**The rudiments of English grammar and composition** Oxford University Press, USA

Primary School English Grammar & Composition (PSEGC) and Middle School English Grammar & Composition (MSEGC) is a set of two books designed to be used as a prequel to the highly popular English grammar reference book, High School English Grammar & Composition. Both PSEGC and MSEGC provide ample guidance and practice in sentence building, correct usage, comprehension, composition and other related areas so as to equip the learners with the ability to communicate effectively in English.

*The Oxford Handbook of Compositionality* S. Chand Publishing Provides guidance on writing clearly and effectively, covering such topics as sentence length, active and passive verbs, punctuation, grammar, and proofreading.

[Oxford Modern English Grammar](#) Oxford University Press

Covers the writing process, the structure of essays, exposition, sentences, diction, description, narration, and punctuation.

*Grammar & Composition 2* BEST Academy / Ulloa & Wiant Editores

Whether you're composing a letter, writing a school thesis, or starting a novel, *The Oxford Essential Guide to Writing* offers expert advice on how to think more creatively, how to conjure up ideas from scratch, and how to express those ideas clearly and elegantly. No matter where you find yourself in the writing

process - from the daunting blank page to the rough draft that needs shaping to the small but important questions of punctuation - you'll find what you need in this one handy, all-inclusive volume.

**The Oxford Handbook of Compositionality** Pearson Education India

This volume is a comprehensive grammar of the Turkish language, suitable both for students of the Turkish language and linguistic scholars. Gerjan van Schaik draws on sound linguistic research and an extensive corpus of real-life data, alongside more than twenty years of feedback from university classrooms, to provide the most complete, up-to-date, and practically useful survey of the Turkish language ever compiled. Following an introduction that provides background information on the Turkic languages and an overview of the linguistic terminology adopted in the volume, the first part of the book explores the fundamentals of Turkish spelling and pronunciation. Parts II and III explore the noun phrase and adjuncts and modifiers, respectively, while Parts IV and V examine the verbal system and sentence structure. These first five parts together represent a valuable overview of the fundamentals of Turkish grammar. Part VI provides an account of the ways in which new words are constructed on the basis of existing material, and constitutes a bridge to the more advanced matter treated in parts VII and VIII, including relative clauses, subordination, embedded clauses, clausal complements and the finer points of the verbal system. The work will be accompanied by a companion website that will provide exercises to accompany each part.

[Oxford Learner's Pocket Grammar](#) OXFORD University Press

Each of the 180 grammar topics is organized into 2-page sections Explains how the grammar for each topic is used and how to avoid mistakes Includes a tip to help students sound more natural Covers the topics students need to know for the Cambridge ESOL exams (FCE, CAE and CPE).

**Grammar & Composition 3** Oxford University Press

This Handbook is a comprehensive, authoritative, and accessible guide to the topics and theories that current form the front line of research into tense, aspect, and related areas.

[Cur Eng Gram & Usag With Comp](#) Oxford University Press

Innovative and engaging, *Writing with Style* helps students understand the intricacies of grammar through the deconstruction and rebuilding of a variety of high-interest literary quotations. By showing how specific elements and devices are used to create meaning, this concise text is an indispensable grammar guide for any course with a writing component.

[Oxford Practice Grammar](#) OUP Oxford

This work provides the basic information about grammar and punctuation that people need on a day-to-day basis. Arranged A to Z, it contains entries for standard grammatical terms as well as dealing with specific questions of usage.

[Writing with Style](#) Clarendon Press

New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

[Learner'S Grammar](#) Oxford University Press

Provides students with the functional grammar they need to succeed in their academic studies, whatever their chosen subject Reviews and consolidates the key grammatical areas needed for essay writing and presentations such as modal verbs, noun phrases, conditionals, and relative clauses Suitable for students across a wide range of disciplines, e.g. business, finance, history, natural sciences, engineering, technology Demonstrates and

practises how to use strategies for academic writing and speaking such as comparing and contrasting, arguing and persuading, talking about cause and effect, and paraphrasing Detailed answer key includes model answers to extended writing tasks Quick test yourself exercises provide practice of specific grammar points Tips highlight extra information worth remembering Academic Word List glossaries help with learning high-frequency academic vocabulary used in the 'Challenge yourself' exercises Supports all levels of Oxford EAP but works effectively as a supplement to any course or for independent study

*Oxford Guide to English Grammar* BEST Academy

The Only Grammar Book You'll Ever Need is the ideal resource for everyone who wants to produce writing that is clear, concise, and grammatically excellent. Whether you're creating perfect professional documents, spectacular school papers, or effective personal letters, you'll find this handbook indispensable. From word choice to punctuation to organization, English teacher Susan Thurman guides you through getting your thoughts on paper with polish. Using dozens of examples, The Only Grammar Book You'll Ever Need provides guidelines for: Understanding the parts of speech and elements of a sentence Avoiding the most common grammar and punctuation mistakes Using correct punctuating in every sentence Writing clearly and directly Approaching writing projects, whether big or small Easy to follow and authoritative, The Only Grammar Book You'll Ever Need provides all the necessary tools to make you successful with every type of written

expression.

*The Oxford Handbook of English Grammar* Oxford University Press, USA

High School English Grammar & Composition provides ample guidance and practice in sentence building, correct usage, comprehension, composition and other allied areas so as to equip the learners with the ability to communicate effectively in English. *Oxford Guide to Plain English* Berkley

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations. *Oxford Learner's Grammar* S. Chand Publishing

Leading linguists and philosophers report on one of the most exciting and contentious fields in the study of language and mind, the notion that the meaning of an expression is determined by the meaning and syntax of its parts. The book reveals the connections in different lines of research and the most challenging opportunities.

This handbook provides an authoritative, critical survey of current research and knowledge in the grammar of the English language. Following an introduction from the editors, the volume's expert contributors explore a range of core topics in English grammar, beginning with issues in grammar writing and methodology. Chapters in part II then examine the various theoretical approaches to grammar, such as cognitive, constructional, and generative approaches, followed by the chapters in part III, which comprehensively cover the different subdomains of grammar, including compounds, phrase structure, clause types, tense and aspect, and information structure. Part IV offers coverage of the relationship between grammar and other fields - lexis, phonology, meaning, and discourse - while the concluding part of the book investigates grammatical change over time, regional variation, and genre and literary variation. The handbook's wide-ranging coverage will appeal to researchers and students of English language and linguistics from undergraduate level upwards.
