You are intrigued by the legend of Oak Island, Nova Scotia, and determined to search out its secrets, and the reader will decide which of the many choices and clues you will follow--to become the discoverer of the truth or the seventh victim of the curse of Oak Island.

James Lorimer & Company

Lorton McCroy returns to take on the Treasure of Oak Island! Summer vacation is off to a great start when Lorton's archaeologist uncle, Tom McCroy, invites him to join in on the search for the legendary Oak Island treasure. After convincing his reluctant parents to let him go, Lorton soon finds himself on a plane to Nova Scotia...and to adventure! Once there, they meet their guide, a mysterious one-eyed man with secrets of his own. With a treasure map in hand, the trio descend into the tunnels, where they must overcome ingenious booby traps, flooded tunnels and deadly sinkholes--and two escaped prisoners! With danger at every turn, it's easy to see why some people call the island cursed. Luckily, Lorton and his uncle are pretty good at this treasure hunting business... Join the hunt! Click BUY NOW or READ FOR FREE to continue the KidQuest adventure series today!

Edward Edson Lee (1884-1944), who wrote under the pen name of Leo Edwards, was a popular children's literature author in the 1920s and 1930s. He wrote five series of books, including the Jerry Todd series of sixteen books and the Poppy Ott series of eleven books, and both series were wildly popular. All of the series were inter-related in some way; the Todd and Ott stories took place in the town of Tutter, Illinois, a fictional town modeled on the town of Utica, which Lee experienced in his childhood. The supporting characters in the Todd and Ott books -- "Red" Meyers, "Scoop" Ellery, and "Peg" Shaw -- were real boys that Lee befriended around the time he began writing the stories. In his autobiography, *Where's the Rest of Me?* Ronald Reagan wrote that, growing up in Tampico, Illinois, he had a boyhood much like Jerry Todd. "When I was a kid, there was this series of hardcover juvenile adventure books featuring a character named Jerry Todd. They were something like the Hardy Boys but they had a lot of humor mixed in with the adventure"--Stan Lee Rediscover the wonderful classic adventure stories of Jerry Todd in this reprint edition!

**Emily's Fresh Kitchen** Dundurn

Oak Island poses two different challenges for these treasure seekers. First, there is a deep mine shaft — the Money Pit — at the bottom of which the treasure lies. This book offers evidence that this treasure came from the wreck of a seventeenth-century Spanish galleon. Then there is the elaborate flood tunnel which links the mine shaft to the ocean. Construction on this tunnel would have been complex and expensive, requiring a labour force of over 100 men, and it would have taken almost

two years to complete. Discover the previously untold story of the British military who commanded this labour force in building the underground structure. The island's Money Pit and the tunnel, combined with adverse geological conditions, have ensured that all efforts to uncover the treasure have been unsuccessful to this day. Civil engineers Graham Harris and Les MacPhie spent over a decade investigating the enigma of Nova Scotia's Oak Island. In this book, they draw on the documentary record to present a compelling and historically accurate description of two centuries of treasure hunting on Oak Island.

The mysterious and dangerous story of Oak Island, where buried treasure and booby traps abound!

*Oak Island Family* Atlantic Monthly Press

As Bob and Mildred Lee, they amazed audiences with their death-defying motorcycle act. In reality they were Bob and Mildred Restall, parents of three, who balanced their glamorous show-business career with a happy, stable home life. In October 1959, the Restalls embarked on the ultimate family adventure, as Bob led his family to the east coast of Canada to dig for the famous treasure of Oak Island. For nearly six years they lived without telephone, hydro, or running water while newspapers and magazines chronicled their attempts to solve the mystery of the Money Pit. On August 17, 1965, their quest ended in tragedy when four men died. This biography, compiled by their daughter, includes material written by each family member. Lyrical descriptions of nature, amusing anecdotes, details of the dig, and numerous photographs help to tell the story. This book is a must for Oak Island enthusiasts.

**Oak Island** Nimbus Publishing (CN)

"Crooker, who is a good historian and also quite witty, tells a tale of folly and obsession" surrounding the legendary treasure off of Canada's east coast (Booklist). For over two centuries, the mysterious labyrinth of shafts and tunnels under Oak Island, a tiny island on Nova Scotia's South Shore, has been the scene of a frantic search by scores of treasure hunters from two continents. They believe that the shafts and intricate man-made flooding system hold the secret to a treasure of untold wealth. Although millions have been spent, bitter feuds have erupted, and men have died, the treasure has remained as elusive as the answers to who built the labyrinth, why and how it was constructed, and the nature of the treasure itself. Until now. In his second book on the Oak Island mystery, William Crooker meticulously sifts through the evidence unearthed by treasure hunters on the island, past and present. Then, armed with some startling new discoveries, he neatly fits the pieces together to offer a plausible solution to the baffling puzzle of Oak Island. "Crooker, an engineer and surveyor, presents both a thorough historical review of the various digs and a look at all the theories about the treasure." —Library Journal

*Secret Treasure of Oak Island* Formac Publishing Company

Chronicles the many frustrated attempts to recover the treasure that is rumored to lie within the ingeniously elaborate labyrinth of winding tunnels and secret underwater chambers beneath Oak Island

*The Mystery at Oak Island* Ballantine Books

From the bestselling author of *THE OUTSIDER* Is the Shroud of Turin a holy relic or a clever fake? What was the coded message that made a poor French priest a millionaire, and does it prove that the crucifixion was a fraud? And what lies at the bottom of the 200-foot shaft on Oak Island, Newfoundland, where two centuries of digging have yet to unearth the buried treasure that must be there? In *THE ENCYCLOPEDIA OF UNSOLVED MYSTERIES*, Colin Wilson presents an astonishing variety of unsolved riddles and enduring enigmas to prove that our everyday world is stranger than we believe, wilder than we can imagine. Ranging in content from Atlantis to the Bermuda Triangle and from Kaspar Hauser to the identity of Shakespeare, Colin Wilson's *ENCYCLOPEDIA OF UNSOLVED MYSTERIES* is a comprehensive examination of the most baffling mysteries of our time.

#### **The Treasure of Oak Island** Rowman & Littlefield

Updated with information on the results of recent high-tech underwater scans, *Oak Island Secrets* offers a complete and up-to-date account of Canada's most puzzling and intriguing historical and archaeological mystery. Since 1795, treasure hunters have pursued something they believe to be of immense value buried more than a hundred feet below the surface of Nova Scotia's Oak Island. Explorations and excavations have revealed an elaborately constructed system of shafts and water traps, underlining the amazing engineering skill apparently employed to protect the treasure. Mark Finnan interviewed all the key participants in the current search for the buried treasure, uncovering information that points to new directions and approaches that might finally reveal Oak Island's secrets.

#### **Can You Uncover the Oak Island Money Pit?** Dundurn

After a Crohn's disease diagnosis at age 28, and more than a decade of unsuccessful traditional treatment, Emily Maxson discovered the positive effects of the Specific Carbohydrate Diet and the transformative power of food to improve health. A trained chef, she poured her heart into creating delectable dishes that met the diet's rigorous guidelines. She soon felt better physically, mentally and emotionally. This way of eating, coupled with her faith in God, gave Emily newfound hope for the future. Emily believes preparing food at home is one of the best ways to impact your health and good food doesn't have to be complicated. With dozens of delicious recipes that are approachable and adaptable, Emily's *Fresh Kitchen* cookbook is a great starting point for cooking your way to better health.

#### **Oak Island Gold** Nimbus Publishing (CN)

*Oak Island: Missing Links* debunks the naysayers who insist on discounting the age old legend of Scottish sailors coming to Oak Island long before Christopher Columbus discovered America, proving that it could be done, easily and often, that there were many early links of Scotsmen to Nova Scotia, and that there were many links of these same Scots families to Knights Templar and Masonic legends. It also provides logical explanations for the Mi'kmaq First Nations' traditions of a man-god named Glooscap, and his brother Malsum, and also for an Italian tradition which includes the name Zichmini, and a land called Estotiland. Rather than the centuries of doubt these four names have cast on a voyage of Sir Henry Sinclair to Nova Scotia, in 1398, these new theories actually strongly support this voyage. Author James A. McQuiston is not only a Fellow with the Society of Antiquaries of Scotland (est. 1780), but his Scottish family holds what is believed to be the premier Baronetcy of Nova Scotia dating back to 1625. These never-before explored theories shed some serious light on

the subject of Oak Island, Nova Scotia.

From the ancient city of Jerusalem to the mountains of New York, the *Scrolls of Onteora*, known as the Cremona Document, tell the story of the Knights Templars who found artifacts and documents, revealing how the scrolls were transported to the Americas - centuries before they were settled by Europeans. Learn the meaning of these artifacts found beneath the walls of Jerusalem and follow Ralph de Sudeley and his companions as they endeavor to recover these lost scrolls. Examine the pictures and documents that Don Ruh has accumulated about them over the last 30 years and weigh the evidence yourself. Front cover: A modern view of ancient Jerusalem Rear cover photo: The mountains of New York

#### *The Acid Watcher Diet* HarperTrophy

What happens as soon as Sam sets foot on Oak Island to visit his grandfather is more exciting than he could have hoped for. As if the discovery of a human skull and a dangerous run-in with a monstrous digging machine weren't enough, Sam also discovers that even though his grandfather is losing his memory, he hasn't forgotten about what's important--like taking risks and refusing to let mysteries go unsolved.

#### *Oak Island* A&M Writing and Publishing

In the summer of 1795, a teenager was exploring a tiny island in Nova Scotia's Mahone Bay when he came across a curious depression in the ground. Driven by visions of lost pirate treasure, he later returned to the spot with shovels, pickaxes, and two friends. The trio began to dig, and in so doing launched what would become one of the most famous treasure hunts of all time. For over 200 years, the baffling mysteries of the Oak Island treasure have captured countless imaginations they have also been the cause of bitter rivalries, dashed hopes, and tragic deaths.

#### *The Oak Island Mystery* Harmony

The Oak Island mystery has been the world's greatest and strangest treasure hunt, and after years of research the authors have finally solved the sinister with an answer that is challenging, controversial, and disturbing. In 1795 three boys discovered the top of an ancient shaft on uninhabited Oak Island in Mahone Bay, Nova Scotia. The boys began to dig, and what they uncovered started the world's greatest and strangest treasure hunt but nobody knows what the treasure is. Two hundred years of courage, back-breaking effort, ingenuity, and engineering skills have failed to retrieve what is concealed there. Theories of what the treasure could be include Captain Kidd's bloodstained pirate gold, an army payroll left by the French or British military engineers, priceless ancient manuscripts, the body of an Arif or other religious refugee leader, or the lost treasure of the Templars. The Oak Island curse prophesies that the treasure will not be found until seven men are dead and the last oak has fallen. That last oak has already gone, and six treasure hunters have been killed. After years of research, the authors have finally solved the sinister riddle of Oak Island, but their answer is challenging, controversial, and disturbing. Something beyond price still lies waiting in the labyrinth.

#### *The Curse of Oak Island* Dundurn

*Oak Island in Perspective*: The search for buried treasure lies, for most, in dreams and fantasy - requiring little to spark an interest which, for most people, rapidly fades. It is rare to find tangible

and verifiable clues as to the existence of a treasure hoard. When treasure is found, it may have been pursued (for example, by metal detector), but is usually found by chance, and its location is more than likely random. This is not so with Oak Island. It is said that, in 1795, three young men discovered indications of a buried treasure on this island in Mahone Bay, Nova Scotia. In a clearing, they found an oak tree with a tackle-block overhanging a depression in the ground. This opened up into a shaft that later excavation revealed to be over one hundred and twenty feet deep with a supposed treasure platform which, with the treasure within reach, crashed into the depths. Over the last two hundred years, exploration on the island has revealed many mysterious markers and ground features - but no treasure. The quest for answers to the mystery has generated much speculation. Who was responsible, and what, and where are its origins? In this work, the author looks at some of the thinking that has been applied to the Oak Island mystery, and the possible implications of the discovery of treasure maps that, for a time, were believed to have applied to the island and its treasure.

**A Treatise on Ships' Anchors** Diversion Books

This is the seventh book by historian and author James A. McQuiston on the Oak Island, Nova Scotia,

treasure mystery. Several new and amazing bits of information came together to suggest that this book needed to be written. McQuiston's research is unmatched by anyone who has ever written on this subject.

*Oak Island Unearthed!* Lulu.com

In his sixth book on the Oak Island, Nova Scotia, mystery, James McQuiston has discovered some remarkable links of people associated with the arrival of the ship Mayflower, in 1620, to some of the more famous and recognizable names of those who settled or hunted for treasure on Oak Island. Nova Scotia was founded expressly to protect the Plymouth Colony and the colonies shared many of the same families, and to some degree, the same early history. The fact that Mayflower related families connect to Oak Island strongly supports McQuiston's theory that Sir William Alexander, a patentee of the Plymouth Colony, and the founder of Nova Scotia, had something significant to do with the beginning of the Oak Island mystery. This theory has ranked as #6 out of the top 25 with the current searcher for treasure on Oak Island. The family connections found by McQuiston are detailed and very significant in understanding this 225-year-old treasure hunt on Oak Island, as well as the history of the Mayflower descendants, and others who settled in the general area of Plymouth, Massachusetts.
