 The Rough Guide Japanese Phrasebook is the definitive phrasebook to help you make the most of your time in Japan. Whether you want to book a hotel room, ask what time the train leaves or buy a drink from the bar, this new phrasebook has a dictionary of over 5,000 words and will help you communicate with the locals in no time. The free audio downloads, recorded by native Japanese speakers, can be downloaded. They allow you to listen to the correct pronunciation of essential dialogues and are ideal for practicing before you go or while you're there. There's even a regional pronunciation guide and Rough Guide travel tips section, so wherever you are you can get around and speak the lingo. The Rough Guide Japanese Phrasebook has an extensive two-way dictionary packed with vocabulary and includes a helpful

menu and drinks list reader, perfect for choosing the right dish in any restaurant. With this phrasebook you will never run out of things to say! Make the most of your trip to Japan with The Rough Guide Japanese Phrasebook.

Rough Guide Phrasebook: Japanese Routledge

Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize

visual aspect of a character (so you can recognize it when you see it) and the aural aspect (so you will know how to say and, thus, read it). The method employed by Mastering Japanese Kanji will show you how to tackle both of these aspects from the outset, and by so doing enable you to immediately get down to the practical (and fun!) business of recognizing and reading kanji on everything from street signs to newspapers. By the time you finish this book, in fact, you will be able to boast of a Japanese vocabulary numbering in the thousands of words. Key features: Downloadable audio helps to reinforce the written material Teaches the 200 most common kanji and the hundreds of compounds that use include them. Unique, specially-designed drawings and entertaining stories help you learn more quickly. Sample sentences, along with common words and compounds, expand your vocabulary by showing each kanji used in context. Stroke-order diagrams show the correct way to write each chapter. Chapter and cumulative review exercises help ensure master of what you've learned. Complete indexes show Japanese readings and English meanings for all Kanji. Contents of the downloadable audio: Stroke order animations for all 200 kanji characters. Native speaker audio recordings of all: Kanji characters. Common words and compounds. Sample sentences.

Japanese for Busy People I Rough Guides UK

The method that's helped thousands in the U.S. and Japan learn Japanese successfully. The Japanese language has two primary writing systems, kanji characters--which are based on Chinese characters and hiragana and katakana--a mnemonics based alphabet. This handy book teaches you a new mnemonics-based method to read and write the 430 highest-frequency kanji characters. Along with its sister book: Japanese Hiragana and Katakana for Beginners it provides a complete introduction to written Japanese. Japanese Kanji for Beginners contains everything you need to learn the kanji characters required for the Advanced Placement Japanese Language and Culture Exam. It is designed for use by high school or college students as well as independent learners. The kanji learned in this book closely adhere to those introduced in every major Japanese language textbook. Key features of Japanese Kanji for Beginners include: The 430 highest-frequency kanji characters 44 simple, easy-to-follow lessons Concise information on kanji elements, readings and pronunciations Extensive exercises, drills, and writing practice Downloadable content with printable flash cards, practice quizzes and extra exercises The Extensive downloadable content contains a set of printable kanji flash cards to assist learners in reviewing and memorizing the kanji in the book. It also provides sample vocabulary quizzes in a multiple-choice format similar to those in the AP exam, as well as additional exercises that further reinforce the newly learned kanji.

This is an invaluable study guide and practice book for learning basic Japanese kanji. Learning Japanese Kanji Practice Book is intended for beginning students or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise written Japanese. This book presents the kanji characters that are most commonly used. All the kanji and related vocabulary words in this book are those that students are expected to know for Level 5 of the Japanese Language

Proficiency Test. (JLPT). Characters that appear in the AP Japanese Language and Culture Exam are flagged. Readings, meanings, and common compounds are presented. The correct method of writing each character is clearly indicated, and practice boxes with strokes that can be traced are provided, along with empty boxes for freehand writing practice. Lots of exercises are included to give students the opportunity to practice writing sentences containing the Kanji. Indexes at the back allow you to look up the characters by their readings and English meanings. This kanji book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Extra printable practice grids Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.

Minna no Nihongo Oxford University Press, USA

THE TOUCH OF A HAND, A ROLL OF THE DICE Xie Lian has confirmed that the bewitching youth San Lang is actually Hua Cheng, one of the Four Calamities and a supreme ghost despised by all heavenly officials. Still, he has trouble matching the terror of his companion's reputation with the charming, clever, and protective young man he's come to know. When a distress signal leads Xie Lian into Ghost City, a bustling metropolis containing all the horrors and delights of the dead, he sees Hua Cheng in his element—and his true form—for the first time. But despite their chemistry and care for one another, there are missions to fulfill and secrets to uncover, and Xie Lian's centuries of troubled history are never far behind.

Minna No Nihongo Japan Times Publishing, Limited

This highly-visual book introduces an effective new method to learn over 1,000 Japanese kanji characters using visual stimuli and pictographs. Learning the fundamental kanji characters used to write Japanese can be challenging, but this book is designed to speed up learning by presenting the 1,000 most common characters using a mnemonic approach. In a fun and accessible way to learn Japanese, each kanji is associated with memorable visual and verbal clues. For example, the Japanese character for person is superimposed over a sketch of a smiling man. The visual clue is "a person standing on two legs." By seeing the distinctive shape of the kanji, learners create a mental image of its meaning. Each character is presented as part of a group of characters which share similar traits. These groups use common root symbols known as radicals; they are also categorized by themes such as colors, numbers, animals, or body parts.

Pronunciations, meanings and common vocabulary compounds are provided for each character in the group. Mnemonic clues are also given for the basic 92 hiragana and katakana phonetic symbols. The free audio download available online helps you learn pronunciation for all of the characters and vocabulary in this book. The introduction explains the basic history and structure of the kanji. Key feature of this Japanese kanji book include: Hiragana and katakana phonetic symbols Easy-to-remember drawings and stories for ALL characters Thousands of vocabulary words Online audio for pronunciation practice All audio content is accessible on tuttlepublishing.com/downloadable-content.

A Dictionary of Japanese Particles National Geographic Books

Following the first volume of Remembering the Kanji, the present work provides students with helpful tools for learning the pronunciation of the kanji. Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received from China lie several coherent patterns. Identifying these patterns and arranging them in logical order can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms. Many of the "primitive elements," or building blocks, used in the drawing of

the characters also serve to indicate the “Chinese reading” that particular kanji use, chiefly in compound terms. By learning one of the kanji that uses such a “signal primitive,” one can learn the entire group at the same time. In this way, Remembering the Kanji 2 lays out the varieties of phonetic pattern and offers helpful hints for learning readings, that might otherwise appear completely random, in an efficient and rational way. Individual frames cross-reference the kanji to alternate readings and to the frame in volume 1 in which the meaning and writing of the kanji was first introduced. A parallel system of pronouncing the kanji, their “Japanese readings,” uses native Japanese words assigned to particular Chinese characters. Although these are more easily learned because of the association of the meaning to a single word, the author creates a kind of phonetic alphabet of single syllable words, each connected to a simple Japanese word, and shows how they can be combined to help memorize particularly

troublesome vocabulary. The 4th edition has been updated to include the 196 new kanji approved by the government in 2010 as “general-use” kanji.

My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.
