Four-time Formula One Drivers' Champion Alain Prost is one of the best racing drivers of all time. Having discovered karting at the age of 14 during a family holiday, Prost progressed through motorsport's junior ranks, winning the French and European Formula Three championships, before joining the McLaren Formula One team in 1980 at the age of 24. In his six seasons with McLaren, Alain Prost won 30 races and three driving titles and in 1985 he became the

first French World Champion. In 1986 he became the first back-to-back champion since Jack Brabham 26 years earlier. In 1987, his 28th Grand Prix victory beat Jackie Stewart's 14-year-old record. However, in 1988 his brilliant new team mate Ayrton Senna won eight races and the driving title. Thus began the sensational rivalry that conspired to push two of the sport's greatest drivers to unprecedented heights of success and controversy, and the most bitter feud in Formula One history. *Motor Cycling and Motoring Veloce* Publishing Ltd
After 20 years of glorious 'failure', the best-loved team in Formula One is consigned to the

history books, and it deserves one of its own. Minardi had a successful time in Formula Two until the tiny Italian outfit was ready to hit the big time in 1985. It somehow survived in F1's shark-infested waters as bigger teams (Lotus, Arrows, Tyrrell) were dragged under. They have a truly international fan-base and are the 'second team' of most F1 devotees. Minardi is held in such affection as everyone loves the plucky underdog - Minardi's annual budget would have lasted one month at the other Italian team up the road. Yet, from its plant in Faenza near Bologna, Minardi has produced cars that qualify, sometimes score points and often lead the way in their

technology. Gian Carlo Minardi also developed a reputation as a fabulous talent-spotter - Fisichella, Trulli, Webber and the youngest ever World Champion Alonso all started their F1 careers with Minardi. For the last five years, Minardi was owned by controversial Australian tycoon Paul Stoddart. Cast as David against the Goliath of F1's governing body, Stoddart constantly hit the headlines as he tried to get a more equal share of the sport's billions. Ultimately, he failed and Red Bull has now bought the team. Despite a petition of 15,000 names, the Minardi name has vanished from the F1 grid and true motorheads miss it. This is the one and

only inside account, with exclusive, comprehensive interviews with bosses, drivers and engineers. 140 unique photos complete this revalationary tale.

Martin Hines is the man who discovered the sensational and talented F1 World Champion Lewis Hamilton. He is the world's most successful kart driver with 17 major championships including three world titles and five European, the last of which he won at the age of 56 after beating cancer. Along the way he discovered and nurtured F1 superstars like David Coulthard, Anthony Davidson and Lewis Hamilton, and future stars Gary Paffett and Oliver

Rowland. He built Zip Karts into the industry's most influential company, at the forefront of sport-changing innovations like indoor karting. But his autobiography is far more than the story of a successful kart king. The action will leave you breathless and the anecdotes will make you laugh. This is a must read book for motorsport lovers and also for everyone who appreciates a life lived as though every split second counts.

Great Racing Cars of the World Oak Tree

Press (Ireland)
 For nearly forty years he has ruthlessly exploited and dominated Formula One motor racing, and now he is setting his sights further afield...This is the true story of Bernie Ecclestone, the street-smart, working-class kid who masterminded

the transformation of Formula One from an amateur sport of the fifties into a global billion dollar industry of the 21st century. Now, with his GBP2.5bn fortune, influence and power, Bernie has moved into the world of football with Renault F1 boss Flavio Briatore to turn Queen's Park Rangers, a struggling west London club, into a serious rival to the capital's glamour club, Chelsea. To many he was the saviour of Formula One, but there are also those who came into conflict with his methods. They have a different story to tell. Bernie Ecclesone, King of Sport reveals the unbridled avarice, callousness and corruption behind the hype of Formula One - and the warts-and-all

character of the man who is now making his mark on the beautiful game. This is the true, astonishing story of the single most powerful man in the world of sport today.

The Golden Milestone HarperCollins

The two protagonists who are as different as chalk from cheese. The charismatic dare-devil Guido, though endowed with immense personal charm, and innate abilities as a leader of men (as well as being the darling of all the girls), is subtly flawed, and unable to match his own significant aspirations. Guido's prophetic idealism, and his frustrated attempts to escape his lower-class origins and change the world, nevertheless seem doomed to failure. He

eventually writes a best-selling book, highly acclaimed by the critics, in which he condemns the social mores of the Italian seventies—corruption, terrorism, bombs and anarchy. Although, through his novel, he is initially acclaimed as a prophet of sorts, he predictably falls victim to vitriolic, self-serving critics who enjoy demolishing him. Eventually, despite his enormous talent, Guido will remain an eternal dreamer; whereas his closest friend who has always depended on him—the insecure narrator, Mario, always the more practical and circumspect of the two—will finally learn to actualize his own dreams, helping to change the world through actualizing his own dream of

authenticity. Meanwhile, the alienated Guido will succumb to his own inevitable destiny.

What if Ayrton Senna had survived his Imola 1994 accident? What if Gilles Villeneuve hadn't died at Zolder in 1982? What if Stirling Moss hadn't crashed at Goodwood in 1962? What if Alberto Ascari had survived his 1955 testing-accident at Monza? This book explores those rivalries by assuming that drivers' injuries from crashes were not fatal, and pits the drivers up against their peers once more.

In the late eighties and early nineties, Formula One was at its most explosive, with thrilling races, charismatic drivers, nail-biting climaxes - and the

most deadly rivalry ever witnessed in sport. Two of Formula One's most honoured champions and iconic figures drove together for McLaren for two seasons, and their acrimonious and hostile relationship extended even after one of them had left the team. ALAIN PROST, France's only F1 world champion, the intelligent, smooth driver with the epithet 'Le Professeur'. AYRTON SENNA, the mercurial kid from a privileged background in Sao Paolo who would become the most intense and ruthless racing driver the world has ever seen. It was a story that would have a tragic ending. As the great rivals raced to victory, their relationship deteriorated badly,

beginning with the breaking of a gentleman's agreement, and public spats followed, culminating in Prost accusing Senna of deliberately trying to ride him off the circuit, and fearful that the Brazilian would get someone killed with his daring overtaking feats. And the final, sad act of this drama happened at the San Marino Grand prix at Imola in May 1994, when Senna was killed. Featuring a rare interview with Prost, and insight from Martin Brundle, Damon Hill, Sir Frank Williams, Bernie Ecclestone, Derek Warrick, Johnny Herbert, Gerhard Berger, plus McLaren insiders and other F1 figures, Malcolm Folley provides us with a breath-taking account

of one of the all-time classic sporting rivalries. *Notes and Documents - Centre Against Apartheid* Troubador Storia
In 1965, Colin Chapman persuaded Ford to underwrite development of a V8 for the new 3000cc Grand Prix formula. Built by Cosworth, the new DFV engine won Lotus four World Championship Grands Prix in 1967. A year later, and now available to other constructors, the engine began its domination of Grand Prix racing.
