Voices of a Distant Star
Vintage Classic
The first novel by the Pulitzer Prize-winning author of Trust, an exquisite and

blisteringly intelligent story of a young Swedish boy, separated from his brother, who becomes a legend and an outlaw. A young Swedish immigrant finds himself penniless and alone in California. The boy travels east in search of his brother, moving on foot against the great current of emigrants pushing west. Driven back again and again, he meets naturalists, criminals, religious fanatics, swindlers, Indians, and lawmen, and his exploits turn him into a legend. Diaz defies the conventions of historical fiction and genre, offering a probing look at the stereotypes that populate our past and a portrait of radical foreignness.

A Wrinkle in Time

Faber & Faber

A phenomenally unusual three-way murder mystery. With a murder at its heart, Roberto Bolano's *The Skating Rink* is, among other things, a crime novel. Murder seems to have exerted a fascination for the endlessly talented Bolano, who in his last interview, according to *The Observer*, "declared, in all apparent seriousness,

that what he would most like to have been was a homicide detective." Set in the seaside town of Z, north of Barcelona, *The Skating Rink* is told in short, suspenseful chapters by three male narrators, and revolves around a beautiful figure skating champion, Nuria Martí. A ruined mansion, knife-wielding women, political corruption, sex, and jealousy all appear in this atmospheric chronicle of a single summer season in a seaside town, with its vacationers, businessmen, immigrants, bureaucrats, social workers, and drifters.

A work of fantasy, I

Who Have Never Known Men is the haunting and unforgettable account of a near future on a barren earth where women are kept in underground cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *Who Have Never Known Men* shows us the power of one person without memories to reinvent herself piece by piece, emotion by emotion, in the process teaching

us much about what it means to be human.

 National Geographic Books
 A never-before-published masterpiece from science fiction's greatest writer, rediscovered after more than half a

century. When Joel Johnston first met Jinny Hamilton, it seemed like a dream come true. And when she finally agreed to marry him, he felt like the luckiest man in the universe. There was just one small problem. He was broke. His only goal in life was to become a composer, and he knew it would take years before he was earning enough to support a family. But Jinny wasn't willing to wait. And when Joel asked her what they were going to do for money, she gave him a most unexpected answer. She told him that her name wasn't really Jinny Hamilton--- it was Jinny Conrad, and she was the granddaughter of Richard Conrad, the wealthiest man in the solar system. And now

that she was sure that Joel loved her for herself, not for her wealth, she revealed her family's plans for him---he would be groomed for a place in the vast Conrad empire and sire a dynasty to carry on the family business. Most men would have jumped at the opportunity. But Joel Johnston wasn't most men. To Jinny's surprise, and even his own, he turned down her generous offer and then set off on the mother of all benders. And woke up on a colony ship heading out into space, torn between regret over his rash decision and his determination to forget Jinny and make a life for himself among the stars. He was on his way to succeeding when his plans--and the plans of

billions of others--were shattered by a cosmic cataclysm so devastating it would take all of humanity's strength and ingenuity just to survive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Agapanthus was kidnapped when she was only two years old, but she doesn't remember it. In fact, she doesn't remember her home planet at all. All she knows is Deeyae, the land of two suns; the land of great, red waters. Her foster-family cares for her, and at first that's enough. But, as she grows older, Agapanthus is bothered by the

differences between them. As an Exchanger, she's frail and tall, not short and strong. And, even though she was raised Deeyan, she certainly isn't treated like one. One day, an Exchanger boy completes the Deeyan rite-of-passage, and Agapanthus is inspired to try the same. But, when she teams up with him, her quest to become Deeyan transforms into her quest to find the truth--of who she is, and of which star she belongs to.

The Place Promised in Our Early Days

Kodansha Comics
A tour de force, Amulet is a highly charged first-person, semi-hallucinatory novel that embodies in one woman's voice the melancholy and violent recent history of Latin

America. Amulet is a monologue, like Bolano's acclaimed debut in English, *By Night in Chile*. The speaker is Auxilio Lacouture, a Uruguayan woman who moved to Mexico in the 1960s, becoming the "Mother of Mexican Poetry," hanging out with the young poets in the cafés and bars of the University. She's tall, thin, and blonde, and her favorite young poet in the 1970s is none other than Arturo Belano (Bolano's fictional stand-in throughout his books). As well as her young poets, Auxilio recalls three remarkable women: the melancholic young philosopher Elena, the exiled Catalan painter Remedios Varo, and Lilian Serpas, a poet who once slept with

Che Guevara. And in the course of her imaginary visit to the house of Remedios Varo, Auxilio sees an uncanny landscape, a kind of chasm. This chasm reappears in a vision at the end of the book: an army of children is marching toward it, singing as they go. The children are the idealistic young Latin Americans who came to maturity in the '70s, and the last words of the novel are: "And that song is our amulet."
