The Pillars of the Earth Penguin
Ken Follett's magnificent historical epic begins as five interrelated families move through the momentous dramas of the First World War, the Russian Revolution, and the struggle for women's suffrage. A thirteen-year-old Welsh boy enters a man's world in the mining pits. . . . An

American law student rejected in love finds a surprising new career in Woodrow Wilson's White House. . . . A housekeeper for the aristocratic Fitzherberts takes a fateful step above her station, while Lady Maud Fitzherbert herself crosses deep into forbidden territory when she falls in love with a German spy. . . . And two orphaned Russian brothers embark on radically different paths when their plan to emigrate to America falls afoul of war, conscription, and revolution. From the dirt and danger of a coal mine to the glittering

chandeliers of a palace, from the corridors of power to the bedrooms of the mighty, *Fall of Giants* takes us into the inextricably entangled fates of five families—and into a century that we thought we knew, but that now will never seem the same again. . . .
Historische Vierteljahrschrift William Morrow
Now a CW Original Series *The Der Spiegel* number #1 blockbuster bestseller about an intelligent life force that takes over the oceans and exacts revenge on mankind! Whales begin sinking ships. Toxic eyeless

crabs poison Long Island's water supply. Around the world, countries are beginning to feel the effects of the ocean's revenge. In this riveting novel, full of twists, turns, and cliffhangers, a team of scientists discovers a strange, intelligent life force called the Yrr that takes form in marine animals in order to wreak havoc on man for his abuses. *The Day After Tomorrow* meets *The Abyss* in his gripping, scientifically realist, utterly imaginative thriller. With the compellingly creepy and vivid skill of this author to evoke story, character, and place, Frank Schatzing's book are certain to find a home with fans of Michael Crichton.

Pillars of the Almighty Harper Collins
New York, 1909: Fifteen-year-old Cetta arrives on a freighter with nothing but her infant son Natale: strikingly blond, dark-eyed, and precocious. They've fled the furthest reaches of southern Italy with the dream of a better life in America. But even in the "Land of the Free," the merciless laws of gangs rule the miserable, poverty-stricken, and crime-filled Lower East Side. Only those with enough strength and conviction survive. As young Natale grows up in the Roaring Twenties, he takes a

page from his crippled mother's book and finds he possesses a certain charisma that enables him to charm the dangerous people around him ... Weaving Natale's unusual life and quest for his one true love against the gritty backdrop of New York's underbelly, Di Fulvio proves yet again that he is a master storyteller as he constructs enticing characters ravaged by circumstance, driven by dreams, and awakened by destiny. Haunting and luminous, this masterfully written blend of romance, crime, and historical fiction will thrill lovers of turn-of-the-century dramas like "Once Upon a Time in America" and "Gangs of New York." About the Author: Luca Di Fulvio as born in 1957 in Rome where he now works as an independent author. His versatile talent allows him to write riveting adult thrillers and cheerful children's stories (published under a pseudonym) with equal ease. One of his previous thrillers, "L'Impagliatore," was filmed in Italian under the title "Occhi di cristallo." Di Fulvio studied dramaturgy in Rome where he was mentored by Andrea Camilleri.

Buch Journal Good Press
Ken Follett's extraordinary historical epic,

the Century Trilogy, reaches its sweeping, passionate conclusion. In *Fall of Giants* and *Winter of the World*, Ken Follett followed the fortunes of five international families—American, German, Russian, English, and Welsh—as they made their way through the twentieth century. Now they come to one of the most tumultuous eras of all: the 1960s through the 1980s, from civil rights, assassinations, mass political movements, and Vietnam to the Berlin Wall, the Cuban Missile Crisis, presidential impeachment, revolution—and rock and roll. East German teacher Rebecca Hoffmann discovers she's been spied on by the Stasi for years and commits an impulsive act that will affect her family for the rest of their lives. . . . George Jakes, the child of a mixed-race couple, bypasses a corporate law career to join Robert F. Kennedy's Justice Department and finds himself in the middle of not only the seminal events of the civil rights battle but a much more personal battle of his own. . . . Cameron Dewar, the grandson of a senator, jumps at the chance to do some official and unofficial espionage for a cause he believes in, only to discover that the world

is a much more dangerous place than he'd imagined. . . . Dimka Dvorkin, a young aide to Nikita Khrushchev, becomes an agent both for good and for ill as the United States and the Soviet Union race to the brink of nuclear war, while his twin sister, Tanya, carves out a role that will take her from Moscow to Cuba to Prague to Warsaw—and into history.

Lie Down with Lions Penguin

Ken Follett and the intrigue of World War II—"a winning formula" (Entertainment Weekly) if ever there was one. With his riveting prose and unerring instinct for suspense, the #1 New York Times bestselling author takes to the skies over Europe during the early days of the war in a most extraordinary novel. . . . It is June 1941, and the war is not going well for England. Somehow, the Germans are anticipating the RAF's flight paths and shooting down British bombers with impunity. Meanwhile, across the North Sea, eighteen-year-old Harald Olufsen takes a shortcut on the German-occupied Danish island of Sande and discovers an astonishing sight. He doesn't know what it is, but he knows he must tell someone. And when he learns the truth, it will fall

upon him to deliver word to England—except that he has no way to get there. He has only an old derelict Hornet Moth biplane rusting away in a ruined church—a plane so decrepit that it is unlikely to ever get off the ground . . . even if Harald knew how to fly it. Look out for Ken's newest book, *A Column of Fire*, available now.

World Without End Sandstone Press Ltd
Dieses eBook: "Historische Romane: Der Kampf um die Cheopspyramide, Mönch und Landsknecht, Der Schneider von Ulm & Die Brücke über die Ennobucht" ist mit einem detaillierten und dynamischen Inhaltsverzeichnis versehen und wurde sorgfältig korrektur gelesen. Inhalt: "Mönch und Landsknecht" ist ein historischer Kriminalroman, ein Klosterkrimi aus der Zeit des deutschen Bauernkriegs. "Der Schneider von Ulm" ist die Geschichte des deutschen Flugpioniers Albrecht Ludwig Berblinger (1770-1829). Auch bekannt als der Schneider von Ulm, er war ein deutscher Schneider, Erfinder und Flugpionier. Seine bekannteste Erfindung ist ein Hängegleiter, der ihm den Gleitflug ermöglichen sollte. "Der Kampf um die Cheopspyramide" - Der Kampf um Aufbau

Nil-Staudamms und seine Konsequenz. Es ist ein historischer Roman aus dem 19. Jahrhunderts. Das Buch zeigt uns anschaulich das Ägypten mit seinen Städte und Landschaften. "Die Brücke über die Ennobucht" ist die unglaubliche Geschichte der Firth-of-Tay-Brücke. Die Brücke ist eine über dreitausend Meter lange Eisenbahnbrücke in Schottland über den Firth of Tay zwischen den Bahnhöfen Wormit und Dundee. Die darüber führende zweigleisige Eisenbahnstrecke verbindet Edinburgh mit Dundee. Die Brücke wurde zwischen 1871 und 1878 errichtet. Sie stürzte am 28. Dezember 1879 unter einem querenden Zug ein... Max von Eyth (1836-1906) war ein deutscher Ingenieur und Schriftsteller.

The Wrong Highlander Cambridge University Press

#1 New York Times Bestseller In 1989, Ken Follett astonished the literary world with *The Pillars of the Earth*, a sweeping epic novel set in twelfth-century England centered on the building of a cathedral and many of the hundreds of lives it affected. *World Without End* is its equally irresistible sequel—set two hundred years after *The Pillars of the Earth* and three

hundred years after the Kingsbridge prequel, *The Evening and the Morning*. *World Without End* takes place in the same town of Kingsbridge, two centuries after the townspeople finished building the exquisite Gothic cathedral that was at the heart of *The Pillars of the Earth*. The cathedral and the priory are again at the center of a web of love and hate, greed and pride, ambition and revenge, but this sequel stands on its own. This time the men and women of an extraordinary cast of characters find themselves at a crossroads of new ideas—about medicine, commerce, architecture, and justice. In a world where proponents of the old ways fiercely battle those with progressive minds, the intrigue and tension quickly reach a boiling point against the devastating backdrop of the greatest natural disaster ever to strike the human race—the Black Death. Three years in the writing and nearly eighteen years since its predecessor, *World Without End* is a "well-researched, beautifully detailed portrait of the late Middle Ages" (*The Washington Post*) that once again shows that Ken Follett is a masterful author writing at the top of his craft.

Eulenspiegel HarperCollins
Georg Ebers, berühmt für seine historischen Romane, präsentiert in diesem Band eine beeindruckende Sammlung seiner Werke, darunter 'Der Kaiser', 'Kleopatra', 'Die Nilbraut', 'Im Schmiedefeuer', 'Eine ägyptische Königstochter', 'Uarda' und 'Die Gred'. Jedes Werk entführt den Leser in die antike Welt Ägyptens und präsentiert faszinierende Geschichten von Liebe, Macht und Intrigen. Ebers zeichnet sich durch seinen präzisen historischen Kontext und seinen detailreichen Schreibstil aus, der es dem Leser ermöglicht, sich vollständig in die Handlung einzutauchen und die Vergangenheit lebendig werden zu lassen.

Winter of the World Penguin
Dedicated to the investigation of fortifications as important and integral elements of ancient built space, the present volume results from the activity of the German based international research network Fokus Fortifikation. *Ancient Fortifications in the Eastern Mediterranean* and is intended as a guide to research on ancient fortifications and a source of inspiration for new research. Ancient city

walls and other fortification structures have long been underestimated. Since the early years of the 21st century, research on ancient fortifications has experienced an international boom, particularly amongst young researchers. They approached the study of fortifications with fresh ideas and new aims, and felt the need to discuss the problems and potentials of these monuments and to develop harmonized research methods and objectives. The outcome is the present bilingual (English and German) book, which offers a condensed view of the network's extended conversations. The goal is not so much to offer an overview on the development of ancient fortifications, but rather to present versatile and diverse approaches to their research and interpretation and to serve as a kickoff for a new understanding of this category of ancient buildings. The book is divided into two parts: the first part includes 12 chapters on methods of interpretation, documentation, and field project organization; the systematic description and presentation of fortifications; the 'building experience'; masonry forms and techniques; defensive,

symbolic, and urbanistic functions and aspects; on fortifications in written sources, the visual arts, and as a historical source; and on regional and rural fortifications, and regionally confined phenomena. Part two is a catalogue that offers exemplary presentations of fortifications studied by network members; it is arranged in four sections: regions, sites, architectural elements and architectural details. The book is Volume 1 in the new series Fokus Fortifikation Studies. Volume 2 in the series, Focus on Fortification: New Research on Fortifications in the Ancient Mediterranean and the Near East (Oxbow Books), the proceedings of an international conference held in Athens in December 2012, will also appear in 2015.

A Column of Fire Bloomsbury Publishing
In his own bestselling tradition of *Eye of the Needle* and *The Key to Rebecca*, Ken Follett delivers a breathtaking novel of suspense set in the most dangerous days of World War II. D-Day is approaching. They don't know where or when, but the Germans know it'll be soon, and for Felicity "Flick" Clariet, the stakes have never been higher. A senior agent in the

ranks of the Special Operations Executive (SOE) responsible for sabotage, Flick has survived to become one of Britain's most effective operatives in Northern France. She knows that the Germans' ability to thwart the Allied attack depends upon their lines of communications, and in the days before the invasion no target is of greater strategic importance than the largest telephone exchange in Europe. But when Flick and her Resistance-leader husband try a direct, head-on assault that goes horribly wrong, her world turns upside down. Her group destroyed, her husband missing, her superiors unsure of her, her own confidence badly shaken, she has one last chance at the target, but the challenge, once daunting, is now near impossible. The new plan requires an all-woman team, none of them professionals, to be assembled and trained within days. Code-named the Jackdaws, they will attempt to infiltrate the exchange under the noses of the Germans—but the Germans are waiting for them now and have plans of their own. There are secrets Flick does not know—secrets within the German ranks, secrets among her hastily recruited team, secrets among those she

trusts the most. And as the hours tick down to the point of no return, most daunting of all, there are secrets within herself. . . . Filled with the powerful storytelling, unforgettable characters, and authentic detail that have become his hallmarks, *Jackdaws* is Ken Follett writing at the height of his powers.

Historische Romane: Der Kaiser + Kleopatra + Die Nilbraut + Im Schmiedefeuer + Eine ägyptische Königstochter + Uarda + Die Gred und mehr Vintage

NEW YORK TIMES BESTSELLER From Edward Rutherfurd, the grand master of the historical novel, comes a dazzling epic about the magnificent city of Paris. Moving back and forth in time, the story unfolds through intimate and thrilling tales of self-discovery, divided loyalty, and long-kept secrets. As various characters come of age, seek their fortunes, and fall in and out of love, the novel follows nobles who claim descent from the hero of the celebrated poem *The Song of Roland*; a humble family that embodies the ideals of the French Revolution; a pair of brothers from the slums behind Montmartre, one of whom works on the Eiffel Tower as the

other joins the underworld near the Moulin Rouge; and merchants who lose everything during the reign of Louis XV, rise again in the age of Napoleon, and help establish Paris as the great center of art and culture that it is today. With Rutherford's unrivaled blend of impeccable research and narrative verve, this bold novel brings the sights, scents, and tastes of the City of Light to brilliant life. Praise for Paris "A tour de force . . . [Edward Rutherford's] most romantic and richly detailed work of fiction yet."—Bookreporter "Fantastic . . . as grand and engrossing as Paris itself."—Historical Novels Review "This saga is filled with historical detail and a huge cast of characters, fictional and real, spanning generations and centuries. But Paris, with its art, architecture, culture and couture, is the undisputed main character."—Fort Worth Star-Telegram "Both Paris, the venerable City of Light, and Rutherford, the undisputed master of the multigenerational historical saga, shine in this sumptuous urban epic."—Booklist "There is suspense, intrigue and romance around every corner."—Asbury Park Press

Writing and Rewriting the Story of Solomon in Ancient Israel Penguin
For the past 140 years, Germany has been the central power in continental Europe. Twenty-five years ago a new German state came into being. How much do we really understand this new Germany, and how do its people understand themselves? Neil MacGregor argues that, uniquely for any European country, no coherent, overarching narrative of Germany's history can be constructed, for in Germany both geography and history have always been unstable. Its frontiers have constantly shifted. Königsberg, home to the greatest German philosopher, Immanuel Kant, is now Kaliningrad, Russia; Strasbourg, in whose cathedral Wolfgang von Goethe, Germany's greatest writer, discovered the distinctiveness of his country's art and history, now lies within the borders of France. For most of the five hundred years covered by this book Germany has been composed of many separate political units, each with a distinct history. And any comfortable national story Germans might have told themselves before 1914 was destroyed by the events of the following thirty years. German history may be

inherently fragmented, but it contains a large number of widely shared memories, awarenesses, and experiences; examining some of these is the purpose of this book. MacGregor chooses objects and ideas, people and places that still resonate in the new Germany—porcelain from Dresden and rubble from its ruins, Bauhaus design and the German sausage, the crown of Charlemagne and the gates of Buchenwald—to show us something of its collective imagination. There has never been a book about Germany quite like it.
Börsenblatt BASTEI LÜBBE
#1 NEW YORK TIMES BESTSELLER
"Absorbing . . . impossible to resist." —The Washington Post
As Europe erupts, can one young spy protect his queen? #1 New York Times bestselling author Ken Follett takes us deep into the treacherous world of powerful monarchs, intrigue, murder, and treason with his magnificent new epic, *A Column of Fire*. In 1558, the ancient stones of Kingsbridge Cathedral look down on a city torn apart by religious conflict. As power in England shifts precariously between Catholics and Protestants, royalty and commoners clash, testing friendship, loyalty, and love. Ned Willard wants

nothing more than to marry Margery Fitzgerald. But when the lovers find themselves on opposing sides of the religious conflict dividing the country, Ned goes to work for Princess Elizabeth. When she becomes queen, all Europe turns against England. The shrewd, determined young monarch sets up the country's first secret service to give her early warning of assassination plots, rebellions, and invasion plans. Over a turbulent half century, the love between Ned and Margery seems doomed as extremism sparks violence from Edinburgh to Geneva. Elizabeth clings to her throne and her principles, protected by a small, dedicated group of resourceful spies and courageous secret agents. The real enemies, then as now, are not the rival religions. The true battle pitches those who believe in tolerance and compromise against the tyrants who would impose their ideas on everyone else—no matter what the cost. Set during one of the most turbulent and revolutionary times in history, *A Column of Fire* is one of Follett's most exciting and ambitious works yet. It will delight longtime fans of the Kingsbridge series and is the perfect

introduction for readers new to Ken Follett. *Triple Penguin*

From Ken Follett—the #1 name in electrifying international suspense—comes a remarkable novel of intrigue and doomsday possibilities. The world's balance of power is about to shift dangerously as the ultimate weapon nears completion in a secret facility in the heart of the desert. Across the globe, operatives from the great nations set a deadly game in motion, covertly maneuvering pawns and kings to achieve a frightening advantage—while terrorists and their hunters prepare for the contest's final, bloody moves. And one man—a razor-sharp master of disguise, deceit, and triple-cross—must somehow do the impossible: steal 200 tons of uranium without any of the other players discovering the theft. The clock is ticking. And the price of failure is Apocalypse.

[Fall of Giants](#) Penguin

Novalis is best known in history as the poet of early German Romanticism.

However, this translation of Das Allgemeine Brouillon, or "Universal Notebook," finally introduces him to the English-speaking world as an

extraordinarily gifted philosopher in his own right and shatters the myth of him as a mere daydreaming and irrational poet. Composed of more than 1,100 notebook entries, this is easily Novalis's largest theoretical work and certainly one of the most remarkable and audacious undertakings of the "Golden Age" of German philosophy. In it, Novalis reflects on numerous aspects of human culture, including philosophy, poetry, the natural sciences, the fine arts, mathematics,

mineralogy, history, and religion, and brings them all together into what he calls a "Romantic Encyclopaedia" or "Scientific Bible." Novalis's Romantic Encyclopaedia fully embodies the author's own personal brand of philosophy, "Magical Idealism." With meditations on mankind and nature, the possible future development of our faculties of reason, imagination, and the senses, and the unification of the different sciences, these notes contain a veritable treasure trove of richly poetic and philosophic thoughts.
