 Title closing is the time when a real estate transfer or purchase transaction is completed. Specific terminology may vary by region and other common terms used to describe this transaction include closing escrow or holding a settlement meeting. Regardless of terminology, the results of the closing are the same, a completed real estate transfer where all contractual items are fulfilled and both parties' obligations are legally settled. These transfers often require the services of a trained real estate settlement agent. The purpose behind having a trained settlement agent oversee the closing process is to provide an impartial third party who will finalize all of the transaction details. This ensures that the transaction is closed in a fair manner and that all parties fulfill their contractual obligations. The title used to describe a settlement agent may also vary by region. Closing agent or escrow agent are commonly heard titles used in relationship to this position. The career of a Real Estate Settlement Agent can be both rewarding and lucrative. This coursework is designed to assist you in gaining the knowledge, tools, and skills that you need to begin on the path to career success as a Real Estate Closing Settlement Agent.

NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—*The New York Times* “A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—*Forbes* “A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *GoodFellas* . . . Belfort has the Midas touch.”—*The Sunday Times (London)* “Entertaining as

pulp fiction, real as a federal indictment . . . a hell of a read.”—*Kirkus Reviews*

 25 Steps to Found and Scale a High-Growth Business The Startup Checklist is the entrepreneur's essential companion. While most entrepreneurship books focus on strategy, this invaluable guide provides the concrete steps that will get your new business off to a strong start. You'll learn the ins and outs of startup execution, management, legal issues, and practical processes throughout the launch and growth phases, and how to avoid the critical missteps that threaten the foundation of your business. Instead of simply referring you to experts, this discussion shows you exactly which experts you need, what exactly you need them to do, and which tools you will use to support them—and you'll gain enough insight to ask smart questions that help you get your money's worth. If you're ready to do big things, this book has you covered from the first business card to the eventual exit. Over two thirds of startups are built on creaky foundations, and over two thirds of

startup costs go directly toward cleaning up legal and practical problems caused by an incomplete or improper start. This book helps you sidestep the messy and expensive clean up process by giving you the specific actions you need to take right from the very beginning. Understand the critical intricacies of legally incorporating and running a startup Learn which experts you need, and what exactly you need from them Make more intelligent decisions independent of your advisors Avoid the challenges that threaten to derail great young companies The typical American startup costs over \$30,000 and requires working with over two dozen professionals and service providers before it even opens for business—and the process is so complex that few founders do it correctly. Their startups errors often go unnoticed until the founder tries to seek outside capital, at which point they can cost thousands of dollars to fix. . . or even completely derail an investment. The Startup Checklist helps you avoid these problems and lay a strong foundation, so you can focus on building your business.

A re-interpretation of the master of Japanese cinema from a socio-historical perspective One of the most well regarded of non-Western film directors, responsible for acknowledged classics like *Tokyo Story* (1953), Ozu Yasujiro worked during a period of immense turbulence for Japan and its population. This book offers a new interpretation of Ozu's career, from his earliest work in the 1920s up to his death in 1963, focusing on Ozu's depiction of the everyday life and experiences of ordinary Japanese people during a time of depression, war and economic resurgence. Firmly situating him within the context of the Japanese film industry, Woojeong Joo examines Ozu's work as a studio director and his relation to sound cinema, and looks in-depth at his wartime experiences and his adaptation to post-war Japanese society. Drawing on Japanese materials not previously examined in western scholarship, this is a ground-breaking new study of a master of cinema. Case studies include: Ozu's *shAshimin* films Ozu's wartime films, including the script of *The Flavour of Green Tea over Rice* Postwar script of *The Moon Has Risen* *Tokyo Story*
