#1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series Tidying Up with Marie Kondo: the original guide to decluttering your home once and for all.

ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN

Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles?

Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact,

none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

SILVER WINNER for the 2022 Taste Canada Award for Single-Subject Cookbooks

SHORTLISTED for the 2021 Gourmand World Cookbook Award A sustainable lifestyle starts in the kitchen with these use-what-you-have, spend-less-money recipes and tips, from the friendly voice behind

@ZeroWasteChef. In her decade of living with as little plastic, food waste, and stuff as possible, Anne-Marie Bonneau, who blogs under the moniker Zero-Waste Chef, has preached that "zero-waste" is above all an intention, not a hard-and-fast rule. Because, sure, one person eliminating all their waste is great, but thousands of people doing 20 percent better will have a much bigger impact. And you likely

already have all the tools you need to begin. In her debut book, Bonneau gives readers the facts to motivate them to do better, the simple (and usually free) fixes to ease them into wasting less, and finally, the recipes and strategies to turn them into self-reliant, money-saving cooks and makers. Rescue a hunk of bread from being sent to the landfill by making Mexican Hot Chocolate Bread Pudding, or revive some sad greens to make a pesto. Save 10 dollars (and the plastic tub) at the supermarket with Yes Whey, You Can Make Ricotta Cheese, then use the cheese in a galette and the leftover whey to make sourdough tortillas. With 75 vegan and vegetarian recipes for cooking with scraps, creating fermented staples, and using up all your groceries before they go bad—including end-of-recipe notes on what to do with your ingredients next—Bonneau lays out an attainable vision for a zero-waste kitchen.

The Modern Maker Vol. 3 Penguin

This hardcover picture book in the New York Times bestselling Ladybug Girl series explores themes of making friends, compromise, and

imaginative play at that favorite preschool place—the playground. Lulu and her dog Bingo meet up with Sam on the playground and want to play together. Sam likes the sandbox but Lulu thinks the monkey bars are better. They just can't agree...until Lulu asks, "Have you ever played Ladybug Girl?" Quickly, Sam becomes the brave Bumblebee Boy, and he and Lulu, a.k.a Ladybug Girl, are superheroes who save the playground from scary monsters and mean robots. New friends want to join their game too, and soon the Bug Squad is formed with Ladybug Girl, Bumblebee Boy, Dragonfly Girl, and Butterfly Girl using their imaginations to keep the playground safe. For fans of Toot and Puddle and The Amazing Adventures of Bumblebee Boy, the Ladybug Girl series honors friendship, cooperation, and a love of the outdoors!
