 Legendary German general Erwin Rommel analyzes the tactics that led to his success. Field Marshal Erwin Rommel exerted an almost hypnotic influence not only over his own troops but also over the

Allied soldiers of the Eighth Army in the Second World War. Even when the legend surrounding his invincibility was overturned at El Alamein, the aura surrounding Rommel himself remained unsullied. In this classic study of the art of war Rommel analyses the tactics that lay behind his success. First published in 1937 it quickly became a highly regarded military textbook, and also brought its author to the attention of Adolph Hitler. Rommel was to subsequently advance through the ranks to the high command in the Second World War. As a leader of a small unit in the First World War, he proved himself an aggressive and versatile commander with a reputation for using the battleground terrain to his own advantage, for gathering intelligence, and for seeking out and exploiting enemy weaknesses. Rommel graphically describes his own

achievements, and those of his units, in the swift-moving battles on the Western Front, in the ensuing trench warfare, in the 1917 campaign in Romania, and in the pursuit across the Tagliamento and Piave rivers. This classic account seeks out the basis of his astonishing leadership skills, providing an indispensable guide to the art of war.

 Storming Heaven in Steve Wright's unsurpassed study of Italian autonomist Marxism. This new edition remains the only book to examine Italian workerist theory and practice, from its origins in the anti-Stalinist left of the 1950s to its heyday twenty years later. First developed by Antonio Negri, Mario Tronti, Sergio Bologna and others, workerism, or 'operaismo', includes the refusal of work, class self-organisation, mass illegality and

the extension of revolutionary agency, all of which are still practised today by workers across the world. This edition includes a new chapter looking at the debates around operaismo and Autonomia since the book originally appeared in 2002.

Summary Modern C focuses on the new and unique features of modern C programming. The book is based on the latest C standards and offers an up-to-date perspective on this tried-and-true language. About the technology C is extraordinarily modern for a 50-year-old programming language. Whether you're writing embedded code, low-level system routines, or high-performance applications, C is up to the challenge. This unique book, based on the latest C standards, exposes a modern perspective of this tried-and-true language. About the book Modern C introduces you to modern day C programming, emphasizing the unique and new features of this powerful language. For new C coders, it starts with fundamentals like structure, grammar, compilation, and execution. From there, you'll advance to control structures, data types, operators, and functions, as you gain a deeper understanding of what's happening under the hood. In the final chapters, you'll explore performance considerations, reentrancy, atomicity, threads, and type-generic programming. You'll code as you go with concept-reinforcing exercises and skill-honing challenges along the way. What's inside Operators and functions Pointers, threading, and atomicity C's memory model Hands-on exercises About the reader For programmers comfortable writing simple programs in a language like Java, Python, Ruby, C#, C++, or C. About the author Jens Gustedt is a senior scientist at the French National Institute for Computer Science and Control (INRIA) and co-editor of the ISO C standard.

Car Crash Culture Basic Books (AZ) Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times's 100 Best Books of the 21st Century "Impressive . . . Mr. Judt writes with enormous authority." —The Wall Street Journal "Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history." —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe,

both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy.

Young Adult literature, from *The Outsiders* to Harry Potter, has helped shape the cultural landscape for adolescents perhaps more than any other form of consumable media in the twentieth and twenty-first century. With the rise of mega blockbuster films based on these books in recent years, the young adult genre is being co-opted by curious adult readers and by Hollywood producers. However, while the genre may be getting more readers than ever before, Young Adult literature remains exclusionary and problematic: few titles feature historically marginalized individuals, the books present heteronormative perspectives, and gender stereotypes continue to persist. Taking a critical approach, *Young Adult Literature: Challenging Genres* offers educators, youth librarians, and students a set of strategies for unpacking, challenging, and transforming the assumptions of some of the genre's most popular titles. Pushing the genre forward, Antero Garcia builds on his experiences as a former high school teacher to offer strategies for integrating Young Adult literature in a contemporary critical pedagogy through the use of participatory media.

NATIONAL BESTSELLER • In this witty and warm-hearted account, Peter Mayle tells what it is like to realize a long-cherished dream and actually move into a 200-year-old stone farmhouse in the remote country

of the Lubéron with his wife and two large dogs. He endures January's frosty mistral as it comes howling down the Rhône Valley, discovers the secrets of goat racing through the middle of town, and delights in the glorious regional cuisine. *A Year in Provence* transports us into all the earthy pleasures of Provençal life and lets us live vicariously at a tempo governed by seasons, not by days.

The Arab spring, protest movements in the EU, Russia, Turkey or elsewhere, are often labeled as twitter-revolutions. A crucial role is attributed to the new media, coverage of events abroad and ensuing mutual reactions. With the dissemination of print, revolts in early-modern times faced the challenge of a similar media-revolution. This influenced the very face of the events that could become full-fledged propaganda wars once the insurgents had won access to the printing press. But it also had an impact on revolt-narratives. Governments severely persecuted dissident views in such delicate issues as revolts. Observers abroad had no such divided loyalties and were freer to reflect upon the events. Therefore, the book focuses mainly on representations of revolts across borders.

"There is no one quite like Barbara Kingsolver in contemporary literature," raves the Washington Post Book World, and it is right. She has been nominated three times for the ABBY award, and her critically acclaimed writings consistently enjoy spectacular commercial success as they entertain and touch her legions of loyal fans. In *High Tide in Tucson*, she returns to her familiar themes of family, community, the common good and the natural world. The title essay considers Buster, a hermit crab that accidentally stows away on Kingsolver's return trip from the Bahamas to her desert home, and turns out to have manic-depressive tendencies. Buster is running around for all he's worth -- one can only presume it's high tide in Tucson. Kingsolver brings a moral vision and refreshing sense of humor to subjects ranging from modern motherhood to the history of private property to the suspended citizenship of human beings in the Animal Kingdom. Beautifully packaged, with original illustrations by well-known illustrator Paul Mirocha, these wise lessons on the urgent business of being alive make it a perfect gift for Kingsolver's many fans.

Tina Su and Doug Cooper met in a Chinese class at Cornell University in 1963. They fell in love, later married and lived happily ever after. Actually, it was not quite that simple. With both sets of parents opposing an interracial marriage, the couple separated and did not meet again for nineteen years. Tina went off to grad school at Harvard, married a scientist from China, edited for the Encyclopedia Britannica, had two sons, and felt trapped in a difficult marriage. Doug was drafted into the army, and afterward earned his masters in physics from Penn State and a Ph.D. in engineering from Harvard. His first marriage (to a Caucasian woman who resembled Tina) failed. Eventually Doug contacted Tina, and the two declared their love. Interracial issues were no longer a problem; but her multiple sclerosis, with its likelihood of increasing disability, would cast a shadow on their prospects. Tina with great difficulty and pain left her marriage. Now together for more than twenty-five

years, Tina and Doug have learned that while love may not conquer all, it has been crucial in successfully meeting the challenges of Tina's progressive immobility, ultimately her quadriplegia and near death from an MS-caused pneumonia. More than a love story, this wry memoir has reflections on love and marriage, faith, professional ethics, at-home intensive nursing care, medical insurance, finances, and the exceptional character of a brave woman, written by the man who loves her, with tributes from those who admire her.

From New York Times Bestselling author and Queen of Suspense, Lisa Jackson, comes *If Only She Knew*, a novel that will have you holding your breath as you turn each page. Perfect for readers of *The Silent Patient* and *Then She Was Gone!* *If She Only Knew*, introduces the Cahills, a wealthy San Francisco family—rich in money, twisted secrets, and hidden agendas. Now at the center of their tangled world is Marla Cahill—a woman with no memory of who she is, what she's done, or why she could be the next to die . . . It begins on a dark stretch of highway in northern California. Caught in a blinding glare of headlights, two vehicles swerve and crash—leaving one woman dead, and another in a coma. When the surviving woman awakens, her memory is gone and her face has been reconstructed. Her family tells her that her name is Marla Cahill—but they're all strangers to her. Recuperating in her isolated San Francisco mansion, Marla waits for something to trigger recognition. Yet the only thing she's left with is the unshakable feeling that she is not who everyone says she is, and that something is very, very wrong. Marla knows her life isn't just different—it's in danger. And as her fear builds, a killer waits for the perfect moment to strike—the moment Marla remembers . . .
