The Bone Man is the second book in the internationally successful Detective Brenner series. In this latest episode, the hilariously wry and rueful Colombo of Austria, Steve Brenner, looks into a grisly murder at a much-loved chicken restaurant. Some of the bones within don't quite look like they came from chickens, it would be fair to say. Wolf Haas has written another quirky tale that's both funny and dark, rooted in the perversities of modern-day politics. The Bone Man is a timely, edgy story featuring a protagonist it's hard not to love.

The Invisible Wall is one man's quest to understand the failure of the German-Jewish relationship and to explain the character and attitudes of Germany's assimilated Jews over a three hundred-year period. He found rich and remarkable stories in the lives of six Blumenthal ancestors--all of whom happened to be major figures in German-Jewish history. Jost Liebmann, an itinerant peddler of trinkets and cheap jewels who became court jeweler to the Brandenburg nobility; Rahel Varnhagen von Ense, whose Berlin salon was the meeting place of Prussia's intellectual elite; Giacomo Meyerbeer, a celebrated composer of grand opera who dealt with the antisemitism he encountered by ceaselessly striving for success; Louis Blumenthal, a respected businessman and founder of his town's bank; Arthur Eloesser, a scholar and literary critic in the heyday of Weimar; and Ewald Blumenthal, the author's father. Once a decorated soldier in the Kaiser's elite guards, he was later a prisoner at Buchenwald. By recounting the stories of these individuals within the historical context of three centuries, Blumenthal presents a portrait of German Jews from the birth of Christianity to the eve of the Holocaust, revealing how Jews of various generations tried but failed to pierce the prejudice that separated them from other Germans.

Another dose of hilarity and mayhem from the author Carl Hiaasen calls "the real deal" In this winner of the German Thriller Prize, ex-cop Simon Brenner, as part of his never-ending quest to get as far away from being a cop as he can, takes a job as an ambulance driver in downtown Vienna. It's a hair-raising job, though, made more so by the tendency of the other EMTs to place bets on how many red lights they can run. Even worse, Brenner's new employer has a problem: its major competitor is somehow listening in on radio communications and beating his unit to every pickup. Knowing his past on the force, Brenner's boss asks him to act like a cop and investigate. Meanwhile, is it Brenner's paranoia or are certain wealthy elderly patients who are essentially healthy dying more quickly than they should? It isn't long before Brenner's life is in real danger, and once again it will take a certain amount of booze, pills, and bad behavior for our man to survive being a cop one more time.

**The Eat-Clean Diet Cookbook** Chronicle Books

The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him, chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply "Granddad." In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison -- and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time -- through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity -- Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age -- from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. *Going to the Mountain* is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.

- A visually stunning book that approaches erotic photography from a female point of view, curated by Iman Whitfield - Features young and exciting photographers from around the globe - Celebrates

the diversity of female beauty and body confidence in the 21st century. If you spend a reasonable amount of time online, chances are you may have stumbled across the phrase: #SENDNUDES. A staple of millennial lingo, the term is used to request sexually explicit photographs, typically over text messaging and dating apps. Over time, #SENDNUDES has also evolved into a meme, deployed as a common punchline in image and video internet jokes. Today, #SENDNUDES is making another transition -- as the title of a carefully curated book of nude photography. In collaboration with Iman Whitfield, MENDO reached out to photographers all over the world and asked them to send their favorite shots of female sensuality and intimacy. The result is a visually stunning photo collection approaching erotic photography from a female point of view, celebrating the diversity of female beauty and body confidence, and teasing the delicate line between that which is revealed and that which remains private. The featured images were sent from all over the world, from such highly skilled erotic photographers as Dennis Swiatkowski, Fauve Bouwman, and Paul Bellaart -- each bringing a distinctive style and approach to female sensuality, intimacy, and elegance.
