Two leading thinkers engage in a landmark conversation about human emotions and the pursuit of psychological fulfillment At their first meeting, a remarkable bond was sparked between His Holiness the Dalai Lama, one of the world's most revered spiritual leaders, and the psychologist Paul Ekman, whose groundbreaking work helped to define the science of emotions. Now these two luminaries share their thinking about science and spirituality, the bonds between East and West, and the nature and quality of our emotional lives. In this unparalleled series of conversations, the Dalai Lama and Ekman prod and push toward answers to the central questions of emotional experience. What are the sources of hate and compassion? Should a person extend her compassion to a torturer—and would that even be biologically possible? What does science reveal about the benefits of Buddhist meditation, and can Buddhism improve through engagement with the scientific

method? As they come to grips with these issues, they invite us to join them in an unfiltered view of two great traditions and two great minds.

Accompanied by commentaries on the findings of emotion research and the teachings of Buddhism, their interplay—amusing, challenging, eye-opening, and moving—guides us on a transformative journey in the understanding of emotions.

Stirring the Head, Heart, and Soul

Simon and Schuster

Meister Eckhart (1260 -1328) was a priest, a mystic, and nearly a heretic (he died before the Church court's verdict). In the 20th century, the Roman Catholic Church rehabilitated him and the late Pope John Paul II spoke of his work with fondness. However, what makes him of particular interest is the fact that he has influenced a wide range of spiritual teachers and mystics both inside and outside the Christian tradition. Erich Fromm, Eckhart Tolle, Richard Rohr, D. T. Suzuki, and Rudolf Steiner have all credited Eckhart as being an important influence on their thought. In addition, his work has influenced the development of 20th century American Buddhism and the Theosophical tradition. Eckhart wrote at a time - much like our own - when society appeared to be coming apart at the seams. In the midst of all that chaos and uncertainty, he captured the many forms and stages of the love of God, the mystic path, and the journey of transformation - in language so startling that he, too, was often accused of heresy. Now, seven centuries later, this fresh, stunning rendering of his work translates the essence of one of Christianity's greatest poetic and spiritual voices. Here is a book that conveys the heart of Eckhart's teaching on what it means to love God and

embark on an authentic spiritual journey - a journey that is characterized by mystery, paradox, and an embrace of the unknown.

Heart & Soul Simon and Schuster

An excerpt from the foreword by Joni Eareckson Tada: "With the book you are holding, you have stumbled upon the best of guides. I should know. I first read *The Cry of the Soul* decades ago when I was still sorting through a lot of hurt and frustration connected with my quadriplegia (yes, I read it on that music stand holding a mouth stick). *The Cry of the Soul* showed me what to do with my anger and hurt—not stuff it under the carpet of my conscience, or minimize it, but actually do something good with it." All emotion—whether positive or negative—can give us a glimpse of the true nature of God. We want to control our negative emotions and dark desires. God wants us to recognize them as the cry of our soul to be made right with Him. Beginning with the Psalms, *Cry of the Soul* explores what Scripture says about our darker emotions and points us to ways of honoring God as we faithfully embrace the full range of our emotional life.

In *THE SEAT OF THE SOUL*, Gary Zukav brilliantly set forth his concepts, explaining how the expansion of human perception beyond the five senses leads to a new understanding of 'authentic power'. Then, in *SOUL STORIES*, he revealed how such concepts as intuition, harmony, sharing and forgiveness actually express themselves in other people's lives. And now, in *THE HEART OF THE SOUL*, Zukav, together with his coauthor and spiritual partner, Linda Francis, takes the next important step in showing us how to actually apply these

crucial concepts in our daily lives. Zukav reveals how true emotional awareness can transform the human experience. Although it is challenging and difficult, because it means becoming aware of suppressed pain, it is also enormously rewarding. But first the determination to explore every aspect of consciousness, and to cultivate those that contribute the most to life, must replace the desire to bury painful emotions. Ultimately emotional awareness can free us from the compulsions, fixations, obsessions and addictions that block our spiritual development - among them anger, workaholicism, perfectionism, obsessive eating, alcohol, drugs, sex - and allow us to live a fulfilling and meaningful life. *THE HEART OF THE SOUL* will be a revelation for readers - a soul tool with which we can forge a greater emotional awareness to enable us to use our emotions in the creation of authentic power. It is a book to read not once, but several times, for it is a life-changing work that can transform our lives for the better.

Thoughts From The Heart Of The Soul
Kogan Page Publishers

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more

than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be—dangerous, passionate, alive, and free.

These are all negative emotions we tend to try to keep at bay and pretend don't exist. And yet bestselling author Gary Zukav, who has been working in the field of emotions for over a decade, suggests we should and can bring these

unmentionables out of the closest and deal with them. Not to do so is like trying to prevent water flowing downstream. You can dam it for so long, but then it's likely to flood. Hence the prevalence of road rage, stress, alcoholism and various other addictions in our society. Now, in [THOUGHTS FROM THE HEART OF THE SOUL](#) the authors offer a collection of meditations to help us understand our emotions and live healthily and happily in harmony with them.
