 Learning Express LLC  
 At the age of seventeen, Eustace Conway ditched the comforts of his suburban existence to escape to the wild. Away from the crushing disapproval of his father, he lived alone in a teepee in the mountains. Everything he needed he built, grew or killed. He

made his clothes from deer he killed and skinned before using their sinew as sewing thread. But he didn't stop there. In the years that followed, he stopped at nothing in pursuit of bigger, bolder challenges. He travelled the Mississippi in a handmade wooden canoe; he walked the two-thousand-mile Appalachian Trail; he hiked across the German Alps in trainers; he scaled cliffs in New Zealand. One Christmas, he finished dinner with his family and promptly upped and left -

to ride his horse across America. From South Carolina to the Pacific, with his little brother in tow, they dodged cars on the highways, ate road kill and slept on the hard ground. Now, more than twenty years on, Eustace is still in the mountains, residing in a thousand-acre forest where he teaches survival skills and attempts to instil in people a deeper appreciation of nature. But over time he has had to reconcile his ambitious dreams with the sobering realities of modernity.

Told with Elizabeth Gilbert's trademark wit and spirit, this is a fascinating, intimate portrait of an endlessly complicated man: a visionary, a narcissist, a brilliant but flawed modern hero. The Last American Man is an unforgettable adventure story of an irrepressible life lived to the extreme. The Last American Man is a New York Times Notable Book and National Book Critics Circle Award Finalist.

So. Were you glad, deep down? Were you glad to be rid of her? Your perfect

sister? Were you secretly glad when she was killed? Following a horrific tragedy that leaves her once perfect family devastated, Katherine Patterson moves to a new city, starts at a new school, and looks forward to a new life of quiet anonymity. But when Katherine meets the gregarious and beautiful Alice Parrie her resolution to live a solitary life becomes difficult. Katherine is unable resist the flattering attention that Alice pays her and is so charmed by Alice's

contagious enthusiasm that the two girls soon become firm friends. Alice's joie de vivre is transformative; it helps Katherine forget her painful past and slowly, tentatively, Katherine allows herself to start enjoying life again. But being friends with Alice is complicated - and as Katherine gets to know her better she discovers that although Alice can be charming and generous she can also be selfish and egocentric. Sometimes, even, Alice is cruel. And when Katherine

starts to wonder if Alice is really the kind of person she wants as a friend, she discovers something else about Alice - she doesn't like being cast off.

Shocking and utterly absorbing, Rebecca James's strong narrative will grip readers from the very first page.

In 'How to Write for Success: Best Writing Advice I Received.' the author shares with new and aspiring authors her knowledge gained over the years. The book begins with her trials, errors, and successes, and moves on to the essentials of writing a book to which readers will gravitate. She covers plotting, writing dialogue and narrative, building your story world, choosing a book title, writing the blurb, what an author

should do before and after publishing, choosing categories, creating an author brand, book marketing, and most of all how to get sales and reviews. It does not end there. She shows how you can achieve recognition in an author's world and become successful. You can become a best-selling author. You can become an award-winning author. The author emphasizes it is up to each individual to apply what they have learned in the book to achieve their dreams and goals. There is a segment

on frequently asked questions with answers, that no aspiring author would want to miss. Seasoned authors can also learn something from this book. Be proud to be an Author. Read an extract of a Review from Readers Favorite: Author Brenda Mohammed gives the reader valuable nuggets of truth to use within their own writing career in How To Write For Success. There is a brief introduction listing the various books the author has written and her ability to encompass

different types of literature. The purpose of this book is to show readers that the author has a passion to help other readers fulfill their lifelong dream of writing their own book. I really appreciated the personal stories of how the author writes her own material and how important research is, even before one begins to write. She also lists several Facebook groups she has joined to help promote both her material and herself as an author. One of the best statements I

appreciated within this book is: "A book description is your sales page. It will sell your book. Make sure it is engaging and can turn a browse into a buy." This is great and valuable information for a writer to understand. There is also listed the importance of copyrighting the material, getting an ISBN number, etc. Whoever gets the ISBN number is considered the publisher. The author has the choice of getting their own or letting the publisher get it for them. Pre-orders are

very important to an author. Creating excitement before the book is even printed is huge. There are also many listed things that one can do following publication. Branding yourself is also very important. People must know about you and your material, how to find it and consider reading it. I really enjoyed all the links provided in the e-book, allowing the reader to go to various publishers, writing aids, Facebook groups, etc. This is an asset to any writer at any

level, given the detailed information, but for the beginner, it is a must-have!

 Based on the bestselling series from The Great Courses, *Building Great Sentences* celebrates the sheer joy of language—and will forever change the way you read and write. Great writing begins with the sentence. Whether it's two words (“Jesus wept.”) or William Faulkner’s 1,287-word sentence in

*Absalom! Absalom!*, sentences have the power to captivate, entertain, motivate, educate, and, most importantly, delight. Yet, the sentence-oriented approach to writing is too often overlooked in favor of bland economy. *Building Great Sentences* teaches you to write better sentences by luxuriating in the pleasures of language. Award-winning Professor Brooks Landon draws on examples from masters of long, elegant sentences—including Don DeLillo, Virginia Woolf,

Joan Didion, and Samuel Johnson—to reveal the mechanics of how language works on thoughts and emotions, providing the tools to write powerful, more effective sentences. [How to Write a Book for Beginners](#) Pickle Partners Publishing
