Boletín de la Biblioteca Nacional Floris Books - Floris Books

Emil Molt, "School Father" of the original Waldorf School in Stuttgart, tells his life story in simple, direct, and practical words that speak to the heart.

Out of Our Minds Siglo XXI de España Editores

"An excellent overview of spiritual movements throughout the last few centuries . . . a superb panorama" (The Book Reader), this book covers esoterica from its ancient beginnings through the alchemists to Gurdijeff and Jung.

Rhythm, Music and Education Pomona Press

This is the first full-scale biography of Rudolf Steiner written in English.

7 [i.e. siete] días del Perú y del mundo Hawthorn Press

'Out of Our Minds' shows explorers and ethnographers in Africa during colonial expansion were far from rational - often meeting their hosts in extraordinary states influenced by opiates, alcohol, sex, fever, fatigue, and violence.

Kularnava Tantra Parkstone International

"With its gentle affirmations, inspirational quotes, fill-in-the-blank lists and tasks — write yourself a thank-you letter, describe yourself at 80, for example — The Artist's Way proposes an egalitarian view of creativity: Everyone's got it."—The New York Times "Morning Pages have become a household name, a shorthand for unlocking your creative potential"—Vogue Over four million copies sold! Since its first publication, The Artist's Way phenomena has inspired the genius of Elizabeth Gilbert and millions of readers to embark on a creative journey and find a deeper connection to process and purpose. Julia Cameron's novel approach guides readers in uncovering problems areas and pressure points that may be restricting their creative flow and offers techniques to free up any areas where they might be stuck, opening up opportunities for self-growth and self-discovery. The program begins with Cameron's most vital tools for creative recovery - The Morning Pages, a daily writing ritual of three pages of stream-of-conscious, and The Artist Date, a dedicated block of time to nurture your inner artist. From there, she shares hundreds of exercises, activities, and prompts to help readers thoroughly explore each chapter. She also offers guidance on starting a "Creative Cluster" of fellow artists who will support you

in your creative endeavors. A revolutionary program for personal renewal, *The Artist's Way* will help get you back on track, rediscover your passions, and take the steps you need to change your life.

Modern Esoteric Spirituality Open Road Media

The Swiss writer Robert Walser is one of the quiet geniuses of twentieth-century literature. Largely self-taught and altogether indifferent to worldly success, Walser wrote a range of short stories, essays, as well as four novels, of which Jakob von Gunten is widely recognized as the finest. The book is a young man's inquisitive and irreverent account of life in what turns out to be the most uncanny of schools. It is the work of an outsider artist, a writer of uncompromising originality and disconcerting humor, whose beautiful sentences have the simplicity and strangeness of a painting by Henri Rousseau.

The Spirit of Zen University of Virginia Press

Join original Vienna Circle member Victor Kraft in his discussion of the movement for an exclusive insider's view of this important point in philosophical history. In this in-depth philosophical study, Victor Kraft explores the role the Vienna Circle had on the international philosophical movement. The Vienna Circle constituted a point of departure for the reawakening, rebirth, and reformation of positivism and empiricism, leading to the creation of the Neo-positivism movement. At the time of The Vienna Circle's publication in the 1950s, the Neo-positivism movement stood in the foreground of contemporary philosophy, and it was quite possibly the most significant serious philosophical movement in the period between the two world wars. Making Kraft's study of Neo-positivism available to a world audience, Arthur Pap provides a rich and accessible translation from the original German. The book contains detailed expositions, accompanied here and there by criticism, of the Vienna Circle's views on the criteria of significance, the nature of logic and mathematics, the phenomenalist analysis of physical concepts, the verification-basis of scientific propositions, the meaning of probability, physicalism, and much more.

The Archaeology of Death New York Review of Books

This volume brings together studies on the disposal of the dead and the archaeological research potential of found remains.

Christ and Sophia Simon and Schuster

This text focuses on children's language, literacy and learning. Based on the Bristol study *Language at Home and at School*, which the author directed, it follows the development of a representative sample of children from their first words to the end of primary education.

Los adolescentes, al buscar y buscarse a sí mismos, se convierten en un objetivo predilecto para las sectas. A su edad, tienen muchas posibilidades de conocer a gente aparentemente seductora y dejarse arrastrar sin darse cuenta, sobre todo porque el límite entre la pandilla, el grupo de carácter sectario y la secta propiamente dicha es confuso. Aunque son conscientes de que deben dar libertad a su hijo, a los padres les preocupan sus compañías. - ¿A partir de qué momento se debe considerar que un grupo tiene carácter sectario? - Las sectas avanzan de forma enmascarada. Sí, pero ¿cómo? - ¿Cuáles son sus argumentos? - ¿Sobre qué carencias psicológicas se apoyan para seducir? - ¿Cómo preparar al adolescente para que no se deje arrastrar? - ¿Qué signos deben alertar a los padres? - ¿Cómo intervenir si resulta necesario? Este libro, lleno de información básica y fundamental, aporta a los padres y a los adolescentes los elementos necesarios para descifrar estas cuestiones y los argumentos para decir «no».

Singing and Teaching Singing Simon and Schuster

Jodorowsky's memoirs of his experiences with Master Takata and the group of wisewomen--magiciennes--who influenced his spiritual growth • Reveals Jodorowsky turning the same unsparing spiritual vision seen in *El Topo* to his own spiritual quest • Shows how the author's spiritual insight and progress was catalyzed repeatedly by wisewoman shamans and healers In 1970, John Lennon introduced to the world Alejandro Jodorowsky and the movie, *El Topo*, that he wrote, starred in, and directed. The movie and its author instantly became a counterculture icon. The *New York Times* said the film "demands to be seen," and *Newsweek* called it "An Extraordinary Movie!" But that was only the beginning of the story and the controversy of *El Topo*, and the journey of its brilliant creator. His spiritual quest began with the Japanese master Ejo Takata, the man who introduced him to the practice of meditation, Zen Buddhism, and the wisdom of the koans. Yet in this autobiographical account of his spiritual journey, Jodorowsky reveals that it was a small group of wisewomen, far removed from the world of Buddhism, who initiated him and taught him how to put the wisdom he had learned from his master into practice. At the direction of Takata, Jodorowsky became a student of the surrealist painter Leonora Carrington, thus beginning a journey in which vital spiritual lessons were transmitted to him by various women who were masters of their particular crafts. These women included Doña Magdalena, who taught him "initiatic" or spiritual massage; the powerful Mexican actress known as La Tigresa (the "tigress"); and Reyna D'Assia, daughter of the famed spiritual teacher G. I. Gurdjieff. Other important wisewomen on Jodorowsky's spiritual path include María Sabina, the priestess of the sacred mushrooms; the healer Pachita; and the Chilean singer Violeta Parra. The teachings of these women enabled him to discard the emotional armor that was hindering his advancement on the path of spiritual awareness and enlightenment.

Anuario I.S.B.N. Health Research Books

The *Kularnava* is perhaps the foremost Tantra of the Kaula School and is constantly cited as an authority in Tantric literature. It is worthy of close study by those who would understand the tenets and practice of the tradition of which it is a Sastra. The Introduction by Arthur Avalon gives a concise outline of the work. Sri M.P. Pandit who is a keen student of the Tantras and Vedas has rendered the work in English in eleven chapters. The readings are free translations, with annotations where necessary, omitting technical details but preserving the spirit and essential import of the original in his characteristically lucid style. The *Kularnava* prescribes the modes of preparation for the high quest; it draws upon ethics, religion, philosophy, yoga to elevate human life gradually to the level of godly life. It comprehends the multiple personality of man and provides for the healthy growth of his mental faculties, purification of his physical faculties through ritual, japa, mantra and upasana. Who is fit for the path of Tantra? Who is competent to guide the novice on the double-edged razor path? What is the responsibility of a Guru to a disciple? These and other relevant questions are raised and answered in a satisfying manner.

Emil Molt and the Beginnings of the Waldorf School

Movement Springer Science & Business Media

In these astounding meditations on the true Christian nature of the scriptures, Tomberg shows how the central story of entire Bible is really a history of the Christ being. He describes the cosmic and earthly preparations for the Mystery of Golgotha, its significance and results for humanity and the world as a whole, and the central role of the Sophia being and her relationship to the Christ, the Holy Spirit, the Disciples and Pentecost, and all of humanity. He also imagines the Grail nature of the Christ's involvement in earthly history. All of Valentin Tomberg's profound

studies are finally available in a single volume Drawn from four difficult-to-find and out-of-print editions, this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament, the New Testament, and the Apocalypse, while the appendix contains his final, unfinished work, "The Four Sacrifices of Christ." Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures, providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to esoteric Christianity, as revealed by a close, meditative reading of the Bible--from Genesis to John's Revelation. This volume contains English translations of these works by Valentin Tomberg: *Anthroposophisch Betrachtungen ber des Alte Testament*; *Anthroposophische Betrachtungen ber das Neue Testament*; *Geisteswissenschaftliche Betrachtungen ber die Apokalypse des Johannes*.

Anuario bibliográfico peruano Teachers College Press

Song and dance style--viewed as nonverbal communications about culture--are here related to social structure and cultural history. Patterns of performance, theme, text and movement are analyzed in large samples of films and recordings from the whole range of human culture, according to the methods explained in this volume. Cantometrics, which means song as a measure of man, finds that traditions of singing trace the main historic distributions of human culture and that specific traits of performance are communications about identifiable aspects of society. The predictable and universal relations between expressive communication and social organization, here established for the first time, open up the possibility of a scientific aesthetics, useful to planners.

Waldorf Education Penguin

'Free to Learn' is a guide to the principles and methods behind Steiner Waldorf Early Childhood education.

Antroposofía Cambridge University Press

An Outline of Occult Science is Rudolf Steiner's thesis discussing the unknown, the nature of mankind, and his belief that science may be used to explain the unusual phenomena known as the occult. First published in 1910, this book strives to define, categorize and explain various manifestations of the occult. The author concedes at the opening of the book that many otherwise open-minded and receptive individuals immediately recoil from the concept of the the unknown, especially in relation to attempts to investigate it scientifically. After introducing the occult, Steiner delves into explaining the two worlds he thought comprised the reality we live in. The natural world, that which is visible and readily perceivable around us, and the spiritual world, where the

unexplained phenomena arise. The nature of man as a bodily being, and how his physical self bridges the gap between these two worlds, is much detailed. Famous as a literary critic, Rudolf Steiner's interest in the occult phenomena meant that much of his later life was characterized by research into spiritual texts. He passionately believed that much of the strange, paranormal or occult phenomena human beings have observed have a spiritual yet scientific explanation: it is with this essential belief in mind that Steiner attempts to persuade the reader. Although unusual in subject matter, *An Outline of Occult Science* is written in an accessible style. What would otherwise be dry and inscrutable is made interesting and exotic by Steiner, who was used to writing for a popular audience in his career as a literary critic. This edition of his book contains all of his original notes, which are appended at the conclusion for ease of reference.

El huerto familiar ecológico SteinerBooks

With his suicide in 1903, at the age of 23, Otto Weininger became a central figure in the mythology of fin-de-siecle Vienna. This volume of essays, published posthumously, is a sequel to his book, *Sex and Character*, which was banned by Nazi censors. This is its first translation into English.

Theosophy (Translated) Edwin Mellen Press

From the psychomagic guru who brought you *The Holy Mountain* and *Where the Bird Sings Best* comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slaving animal lurking inside the men of a Chilean village.

Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death.

Folk Song Style and Culture [Chicago] : Anthroposophical Literature Concern

In this book we want to give a description of some parts of the supersensible world. Whoever wants to admit only the sensory world will consider this description a vacuous product of the imagination. But whoever wishes to seek the paths that lead out of the world of the senses will soon come to understand that human life acquires value and meaning only if one penetrates with one's eyes into another world. This penetration does not distract man, as many fear, from "real" life. It is only in this way that he learns to stand firm and secure in life. He learns to know its causes, while, if he ignores them, he gropes like a blind man through its effects. Only through knowledge of the supersensible world does the sensible "reality" acquire meaning. Therefore, this knowledge increases, not diminishes, our capacity for life. Only he who understands life can become a truly "practical" man.
