This lavish fourth volume in Abrams' Slim Aarons collection revels in this photographer's decades-long love affair with Italy. From breathtaking aerials of the Sicilian countryside to intimate portraits of celebrities and high society taken in magnificent villas, Slim Aarons' *La Dolce Vita* captures the essence of

"the good life." Slim Aarons first visited Italy as a combat photographer during World War II and later moved to Rome to shoot for Life magazine, yet even after relocating to New York, he would return to Italy almost every year for the rest of his life. The images collected here document the aristocracy, cultural elite, and beautiful people, such as Marcello Mastroianni, Ursula Andress, Joan Fontaine, and Tyrone Power, who lived la dolce vita in Italy's most fabulous places during the last 50 years. The introduction by Christopher Sweet shares stories from Aarons's years in Italy and new insights about his life and career. Also available from Slim Aarons: Slim Aarons: Women, Slim Aarons: Once Upon a Time, Slim Aarons: A Place in the Sun, and Poolside with Slim Aarons.

Italy boasts a rich cultural history that has found its expression in beautiful, powerful architectural forms, at times measured and hidden, at times ostentatious and triumphant. This volume focuses on about thirty residential villas and palaces, giving the reader the opportunity to visit the magnificent palaces of Venice, Genoa, and Mantua, the elegant villas designed by Palladio and decorated by Tiepolo; the country villas of Tuscany, hidden in olive groves and vineyards; and the

austere palaces of Florence-not to mention the Versaces' villa on Lake Como. The interiors of these palaces are magnificent to behold: splendid tapestries, exquisite paintings and murals, sumptuous furniture and interior decoration of all kinds, from elegant carved molding to magnificently inlaid and tiled floors to beautiful renaissance, baroque, and neoclassical furniture. Hitch Apa Publications (UK) Limited Italian gardens vary widely according to their historical date and geographic location. This collection approaches Italian gardens of all periods, from the middle ages to modern times, and it ranges widely throughout the peninsula, from Genoa to Sicily, the Veneto to Liguria, and Ferrara to Florence. The authors are a distinguished group of

Italian, American, English and German scholars, with different backgrounds in art history, literature, architecture, planning, and cultural history. The explorations of the subject from these different perspectives illuminate not only their own disciplines, but are concerned to make many fresh connections between garden art and the politics of nationalism, between the art of gardens and urban infrastructure, between cultural movements like freemasonry and site planning, between design and planting materials. The book offers therefore a narrative of the garden by selecting ten high points of its history, which are introduced with a consideration by the volume editor of the fresh challenges to contemporary Italian garden history.

This region, steep in history and charm, is one of the most photogenic areas of Italy. Milan may be the fashion capital of the world, however, the region's beauty is more than skin deep. Milan's Duomo, Castello Sforzesco and Leonardo da Vinci's Last Supper are visual treats, but the city's opera and jazz scenes are renowned. Superb industrial design is intrinsic, but the cuisine has an earthiness extending from humble polenta to hearty osso bucco and to the region's understated wines and cheeses. Only a short trip from Milan; the turquoise lakes boast majestic castles and elegant villas reflected in the mirror-

like surfaces, offset by the mountains where Northern Italy's adrenalin junkies and young jetsetters make the ski fields their playground.

The gardens of the Italian Lakes are a favourite destination for garden lovers and groups. The gardens around Lake Como and Lake Maggiore, in the far north of Italy, are admired throughout the world for their beauty and variety in a magnificent natural location. This book sets out to become the standard work on these gardens as there is nothing of this kind on the market at the moment. It will appeal both to the specialist and enthusiast preparing for a visit. The common factor for all these gardens is their setting in this landscape of

exceptional scenery. Lake Como is a deep lake hemmed in like a fjord by towering mountains. Lake Maggiore has more the character of an inland sea, with ferries crossing to the famous island gardens for an afternoon in another world. Both lakes are lined with the towers, villas and grand hotels that speak of a complex history including key events in Italy's struggle to achieve nationhood, inspiration for a string of illustrious writers and composers, and a long line of distinguished visitors. The gardens include: Villa Melzi, Bellagio: an early 19th-century romantic park on the lake shore Villa Carlotta, Cadenabbia: a terraced 17th-century property with woodland Villa del Balbianello, Lenno: a famously picturesque loggia Villa D'Este, Cernobbio: a 16th-century cascade

garden with royal connections Villa Cicogna Mozzoni, Bisuschio: an intact 16th-century villa garden Villa Della Porta Bozzolo, Casalzuigno: a rural baroque garden Isola Bella, Stresa: a well-known island garden Isola Madre, Stresa: an island retreat of flowers and birds Villa San Remigio, Pallanza: an Edwardian garden made by two lovers Villa Taranto, Pallanza: one of the world's great woodland gardens
