The Spanish Civil War of
1936-39 was of enormous
international as well as
national significance. In
this gripping volume,
Frances Lannon explains
how this internal conflict

between democracy and
its enemies escalated to
involve Nazi Germany,
Fascist Italy, and the
Soviet Union. We go
behind the scenes to find
out the true story of the
bitter fighting within the
sides, not just between
them. The experiences of
the men and women
caught up in the fighting
are highlighted. For them,
and for a world on the

brink of the Second World
War, the stakes were
agonisingly high.

l'humor: la seua relació

amb la salut, o els aspectes psicosocials, la seua capacitat de crítica, o sia la utilitat i la pertinència social de l'humor (al costat del seu caràcter fútil, efímer), i el seu desplegament com a mitjà de comunicació, en la televisió, el còmic o en el propi llenguatge.

 Focusing on the work of A.R. Ammons, Wendell

Berry, W.S. Merwin, and Gary Snyder, author Leonard Scigaj shows that just as a sustainable society does not depreciate its resource base, so a sustainable poetry does not restrict interest to language. Over the past thirty years many poets have shown an increasing sensitivity to ecological thinking. But critics trained in poststructuralist language theory often fail to explore the substance of ecopoetry. Scigaj is the first to define ecopoetry as separate and distinct

from nature or environmental poetry, marked by its concern with balancing the interests of human beings with the needs of nature. Just as science learned that the earth was not the center of the universe, ecopoetry insists on the recognition that humans are not at the center of the natural world.

 "One of the most adventurous and rewarding collections since the publication of

Cortázar's own Blow-up." —Los Angeles Times A traffic jam outside Paris lasts for weeks. Che Guevara and Fidel Castro meet on a mountaintop during the Cuban Revolution. A flight attendant becomes obsessed with a small Greek island, resulting in a surreal encounter with death. In All Fires the Fire, Julio Cortázar (author of Hopscotch and the short story "Blow-Up") creates his own mindscapes beyond space and time, where lives intersect for brief moments and

situations break and refract. All Fires the Fire contains some of Julio Cortázar's most beloved stories. It is a classic collection by "one of the world's great writers" (Washington Post).

L 'humor en el treball, Salut, crítica i comunicació Archipelago "Cortazar's masterpiece ... The first great novel of Spanish America" (The Times Literary Supplement) • Winner of the National Book Award for Translation in 1967, translated by Gregory Rabassa Horacio Oliveira

is an Argentinian writer who lives in Paris with his mistress, La Maga, surrounded by a loose-knit circle of bohemian friends who call themselves "the Club." A child's death and La Maga's disappearance put an end to his life of empty pleasures and intellectual acrobatics, and prompt Oliveira to return to Buenos Aires, where he works by turns as a salesman, a keeper of a circus cat which can truly count, and an attendant in an insane asylum. Hopscotch is the dazzling,

freewheeling account of Oliveira's astonishing adventures.

Carlos Chávez (1899–1978) is the central figure in Mexican music of the twentieth century and among the most eminent of all Latin American modernist composers. An enfant terrible in his own country, Chávez was an integral part of the emerging music scene in the United States in the 1920s. His highly individual style—diatonic, dissonant,

contrapuntal—addressed both modernity and Mexico's indigenous past. Chávez was also a governmental arts administrator, founder of major Mexican cultural institutions, and conductor and founder of the Orquesta Sinfónica de México. Carlos Chávez and *His World* brings together an international roster of leading scholars to delve into not only Chávez's music but also the history, art, and politics surrounding his life and work. Contributors explore Chávez's vast

body of compositions, including his piano music, symphonies, violin concerto, late compositions, and Indianist music. They look at his connections with such artistic greats as Aaron Copland, Miguel Covarrubias, Henry Cowell, Silvestre Revueltas, and Paul Strand. The essays examine New York's modernist scene, Mexican symphonic music, portraits of Chávez by major Mexican artists of the period, including Diego Rivera and Rufino

Tamayo, and Chávez's impact on El Colegio Nacional. A quantum leap in understanding Carlos Chávez and his milieu, this collection will stimulate further work in Latin American music and culture. The contributors are Ana R. Alonso-Minutti, Amy Bauer, Leon Botstein, David Brodbeck, Helen Delpar, Christina Taylor Gibson, Susana González Aktories, Anna Indyk-López, Roberto Kolb-Neuhaus, James Krippner, Rebecca Levi, Ricardo Miranda, Julián Orbón, Howard Pollack, Leonora

A Chilean writer named Julio and his wife, Gloria, are at a low point in their lives. Constantly bickering, the pair are beset by worries about money, their writing, and their son (who may or may not be plying the

oldest profession in Marrakesh). When Julio's boyhood best friend, now a famous artist, lends the couple his luxurious Madrid apartment for the summer, it is an escape for both - but in particular for Julio, who fantasizes about the garden next door and the erotic life of the lovely young aristocratic woman who inhabits it. But Julio's life - and career - unravel In Madrid: he is rebuffed by a famous literary agent, Nuria Monclus, who detests him and his novel; his son's friend from

Marrakesh moves in and causes havoc; and Gloria begins to drink. In the face of pitiless adversity, Julio's talent inexorably begins to fade. The garden next door, however, is also Gloria, who has been doing some creating of her own. It is this twist that transforms Donoso's brilliant satire of the writer's life into something even greater: a carefully crafted and bitteily comic meditation on gardens, deceit, and the nature of a writer's muse.

City Lights Books
A reference guide to the vast array of art song literature and composers from Latin America, this book introduces the music of Latin America from a singer's perspective and provides a basis for research into the songs of this richly musical area of the world. The book is divided by country into 22 chapters, with each chapter containing an introductory essay on the music of the region, a catalog of art songs for that country, and a list of publishers. Some chapters

include information on additional sources. Singers and teachers may use descriptive annotations (language, poet) or pedagogical annotations (range, tessitura) to determine which pieces are appropriate for their voices or programming needs, or those of their students. The guide will be a valuable resource for vocalists and researchers, however familiar they may be with this glorious repertoire.

Universitat de Lleida Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see

the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed

every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value

to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk.

A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright

fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition

includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student

through the text - ideal for use in the classroom and at home.

The power of Eros, the enduring beauty of art, a love-hate nostalgia for his Argentine homeland, the bonds of friendship and the tragic folly of politics are some of the themes of *Save Twilight*. Informed by his immersion in world literature, music, art, and history, and most of his own emotional geography, Cortazar's poetry traces his paradoxical evolution

from provincial Argentinean sophisticate to cosmopolitan Parisian Romantic, always maintaining the sense of astonishment of an artist surprised by life.

The environmental imagination does not stop short at the edge of the woods. Nor should our understanding of it, as Lawrence Buell makes powerfully clear in his new book that aims to reshape the field of literature and

environmental studies. Emphasizing the influence of the physical environment on individual and collective perception, his book thus provides the theoretical underpinnings for an ecocriticism now reaching full power, and does so in remarkably clear and concrete ways. Writing for an *Endangered World* offers a conception of the physical environment--whether built or natural--as simultaneously found and constructed, and treats imaginative representations of it as

acts of both discovery and invention. A number of the chapters develop this idea through parallel studies of figures identified with either "natural" or urban settings: John Muir and Jane Addams; Aldo Leopold and William Faulkner; Robinson Jeffers and Theodore Dreiser; Wendell Berry and Gwendolyn Brooks. Focusing on nineteenth- and twentieth-century writers, but ranging freely across national borders, his book reimagines city and country as a single

complex landscape. Diccionario de iconología y simbología Univ of California Press
Time Commences in Xibalbá tells the story of a violent village crisis in Guatemala sparked by the return of a prodigal son, Pascual. He had been raised tough by a poor, single mother in the village before going off with the military. When Pascual comes back, he is changed—both scarred and “enlightened” by his experiences. To his eyes, the village has remained frozen in time. After

experiencing alternative cultures in the wider world, he finds that he is both comforted and disgusted by the village’s lingering “indigenous” characteristics.

"In Buenos Aires, 1964, a blind writer approaches a sixteen-year-old bookstore clerk asking if he would be interested in a part-time job reading aloud." "The writer was Jorge Luis Borges, one of the world's finest literary minds; the boy was Alberto Manguel, who was

later to become an internationally acclaimed author and bibliophile." "The young Manguel spent several years reading aloud and transcribing for the enigmatic Borges. Here he recalls this time with integrity and warmth, offering us an intimate and moving portrait of one of the great literary luminaries."--BOOK JACKET.

Salvadorean society is shocked by the gruesome murder of a young upper-class woman, and no one more so than her best friend Laura. In her first-person solo narration,

Laura rattles on and on about her disbelief and horror at the evils all around her—but who’s that in the mirror? Laura Rivera can’t believe what has happened. Her best friend has been killed in cold blood in the living room of her home, in front of her two young daughters! Nobody knows who pulled the trigger, but Laura will not rest easy until she finds out. Her dizzying, delirious, hilarious, and blood-curdling one-sided dialogue carries the reader on a rough and

tumble ride through the social, political, economic, and sexual chaos of post-civil war San Salvador. A detective story of pulse-quickening suspense, *The She-Devil in the Mirror* is also a sober reminder that justice and truth are more often than not illusive. Castellanos Moya’s relentless, obsessive narrator—female, rich, paranoid, wonderfully perceptive, and, in the end, fabulously unreliable—paints with frivolous profundity a society in a state of collapse. Castellanos

Moya’s *Senselessness* was acclaimed “an innovative and invigoratingly twisted piece of art” (*Village Voice*) and “a brilliantly crafted moral fable, as if Kafka had gone to Latin America for his source materials” (Russell Banks).

Roland August examines the Roman taste for blood and considers what the games, that strange combination of Cruelty and Civilization, reveal about the Roman mentality. He shows how

the great spectacles became a part of city life - they were awaited with impatience, everyone discussed them, some applauded the action in

the arena, while others booed frantically. This book provides an exciting history of gladiators, chariot racing and other games as well as an investigation of their

function and significance within society. It is essential reading for anyone who is interested in the Romans' violent form of entertainment.
