## ACEVEDO ROLLINS

*Intercollegiate MRCS* PasTest Ltd

Helps candidates pass the new MRCS Part A exam. This book contains 4 complete practice papers, each featuring over 120 best of five questions, mirroring the format of the exam. It features questions which reflect the balance of topics covered in the actual exam. It includes explanations to every question to aid revision within the MRCS syllabus.

**Last Minute Intercollegiate MRCS** PasTest Ltd

Written specifically for the new intercollegiate examination, this book contains extended matching items with full explanations for every question.

*Surgical short cases for the MRCS clinical examination* Elsevier Health Sciences

Reflects the Intercollegiate MRCS syllabus and mirrors the structure of the VIVA examination.

*History Taking in Medicine and Surgery* PasTest Ltd

This text is designed to take the MRCS candidate through the clinical examination. It offers information on how the clinical exam is organized, the marking scheme and how to prepare for the exam. The chapters go through the exam bay-by-bay, including details regarding set-up in the bay, commonly asked-for examinations and cases that are accompanied by photographs where appropriate. There is a chapter on communication and tear-out summary cards are featured for each chapter to aid revision.

*Mrcs Core Modules* PasTest Ltd

A collection of up to the minute themes with over 500 individual questions - giving a reflection of popular topics examined in various surgical colleges. Suitable for perfecting your Viva skills alone, or with a friend, it features a wide variety of questions that can enable you to face the examiners with confidence.

PasTest Ltd

This guide to revision, designed for all candidates preparing for the MRCS Core Modules examination, presents the key elements of all subjects covered in the Core Modules syllabus. Vital facts are presented in a concise format with diagrams and user-friendly summaries of key points. The book is also suitable for those preparing for the AFRCS.

*MRCS Systems Modules* PasTest Ltd

A guide to the core basic sciences - anatomy, physiology and pathology - which comprise the essential knowledge required by the trainee entering the specialty of surgery. It focuses on those topics which tend to be recurring examination themes for initial surgical training.

*The Doctor's Guide to Critical Appraisal* PasTest Ltd

Compiled by two experienced surgeons, this text features 100

popular Viva themes. It offers a framework for revision and study for those preparing for this oral component of the MRCS examination. Thirty of the themes cover the essential anatomy section of the Viva exam. Buzzwords which the examiners are seeking are highlighted, and appropriate responses to oral questions are given. There is advice on successful exam technique, and genuine Viva candidates discuss their experience.

*Surgical Finals* PasTest Ltd

This best-seller has been completely revised and updated to provide the definitive guide to revision for all candidates preparing for the MRCS Core Modules examination. It gives a unique presentation of the key elements of all subjects covered in the Core Modules syllabus. Vital facts are presented in a clear concise format with diagrams and user-friendly summaries of the essential facts. Designed to make learning easier, no candidate should be without this excellent book.

**Intercollegiate Mrcs** PasTest Ltd

Cracking the MRCS Viva is an outstanding guide to the MRCS Viva examination. Its unique approach recreates the structure and content of each individual viva, allowing the reader to self-test, or two students to recreate mock viva sessions for themselves. Divided into six sections to mirror the exam - applied surgical anatomy, operative surgery, appl

Help candidates pass the MRCS Part A exam. This book contains 3 complete practice papers, each featuring 180 extended matching questions, mirroring the format of the exam. It also features questions which reflect the balance of topics covered in the exam to ensure candidates have realistic practice. It offers explanations to every question.

*SBAs and EMQs for the MRCS Part A: A Bailey & Love Revision Guide* Cambridge University Press

This text is designed to take the MRCS candidate through the clinical examination. It offers information on how the clinical exam is organized, the marking scheme and how to prepare for the exam. The chapters go through the exam bay-by-bay, including details regarding set-up in the bay, commonly asked-for examinations and cases that are accompanied by photographs where appropriate. There is a chapter on communication and tear-out summary cards are featured for each chapter to aid revision.

**Mrcs Core Modules** PasTest Ltd

This book is designed to help the candidate in preparation for the

newly revised oral examination or OSCE, the concluding element required to pass the MRCS examination. Success requires a solid working knowledge and a well-rehearsed examination technique. A precise, structured and systematic routine is paramount. This technique, as outlined in this book, ensures key steps of the clinical examination are not accidentally omitted and under the pressure of the examination it provides the candidate with a starting point and framework for any case that one may encounter. Based on the highly successful Insider Medical MRCS Examination Clinical Course, this book facilitates the pathway for a novice clinician to pass this challenging examination. College-approved, systematic, coherent and well-rehearsed examination routine for all the main systems are included. As well as providing examination routines approved by many college examiners, the chapters also provide insider tips on how to pass the examination and identify mistakes commonly made by many candidates. OSCEs for the MRCS Part B prepares future surgeons for the challenges of clinical practice, through solid examination techniques and communication skills.

*MRCS Systems Modules* PasTest Ltd  
Offers a range of sample comparative journal extracts enabling Foundation Year doctors and MRCPG and MRCPsych candidates to practise their critical appraisal skills. This title includes extracts that cover the whole spectrum of critical appraisal, together with exercises for the reader to work through independently to improve their technique.

*Essential Revision Notes for Intercollegiate MRCS.* PasTest Ltd  
Focuses on the application of the basic sciences (anatomy, physiology, pathology, microbiology and pharmacology) to the management of surgical patients. This book emphasises on the physiological and pharmacological basis of post-operative care, ITU care, as well as the anatomical basis of commonly undertaken ward procedures and surgical operations.

**Intercollegiate MRCS** JP Medical Ltd
