Geheimnis Oxford University Press

A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties*. In the Dream House is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, *Star Trek*, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

The definitive chronicle of underground music in the 1980s tells the stories of Black Flag, Sonic Youth, The Replacements, and other seminal bands

whose DIY revolution changed American music forever. *Our Band Could Be Your Life* is the never-before-told story of the musical revolution that happened right under the nose of the Reagan Eighties -- when a small but sprawling network of bands, labels, fanzines, radio stations, and other subversives re-energized American rock with punk's do-it-yourself credo and created music that was deeply personal, often brilliant, always challenging, and immensely influential. This sweeping chronicle of music, politics, drugs, fear, loathing, and faith is an indie rock classic in its own right. The bands profiled include: Sonic Youth Black Flag The Replacements Minutemen Husker Du Minor Threat Mission of Burma Butthole Surfers Big Black Fugazi Mudhoney Beat Happening Dinosaur Jr. Ruth-Esther Oxford University Press

In the summer of 1978, the B-52's conquered the New York underground. A year later, the band's self-titled debut album burst onto the Billboard charts, capturing the imagination of fans and music critics worldwide. The fact that the group had formed in the sleepy southern college town of Athens, Georgia, only increased the fascination. Soon, more Athens bands followed the B-52's into the vanguard of the new American music that would come to be known as "alternative," including R.E.M., who catapulted over the course of the 1980s to the top of the musical mainstream. As acts like the B-52's, R.E.M., and Pylon

drew the eyes of New York tastemakers southward, they discovered in Athens an unexpected mecca of music, experimental art, DIY spirit, and progressive politics--a creative underground as vibrant as any to be found in the country's major cities. In Athens in the eighties, if you were young and willing to live without much money, anything seemed possible. *Cool Town* reveals the passion, vitality, and enduring significance of a bohemian scene that became a model for others to follow. Grace Elizabeth Hale experienced the Athens scene as a student, small-business owner, and band member. Blending personal recollection with a historian's eye, she reconstructs the networks of bands, artists, and friends that drew on the things at hand to make a new art of the possible, transforming American culture along the way. In a story full of music and brimming with hope, Hale shows how an unlikely cast of characters in an unlikely place made a surprising and beautiful new world.

A rhyming romp of a tale about a badger and a band of bunnies. Lavinia the badger loves vegetables and tends her garden with care, but one morning she discovers that her lettuce has been nibbled and her potatoes and beans have disappeared! She decides to set a snare for the culprit, who turns out to be a frightened bunny. When Lavinia threatens to turn him into stew, the bunny pleads for his life, promising a rich reward if she lets him go. The next night, when the moon rises, Lavinia is amazed to see dozens and dozens of bunnies in her garden, carrying banjos, bassoons, harps, ukuleles, trumpets, bagpipes, fifes and drums. Night after night, the bunnies play enchanting music, and Lavinia's vegetables grow and grow and grow. At the end of the season, Lavinia lays her table with a wonderful vegetable feast for the bunny band, who promise they'll return in the spring. Once again, Bill Richardson and Roxanna Bikadoroff bring us a story full of old-fashioned charm and humor — a pure delight. Hi everyone, This book is pretty much our official story so far. It really does seem only like last week we played our first gig at the Annandale Hotel in Sydney. Since then we've been given the opportunity to turn into the people and musicians we wanted to be. The people who gave us the opportunity were the fans. So this book is like a thank-you. We want everyone to know the story of how four western Sydney teenagers picked up their instruments and dreamed of being one of the biggest bands in the world. There are also some embarrassing photos of us derping around and some facts that some of us didn't even know. So we hope you enjoy it! Love, cal, luke, ash, and mike x
