## CONNOR MICAH

**Storied City** Ohio State University Press  
 Haiti has long been both a source of immense pride--because of the Haitian Revolution--and of profound disappointment--because of the unshakable realities of poverty, political instability, and violence--to the black diasporic imagination. Charting the long history of these multiple meanings is the focus of Millery Polyne's rich and critical transnational history of U.S. African Americans and Haitians. Stretching from the thoughts and words of American intellectuals such as Frederick Douglass, Robert Moton, and Claude Barnett to the Civil Rights era, Polyne's temporal scope is breathtaking. But just as impressive is the thematic range of the work, which carefully examines the political, economic, and cultural relations between U.S. African Americans and Haitians. From Douglass to Duvalier examines the creative and critical ways U.S. African Americans and Haitians engaged the idealized tenets of Pan Americanism--mutual cooperation, egalitarianism, and nonintervention between nation-states--in order to strengthen Haiti's social, economic, and political growth and stability. The depth of Polyne's research allows him to speak confidently about the convoluted ways that these groups have viewed modernization, "uplift," and racial unity, as well as the shifting meanings and importance of the concepts over time. *Downstate New York Rock Walks* Princeton University Press  
 From the music of Louis Armstrong to the portraits by Beauford Delaney, the writings of Langston Hughes to the debut of the musical *Show Boat*, the Harlem Renaissance is one of the most significant developments in African-American history in the twentieth century. The *Encyclopedia of the Harlem Renaissance*, in two-volumes and over 635 entries, is the first comprehensive compilation of information on all aspects of this creative, dynamic period. For a full list of entries, contributors, and more, visit the *Encyclopedia of the Harlem Renaissance* website.  
**Harlem is Nowhere** The Monacelli Press, LLC  
 Presents articles on the period known as the Harlem Renaissance, during which African American artists, poets, writers, thinkers, and musicians flourished in Harlem, New York.  
*From Douglass to Duvalier* Rutgers University Press  
 Stop, look, and discover—the streets and parks of Manhattan are filled with beautiful historic monuments that will entertain, stimulate, and inspire you. Among the 54 monuments in this volume are major figures in American history: Washington, Lincoln, Lafayette, Horace Greeley, and Gertrude Stein; more obscure figures: Daniel Butterfield, J. Marion Sims, and King Jagiello; as well as the icons of New York: Atlas, Prometheus, and

the Firemen's Memorial. The monuments represent the work of some of America's best sculptors: Augustus Saint Gaudens' Farragut and Sherman, Daniel Chester French's Four Continents, and Anna Hyatt Huntington's José Martí and Joan of Arc. Each monument, illustrated with black-and-white photographs, is located on a map of Manhattan and includes easy-to-follow directions. All the sculptures are considered both as historical mementos and as art. We learn of furious General Sherman court-martialing a civilian journalist, and also of exasperated Saint Gaudens' proposing a hook-and-spring device for improving his assistants' artistic acuity as they help model Sherman. We discover how Lincoln dealt with a vociferous Confederate politician from Ohio, and why the Lincoln in Union Square doesn't rank as a top-notch Lincoln portrait. Sidebars reveal other aspects of the figure or event commemorated, using personal quotes, poems, excerpts from nineteenth-century periodicals (*New York Times*, *Harper's Weekly*), and writers ranging from Aeschylus, Washington Irving, and Frederic-Auguste Bartholdi to Mark Twain and Henryk Sienkiewicz. As a historical account, *Outdoor Monuments of Manhattan: A Historical Guide* is a fascinating look at figures and events that changed New York, the United States and the world. As an aesthetic handbook it provides a compact method for studying sculpture, inspired by Ayn Rand's writings on art. For residents and tourists, and historians and students, who want to spend more time viewing and appreciating sculpture and New York history, this is the start of a unique voyage of discovery. **Frankie Manning** Colchis Books  
 With its rich cultural history and many landmark buildings, Harlem is not just one of New York's most distinctive neighborhoods; it's also one of the most walkable. This illustrated guide takes readers on five separate walking tours of Harlem, covering ninety-one different historical sites. Alongside major tourist destinations like the Apollo Theater and the Abyssinian Baptist Church, longtime Harlem resident Karen Taborn includes little-known local secrets like Jazz Age speakeasies, literati, political and arts community locales. Drawing from rare historical archives, she also provides plenty of interesting background information on each location. This guide was designed with the needs of walkers in mind. Each tour consists of eight to twenty-nine nearby sites, and at the start of each section, readers will find detailed maps of the tour sites, as well as an estimated time for each walk. In case individuals would like to take a more leisurely tour, it provides recommendations for restaurants and cafes where they can stop along the way. *Walking Harlem* gives readers all the tools they need to thoroughly explore over a century's worth of this vital neighborhood's cultural, political, religious, and artistic heritage. With its informative text and nearly seventy stunning photographs, this is the most comprehensive, engaging, and

educational walking tour guidebook on one of New York's historic neighborhoods.

**The Tour Guide** University Press of Florida

On the night of August 6, 1930, Joseph Force Crater, a newly appointed judge and prominent figure in many circles of Manhattan, hailed a taxi in the heart of Broadway and vanished into thin air. Despite a decades-long international manhunt led by the New York Police Department's esteemed Missing Persons Bureau, the reason for Crater's disappearance remains a confounding mystery. In the early months of the investigation, evidence implicated and imperiled New York's top officials, including then-Governor Franklin D. Roosevelt and Mayor Jimmy Walker, as well as the city's Tammany Hall political machine, lawyers and judges, and a theater mogul. Drawing on new sources, including NYPD case files and court records, and overlooked evidence discovered years later, Riegel pieces together the puzzle of what likely happened to Joseph Crater and why. To uncover the mystery, he delves into Crater's ascension into the scintillating and corrupt world of Manhattan in the Roaring Twenties and Jazz Age. In turn, the story of the judge's vanishing amid the Great Depression unfolds as a harbinger of the disappearance of his lost metropolis and its transformation into modern-day New York City.

**Walking New York** St. Martin's Griffin

Experience the city that never sleeps like a local: on foot! Check out our guides to more of the

world's best cities, so you can hit the ground running! Also available: Moon Barcelona Walks, Moon Berlin Walks, Moon Tokyo Walks, Moon Amsterdam Walks, Moon Paris Walks, Moon Rome Walks, and Moon London Walks.

#### Harlem Penguin

The museum field is experiencing a critical gaze that is both "of the moment" and long overdue. Museums were built as colonial enterprises and are slow to awaken to the harm caused by their actions which are not limited to the capturing and keeping of Indigenous ancestors, the exclusion and erasure of Black voices, bodies, and creativity, and the positioning of white power in the C-suite and board rooms. For decades, the conversation about equity and inclusion in the museum field has become louder. It is no longer possible to ignore the systemic racism embedded in our society and our profession. The Inclusive Museum Leader offers insights and perspectives from two recognized museums leaders who have joined together to offer practical solutions and opportunities for today's museum leaders. Authors share their journeys to becoming inclusive leaders, as well as decisions they have made and actions they have taken to build equitable practices within their organizations. Throughout the book are personal exercises and provocations the reader is invited to respond to, making the book a valuable tool for any museum leader looking to enhance their style and re-frame their decision-making process.

#### New York Magazine Dutton Juvenile

Whether you're a lifelong New Yorker or you're visiting for the first time, when you're in the Big Apple you're in food heaven - a nosher's paradise where you can find the freshest and most authentic foods of any cuisine in the world, from steaming soup dumplings to Persian Kebabs, Moroccan tagines, Chinese bubble tea, Senegalese ginger beer, Colombian cholados, kosher focaccia bread, the freshest Italian cheeses, Guyanese roti and more! Complete with subway, bus, and car directions along with detailed maps of each neighborhood covered, Nosh New York turns an afternoon in the city into a delicious food adventure.

#### From Abyssinian to Zion City

"An exquisitely detailed account of the 400-year history of Harlem." —Booklist, starred review Harlem is perhaps the most famous, iconic neighborhood in the United States. A bastion of freedom and the capital of Black America, Harlem's twentieth-century renaissance changed our arts, culture, and politics forever. But this is only one of the many chapters in a wonderfully rich and varied history. In Harlem, historian Jonathan Gill presents the first complete chronicle of this remarkable place. From Henry Hudson's first contact with native Harlemites, through Harlem's years as a colonial outpost on the edge of the known world, Gill traces the neighborhood's story, marshaling a tremendous wealth of detail and a host of fascinating figures from George Washington to Langston Hughes. Harlem was an agricultural center under British rule and the site of a key early battle in the Revolutionary War. Later, wealthy elites including Alexander Hamilton built great estates there for entertainment and respite from the epidemics ravaging downtown. In the nineteenth century, transportation urbanized Harlem and brought waves of immigrants from Germany, Italy, Ireland, and elsewhere. Harlem's mix of cultures, extraordinary wealth, and extreme poverty was electrifying and explosive. Extensively researched, impressively synthesized, eminently readable, and overflowing with captivating characters, Harlem is a "vibrant history" and an impressive achievement (Publishers Weekly). "Comprehensive and compassionate—an essential text of American history and culture." —Kirkus Reviews, starred review "It's bound to become a classic or I'll eat my hat!" —Edwin G. Burrows, Pulitzer Prize-winning coauthor of Gotham: A History of New York City to 1898

#### New York Magazine National Geographic Books

Downstate New York Rock Walks is both a hiking guidebook and a history book, calling attention to some of downstate New York's most spectacular and historic rocks: balanced rocks, perched rocks, rock shelters, talus caves, glacial potholes, split rocks, rock profiles, historic rocks, and massive, larger-than-life boulders. Many large glacial erratics have a history going back thousands of years to when they were moved to their present location by advancing glaciers. Many served as points of navigational reference at a time when the landscape was featureless and heavily forested, and still others were ceremonial sites for Native Americans. Rock shelters and talus caves have also been used for thousands of years by Native Americans and Europeans seeking refuge from the elements. It is important that these amazing natural wonders of stone be remembered and recorded before they are lost to collective memory or destroyed by the encroachment of civilization. Providing precise GPS location information along with length and degree of difficulty for each hike, Downstate New York Rock Walks will appeal to casual hikers, serious rock explorers, historians, geologists, and anyone wishing to explore some of nature's greatest wonders within the reach of the lower Hudson River valley.

#### Radical Walking Tours of New York City Zondervan

Walking Broadway encapsulates the architectural history of Manhattan with fourteen walks that guide readers along New York's most famous street. Walking Broadway offers readers an architectural tour of the entire length of Broadway from Bowling Green to the Harlem River. Through fourteen structured walks the book not only presents the history of New York's most famous avenue, but also explores its architecture in depth, block by block, building by building. This is a book about what can be seen and experienced on Broadway today. Buildings are chosen for discussion first and foremost because they are interesting to look at. In a relaxed and engaging style, the author presents the building's story, explores the reasons why it is there, and explains why it looks the way it does. Along the way, the reader not only has the chance to discover fascinating and unusual buildings, but also gains a comprehensive understanding of the historic, social, economic, and political forces which shaped Broadway's growth and character.

#### New York City Like a Local Seven Stories Press

For a city like no other comes a book like no other. The New York Chronology tells the epic story of how a remote trading outpost and fishing village grew into the "world's capital" as we know it today. In tens of thousands of chronological entries, James Trager marches year by year through both the defining and incidental moments in the city's history, from the arrival of Florentine navigator Giovanni da Verrazano in 1524 to the sad closing of Ratner's Delicatessen on the Lower East Side "after 97 years of serving blintzes, kasha, latkes, and matzoh brei." With impeccable scholarship, humor, and an astonishing level of detail, Trager's information-packed entries straddle 32 separate categories that define this great metropolis. Turn to any year and you'll get a vivid sense of what life was like for New Yorkers at that time -- the political and financial developments that shaped their lives; the books, magazines, and newspapers they read; the restaurants, nightclubs, shows, and sporting events that entertained them; the fitful progress of their neighborhoods, schools, hospitals, public works, transportation systems, and so much more. Of course, New Yorkers themselves hold center stage, and The New York Chronology is loaded with eye-opening and colorful stories about its famous, infamous, and long-forgotten inhabitants. From

society events and publicity stunts to scandals and murders, here are scores of offbeat tidbits that you simply won't find in a more conventional history. Handsomely illustrated with more than 130 photographs and drawings, it is an entertaining and essential book for New York lovers -- a homage as grand as the city itself.

#### Touring Historic Harlem Monacelli Press

Presents itineraries for fifteen walking tours in Manhattan, with descriptions of the attractions located along each route; information about the history, architecture, and culture of the city; maps; and photographs.

#### The Negro Motorist Green Book Little Brown

#### Harlem Travel Guide NYU Press

In the 1960s Black Studies emerged as both an academic field and a radical new ideological paradigm. Editors Molefi Kete Asante and Ama Mazama (Black Studies, Temple U.), both influential and renowned scholars, have compiled an encyclopedia for students, high school and beyond, and general readers. It presents analysis of key individuals, events, a

#### Driving While Black: African American Travel and the Road to Civil Rights University of Chicago Press

"No geographic or racial qualification guarantees a writer her subject...Only interest, knowledge, and love will do that—all of which this book displays in abundance." (Zadie Smith, Harper's) National Book Critics Circle Award Finalist New York Times Notable Book of the Year Hurston/Wright Legacy Award Finalist One of Slate's best nonfiction books of the past 25 years For a century Harlem has been celebrated as the capital of black America, a thriving center of cultural achievement and political action. At a crucial moment in Harlem's history, as gentrification encroaches, Sharifa Rhodes-Pitts untangles the myth and meaning of Harlem's legacy. Examining the epic Harlem of official history and the personal Harlem that begins at her front door, Rhodes-Pitts introduces us to a wide variety of characters, past and present. At the heart of their stories, and her own, is the hope carried over many generations, hope that Harlem would be the ground from which blacks fully entered America's democracy. Rhodes-Pitts is a brilliant new voice who, like other significant chroniclers of places -- Joan Didion on California, or Jamaica Kincaid on Antigua -- captures the very essence of her subject. "Enchanting...Rhodes-Pitt's Harlem is a place worth fighting for." -

-New York Times Book Review

#### The Inclusive Museum Leader Welcome to Harlem

I encourage everyone to pick up this entertaining and informative book and to visit my beloved Harlem - a vibrant area rich in African-American culture and extraordinary turn of the century architecture. The name Harlem evokes recognition, nostalgia and curiosity around the world. Now, the Landmarks Conservancy's guide leads you through fabled streets that once echoed with the sound of legendary jazz and blues artists like Florence Mills and Eubie Blake and where gospel choirs make churches ring with joyful hymns today. The gracious brick and stone homes on Strivers Row, as well as the elaborately detailed brownstones around Mount Morris Park, will please and surprise you. Astor Row, with its distinctive wooden porches and front yards is a wonderful example of restoration in progress. This major renewal effort was launched during my mayoral administration and I was pleased to cut the ribbon at Number 24 when work began. Those who appreciate politics as I do will not want to miss the offices of the Urban League and the Abyssinian Baptist Church where Adam Clayton Powell's Senior's activist legacy continues to this day. Andrew Dolkart and Gretchen Sorin have concisely captured the cultural and architectural highlights of Harlem's four historic districts. My thanks to them and to the Landmarks Conservancy for promoting Harlem through this book and their daily program activities.
