz Age, the Depression, and generations of the famous Vanderbilt family, and features a captivating cast of real-life characters including F. Scott Fitzgerald, Thomas Wolfe, Teddy Roosevelt, John Singer Sargent, James Whistler, Henry James, and Edith Wharton. Orphaned at a young age, Edith Stuyvesant Dresser claimed lineage from one of New York's best known families. She grew up in Newport and Paris, and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society. But none of this prepared her to be mistress of Biltmore House. Before their marriage, the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European-style estate on 125,000 acres of North Carolina wilderness. He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds, collaborated with celebrated architect Richard Morris Hunt to build a 175,000-square-foot chateau, filled it with priceless art and antiques, and erected a charming village beyond the gates. Newlywed Edith was now mistress of an estate nearly three times the size of Washington, DC and benefactress of the village and

surrounding rural area. When fortunes shifted and changing times threatened her family, her home, and her community, it was up to Edith to save Biltmore—and secure the future of the region and her husband's legacy. This is the fascinating, "soaring and gorgeous" (Karen Abbott) story of how the largest house in America flourished, faltered, and ultimately endured to this day. *Hedy's Journey* Sourcebooks, Inc.

Hedy Lamarr: An Incredible Life Macmillan
 A Hard Journey brings to life Don West: poet, ordained Congregationalist minister, labor organizer, educator, leftist activist, and one of the most important literary and political figures in the southern Appalachians during the middle years of the twentieth century. Initially motivated by religious conviction and driven by a vision of an open, democratic, and nonracist society, West was also a passionate advocate for the region's traditional values. This biography balances his literary work with political and educational activities, placing West's poetry in the context of his fight for social justice and racial equality. James J. Lorence uses previously unexamined sources to explore West's early involvement in organizing miners and other workers for the Socialist and Communist Parties during the 1930s. In documenting West's lifetime commitment to creating a nonracist, egalitarian South, *A Hard Journey* furnishes the spotlight he deserves as a pioneering figure in twentieth-century Southern radicalism.

Based on the acclaimed HBO documentary, the astonishing true story of how one American couple transported fifty Jewish children from Nazi-occupied Austria to America in 1939—the single largest group of unaccompanied refugee children allowed into the United States—for readers of *In the Garden of Beasts* and *A Train in Winter*. In early 1939, America's rigid immigration laws made it virtually impossible for European Jews to seek safe haven in the United States. As deep-seated anti-Semitism and isolationism gripped much of the country, neither President Roosevelt nor Congress rallied to their aid. Yet one brave Jewish couple from Philadelphia refused to silently stand by. Risking their own safety, Gilbert Kraus, a successful lawyer, and his stylish wife, Eleanor, traveled to Nazi-controlled Vienna and Berlin to save fifty Jewish children. Steven Pressman brought the Kraus's rescue mission to life in his acclaimed HBO documentary, *50 Children*. In this book, he expands upon the story related in the hour-long film, offering additional historical detail and context to offer a rich, full portrait of this ordinary couple and their extraordinary actions. Drawing from Eleanor Kraus's unpublished memoir, rare historical documents, and interviews with more than a dozen of the surviving children, and illustrated with period photographs, archival materials, and memorabilia, *50 Children* is a remarkable tale of personal courage and triumphant heroism that offers a fresh, unique insight into a critical period of history.
