Portraits for Fabric Lovers McGraw-Hill Companies

A guide to dollmaking covers the basic techniques, working with embellishments, creating faces, and making the body, and includes three doll patterns with interchangeable parts.

Serendipity Quilts Quilted Portraits and More, LLC

Explore personal transformation through the stitching of dreams and intentions. Anything but ordinary, *Mystical Stitches* combines the beloved and accessible craft of embroidery with a spiritual element, introducing a rich treasury of 200 magical symbols you can use to set an intention and create personal icons to wear or embellish items in the home. Christi Johnson offers unique patterns inspired by botanicals, animals, numbers, the cosmos, earth elements, zodiac signs, and mythical beasts, for novice or well-practiced crafters to combine into talismans with personal meaning. Johnson's folk art style is vibrant and unintimidating and provides a framework for bringing spiritual elements into physical form. This publication conforms to the EPUB Accessibility specification at WCAG 2.0 Level AA.

Three leading dolls artists share doll-making techniques, as well as step-by-step instructions to creating beautiful dolls of your own. Patti Culea, Elinor Peace Bailey, and Barbara Willis are three of the leading doll artists and teachers in the country. They are also friends. Each of these artists has her own distinct approach to the design and development of a cloth figure. In this book, each artist's process will come alive through their choice of fabrics, sketches, simple patterns, and skill-building variations. The book is oriented toward beginning doll makers but offers unique variations and embellishments to please even more experienced doll designers. Two introductory chapters cover basic materials and techniques. Each artist's chapter includes step-by-step illustrations, instructions, and patterns to make a complete doll, plus variations that create completely new figures. Readers are treated to full color photography and a look inside of each artist's workspace. A gallery of additional creations by each artist, along with commentary on each work completes the collection. This is a must-have book for any aspiring or experienced doll making.

Letter from the Birmingham Jail Krause Publications

How do you "Quilt a Face?" How do you bring your favorite people to life with fabric? Fabric portrait artists and teachers, Phyllis Cullen and Cindy Richard, show you how to create amazing, true-to-life portraits! "It's All About the Face" was born when the authors realized there was little available instruction about how to quilt faces. Having taught the subject for years, they decided to collaborate. Capturing the essence of a subject is the goal. Phyllis and Cindy have applied the rules of fine art to quilting faces. The book offers in-depth direction - even if you cannot draw, have never taken an art class or even a sewing class. Using large, full color, detailed images as examples, the authors lead the reader step by step through the process of: - Composing a portrait so it tells a story and WOWS the viewer - Using digital technology to reveal the values in every face - Selecting fabrics - Creating a totally recognizable fabric collage - Quilting your masterpiece by following anatomical contours The authors offer tips about lighting, taking reference photos, and photographing your finished quilts. They make recommendations about needles, thread, surface design, and even how to please the judges! Finally, Phyllis, who is also a doctor, touches on ways to keep your hands healthy. Cindy and Phyllis want you to succeed! They offer classes and workshops to support the book and stand ready to answer your questions and help you with your projects. They feel confident that anyone who follows their instructions will get a great start on the fascinating journey that is "All About the Face!"

New Investigations in Collective Form presents a group of design experiments by the design-research office THE OPEN WORKSHOP, that test how architecture can empower the diverse voices that

make up the public realm and the environments in which they exist. Today, society continues to face urban challenges--from economic inequality to a progressively fragile natural environment--that, in order to be addressed, require us to come together in a moment when what we collectively value is increasingly difficult to locate. Organized into five themes for producing collectivity--Frameworks, Articulated Surfaces, the Living Archive, Re-Wiring States, and Commoning--the projects straddle the fine line between the individual and collective, informal, and formal, choice and control, impermanent and permanent.

"John Currin worked on the painting that became 'The Dogwood Thieves' for six years. Starting with a photograph from a magazine advertisement, he altered the painting several dozen times until he was satisfied with the composition. This publication is based on a lecture given by John Currin in August 2010 at the

An art quilt is a unique and original work of art done in fabric, layered with batting and backed just like a traditional quilt. Most often, they are made to hang on a wall as decoration. In this book, learn how to identify an appropriate photo for an art quilt, how to translate that photo into a fabric collage, and how to accent and/or embellish it using thread painting, raw-edge machine appliqué and fabric collage. A bonus DVD hosted by Nancy Zieman compliments the instruction featured in the book.
[Creating Faces](#) Stash Books

An exciting new approach for beginning to advanced quilters who want to improvise on their own, with a friend, or with a community of fellow makers. Forget step-by-step instructions and copycat designs. In *The Improv Handbook for Modern Quilters*, Sherri Lynn Wood presents a flexible approach to quilting that breaks free of old paradigms. Instead of traditional instructions, she presents 10 frameworks (or scores) that create a guiding, but not limiting, structure. To help quilters gain confidence, Wood also offers detailed lessons for stitching techniques key to improvisation, design and spontaneity exercises, and lessons on color. Every quilt made from one of Wood's scores will have common threads, but each one will look different because it reflects the maker's unique interpretation. Featured throughout the book are Wood's own quilts and a gallery of contributor works chosen from among the hundreds submitted when she invited volunteers to test her scores during the making of this groundbreaking work. "Wood offers a series of techniques, guidelines and lessons on color choice for those ready to explore improvisational quilting. Her book is loaded with full-color photos and examples to inspire." —Dallas Morning News "Despite how it may "seam," quilting isn't all about rules! Quilting can be an

exhilarating way to channel your creativity and express yourself.

This book is focused more on exploration than explanation—a perfect mindset for beginners!" —Powell's Books Staff Pick

Creating Faces - Needle Sculpting from the Beginning is designed as a step-by-step guide that shows you how truly easy it is to needle sculpt, color and create one of a kind doll faces. Each personality develops as the face emerges from the fabric. Please allow me to introduce you to my 4 favorite doll faces - Nosy, Drowsy, Sneaky and Cutie. As you get to know them, I bet you'll discover exactly why they proudly embrace their names. Welcome to my world where I play and pretend every chance I get. Moments stretch into hours when I'm once again a little girl - never too grown up to play with dolls. I've always been fascinated with faces. I enjoy learning ways to create fun, easy expressions. When I find images with interesting facial features, I save them in my reference notebook. It's a great tool that I browse frequently. (I bet you'll enjoy making your own reference book, too.) Gather your supplies and let's get started. Oh, and always remember, you're never too grown up to play! Barb Owen
