Nell Ann Pickett and Ann
A. Laster have consulted-
through seven editions-
with people in business,

industry, government, and the corporate world as well as with technical and vocational instructors and students, technical communicators, and other professionals to prepare this technical writing text. Their research has been invaluable, laying the foundations for a text students will want to read. Foreign Operations, Export Financing, and Related Programs Appropriations for 2004 Area Handbook North Korea: A C This text offers a lively, user-friendly alternative

for the many students (including those with poor English skills) who dread the thought of barebones traditional grammar and communication instruction and its overkill of rules. It features a reading level that assures readability for nearly any student, and uses unique presentation techniques (e.g., Read-Recap-Replay segments and adult-level "on-the-job" information embedded in skill exercises) that make principles easier to learn and remember than in similar texts.
