Drawing upon a multi-disciplinary methodology employing diverse written sources, material practices and vivid life histories, Faith in the family seeks to assess the impact of the Second Vatican Council on the ordinary believer, alongside contemporaneous shifts in British society relating to social mobility, the sixties, sexual morality and secularisation. Chapters examine the changes in the Roman Catholic liturgy and Christology; devotion to Mary, the rosary and the place of women

in the family and church, as well as the enduring (but shifting) popularity of Saints Bernadette and Thérèse. Appealing to students of modern British gender and cultural history, as well as a general readership interested in religious life in Britain in the second half of the twentieth century, Faith in the family illustrates that despite unmistakable differences in their cultural accoutrements and interpretations of Catholicism, English Catholics continued to identify with and practise the 'Faith of Our Fathers' before and after Vatican II.

*Armageddon Averted* Penguin

Durch die Globalisierung der Wirtschaft wird sich der Austausch und die Zusammenarbeit von deutschen und US-amerikanischen Studierenden in Zukunft weiter intensivieren. Obwohl tragfähige Verbindungen zwischen den USA und Deutschland bestehen,

kommt es bei Gesprächen - insbesondere auch im Hinblick auf die Beziehungsgestaltung - noch immer zu Missverständnissen. Manche Missverständnisse haben weitreichende Konsequenzen. Aus diesen Gründen will die gesprächsanalytische Untersuchung dazu beigetragen, ein besseres gegenseitiges Verständnis zwischen deutschen und US-amerikanischen Studierenden zu erzielen. Dazu wird ein Rahmenmodell zur deutsch-US-amerikanischen sprachlichen Beziehungsarbeit ausgearbeitet, das vom Konzept des face work ausgeht und dieses weiterentwickelt. Es folgen die Analysen von interkulturellen Gesprächen zwischen anglophonen US-amerikanischen Fremdsprachlern und deutschen Muttersprachlern im Hinblick auf Unterschiede und Gemeinsamkeiten in der Beziehungsarbeit. Dabei werden Gespräche mit narrativer, diskursiver sowie direkter Handlungsdimension betrachtet, die jeweils unterschiedliche Grade der Gesichtsbedrohung enthalten. Es werden alle Ebenen des Gesprächs in den Fokus der Analyse genommen (Gesprächsstrategien, Sprechakte, Sprechaktsequenzen, thematische Handlungen, Redezeiten, Thementypen, Gesprächseröffnungen und -beendigungen etc.).

### **Being Henry David** Random House

Lagos im Januar 1976. Am Rande einer Vernissage lernt Remi Lawal die Amerikanerin Frances Cooke kennen, die nach Nigeria gekommen ist, um Perlen zu kaufen. Die Frauen freunden sich an, obwohl Remis Ehemann Tunde dagegen ist: Er hat Frances im Verdacht, eine Spionin zu sein. Angesichts des kalten Krieges und der politischen Lage Nigerias ist sein Argwohn weniger überspannt, als es scheint. Doch Remi führt Frances freimütig in die nigerianische Upperclass mit ihren Eitelkeiten, Intrigen und

Eheproblemen ein. Feinsinnig, mit Witz und Ironie reflektiert Remi ihre persönliche, die gesellschaftliche und politische Situation Nigerias. Frances dagegen, die unabhängige Amerikanerin, bleibt rätselhaft, und irgendwann schleicht sich Misstrauen auch bei Remi ein.

**Die amerikanische Besetzung Deutschlands** Unionsverlag  
Dieses Buch beschreibt nur ein einziges Jahr, aber es ist ein Jahr wie selten eines in der Geschichte. Es beginnt mit der Existenzkrise des Dritten Reiches im Sommer 1944, und es endet mit der Potsdamer Konferenz im Sommer 1945. Im Finale des Weltanschauungskrieges auf deutschem Territorium treffen Amerikaner und Deutsche, Sieger und Besiegte aufeinander. In diesem einen Jahr berühren sich zwei Zeitalter, es bildet ferner die Kernzone der deutschen Katastrophen- und Transformationsphase zwischen Stalingrad und Währungsreform, und es sind Monate größter historischer Beschleunigung, in denen das Erleben der Menschen eine Verdichtung erfährt wie selten zuvor und selten danach. Krieg, Eroberung und Besetzung, Sturz der Diktatur und Sieg der Demokratie, Rettung und Vernichtung sind auch ein menschliches Drama und ein geschichtliches Epos gewesen: In wissenschaftlicher Analyse und eindringlicher Erzählung eine Gesamtansicht dieses einen Jahres im Übergang vom Krieg zum Frieden zu geben, ist das Ziel dieses Buches.

Das 20. Jahrhundert. Teil 1: Die Englische und Die Amerikanische Literaturkritik 1900-1950 University Press of Kentucky  
NEW YORK TIMES BESTSELLER "King's songs have mixed rock-soul heart-rush with real-world ache. So does her memoir...Revealing, humble, and cool-aunt chatty." -Rolling

Stone The incredible life that inspired the hit Broadway musical Beautiful Carole King takes us from her early beginnings in Brooklyn, to her remarkable success as one of the world's most acclaimed songwriting and performing talents of all time. A NATURAL WOMAN chronicles King's extraordinary life, drawing readers into her musical world, including her phenomenally successful #1 album Tapestry, and into her journey as a performer, mother, wife and present-day activist. Deeply personal, King's memoir offers readers a front-row seat to the woman behind the legend and includes dozens of photos from her childhood, her own family, and behind-the-scenes images from her performances.

Deutsch-amerikanische Apotheker-zeitung Walter de Gruyter  
A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

Register Walter de Gruyter

Featuring extensive revisions to the text as well as a new introduction and epilogue--bringing the book completely up to date on the tumultuous politics of the previous decade and the long-term implications of the Soviet collapse--this compact, original, and engaging book offers the definitive account of one of the great historical events of the last fifty years. Combining historical and geopolitical analysis with an absorbing narrative, Kotkin draws upon extensive research, including memoirs by

dozens of insiders and senior figures, to illuminate the factors that led to the demise of Communism and the USSR. The new edition puts the collapse in the context of the global economic and political changes from the 1970s to the present day. Kotkin creates a compelling profile of post Soviet Russia and he reminds us, with chilling immediacy, of what could not have been predicted--that the world's largest police state, with several million troops, a doomsday arsenal, and an appalling record of violence, would liquidate itself with barely a whimper. Throughout the book, Kotkin also paints vivid portraits of key personalities. Using recently released archive materials, for example, he offers a fascinating picture of Gorbachev, describing this virtuoso tactician and resolutely committed reformer as "flabbergasted by the fact that his socialist renewal was leading to the system's liquidation"--and more or less going along with it. At once authoritative and provocative, Armageddon Averted illuminates the collapse of the Soviet Union, revealing how "principled restraint and scheming self-interest brought a deadly system to meek dissolution." Acclaim for the First Edition: "The clearest picture we have to date of the post-Soviet landscape." --The New Yorker "A triumph of the art of contemporary history. In fewer than 200 pages Kotkin elucidates the implosion of the Soviet empire--the most important and startling series of international events of the past fifty years--and clearly spells out why, thanks almost entirely to the 'principal restraint' of the Soviet leadership, that collapse didn't result in a cataclysmic war, as all experts had long forecasted." -The Atlantic Monthly "Concise and persuasive The mystery, for Kotkin, is not so much why the Soviet Union collapsed as why it did so with so little collateral damage." --The

Die amerikanische Freundin Manchester University Press

“The new American way of war is here, but the debate about it has only just begun. In *The Way of the Knife*, Mr Mazzetti has made a valuable contribution to it.” —The Economist A Pulitzer Prize-winning reporter’s riveting account of the transformation of the CIA and America’s special operations forces into man-hunting and killing machines in the world’s dark spaces: the new American way of war The most momentous change in American warfare over the past decade has taken place away from the battlefields of Afghanistan and Iraq, in the corners of the world where large armies can’t go. *The Way of the Knife* is the untold story of that shadow war: a campaign that has blurred the lines between soldiers and spies and lowered the bar for waging war across the globe. America has pursued its enemies with killer drones and special operations troops; trained privateers for assassination missions and used them to set up clandestine spying networks; and relied on mercurial dictators, untrustworthy foreign intelligence services, and proxy armies. This new approach to war has been embraced by Washington as a lower risk, lower cost alternative to the messy wars of occupation and has been championed as a clean and surgical way of conflict. But the knife has created enemies just as it has killed them. It has fomented resentments among allies, fueled instability, and created new weapons unbound by the normal rules of accountability during wartime. Mark Mazzetti tracks an astonishing cast of characters on the ground in the shadow war, from a CIA officer dropped into the tribal areas to learn the hard way how the spy games in Pakistan are played to the chain-

smoking Pentagon official running an off-the-books spy operation, from a Virginia socialite whom the Pentagon hired to gather intelligence about militants in Somalia to a CIA contractor imprisoned in Lahore after going off the leash. At the heart of the book is the story of two proud and rival entities, the CIA and the American military, elbowing each other for supremacy. Sometimes, as with the raid that killed Osama bin Laden, their efforts have been perfectly coordinated. Other times, including the failed operations disclosed here for the first time, they have not. For better or worse, their struggles will define American national security in the years to come.

Der Amerikanische Freybeuter, Oder Leben Robert Pierots, Eines gebohrnen Holländers (etc.) Albert Whitman & Company

Two science fiction masters—Jack McDevitt and Mike Resnick—team up to deliver a classic thriller in which one man uncovers the hidden history of the United States space program... “Houston, we have a problem...” Formerly a cynical, ambitious PR man, Jerry Culpepper finally found a client he could believe in when he was hired as NASA’s public affairs director. Proud of the Agency’s history and sure of its destiny, he was thrilled to be a part of its future. But public disinterest and budget cuts changed that future. Now, a half century after the first Moon landing, Jerry feels like the only one with stars in his eyes. Then a fifty-year-old secret about the Apollo XI mission is revealed, and he finds himself embroiled in the biggest controversy of the twenty-first century, one that will test his ability—and his willingness—to spin the truth about a conspiracy of reality-altering proportions...

This volume contains an advanced level discussion on the appropriateness of hormone replacement therapy (HRT) in modern postmenopausal women on the basis of evidence provided by recent epidemiological studies. It addresses all aspects of benefits and risks associated with HRT. It focuses, however, on cancer risk and on risk of breast cancer in particular. The book advocates further epidemiological studies which incorporate pathobiological assessments.

NEW YORK TIMES BESTSELLER • A NEW YORK TIMES NOTABLE BOOK • “A tour de force . . . a comprehensive and suitably furious guide to the political landscape of American healthcare . . . persuasive, shocking.”—The New York Times America’s Bitter Pill is Steven Brill’s acclaimed book on how the Affordable Care Act, or Obamacare, was written, how it is being implemented, and,

most important, how it is changing—and failing to change—the rampant abuses in the healthcare industry. It’s a fly-on-the-wall account of the titanic fight to pass a 961-page law aimed at fixing America’s largest, most dysfunctional industry. It’s a penetrating chronicle of how the profiteering that Brill first identified in his trailblazing Time magazine cover story continues, despite Obamacare. And it is the first complete, inside account of how President Obama persevered to push through the law, but then failed to deal with the staff incompetence and turf wars that crippled its implementation. But by chance America’s Bitter Pill ends up being much more—because as Brill was completing this book, he had to undergo urgent open-heart surgery. Thus, this also becomes the story of how one patient who thinks he knows everything about healthcare “policy” rethinks it from a hospital gurney—and combines that insight with his brilliant reporting. The result: a surprising new vision of how we can fix American healthcare so that it stops draining the bank accounts of our families and our businesses, and the federal treasury. Praise for America’s Bitter Pill “An energetic, picaresque, narrative explanation of much of what has happened in the last seven years of health policy . . . [Brill] has pulled off something extraordinary.”—The New York Times Book Review “A thunderous indictment of what Brill refers to as the ‘toxicity of our profiteer-dominated healthcare system.’ ”—Los Angeles Times “A sweeping and spirited new book [that] chronicles the surprisingly juicy tale of reform.”—The Daily Beast “One of the most important books of our time.”—Walter Isaacson “Superb . . . Brill has achieved the seemingly impossible—written an exciting book about the American health system.”—The New York Review of

**J. F. Cooper's Amerikanische Romane** Oxford University Press "Small Mercies is thought provoking, engaging, enraging, and can't-put-it-down entertainment." -- Stephen King The acclaimed New York Times bestselling writer returns with a masterpiece to rival *Mystic River*--an all-consuming tale of revenge, family love, festering hate, and insidious power, set against one of the most tumultuous episodes in Boston's history. In the summer of 1974 a heatwave blankets Boston and Mary Pat Fennessy is trying to stay one step ahead of the bill collectors. Mary Pat has lived her entire life in the housing projects of "Southie," the Irish American enclave that stubbornly adheres to old tradition and stands proudly apart. One night Mary Pat's teenage daughter Jules stays out late and doesn't come home. That same evening, a young Black man is found dead, struck by a subway train under mysterious circumstances. The two events seem unconnected. But Mary Pat, propelled by a desperate search for her missing daughter, begins turning over stones best left untouched--asking questions that bother Marty Butler, chieftain of the Irish mob, and the men who work for him, men who don't take kindly to any threat to their business. Set against the hot, tumultuous months when the city's desegregation of its public schools exploded in violence, *Small Mercies* is a superb thriller, a brutal depiction of criminality and power, and an unflinching portrait of the dark heart of American racism. It is a mesmerizing and wrenching work that only Dennis Lehane could write.

Deutsch-Amerikanische Monatsheft für Politik, Wissenschaft und Literatur Springer Science & Business Media

STARRED REVIEW! "This compelling, suspenseful debut, a tough-

love riff on guilt, forgiveness and redemption, asks hard questions to which there are no easy answers."—Kirkus Reviews starred review Best Teen Books of 2013, Kirkus Reviews 2014 Paterson Prize for Books for Young People The Best Children's Books of the Year 2014, Bank Street College Seventeen-year-old "Hank," who can't remember his identity, finds himself in Penn Station with a copy of Thoreau's *Walden* as his only possession and must figure out where he's from and why he ran away. Seventeen-year-old "Hank" has found himself at Penn Station in New York City with no memory of anything—who he is, where he came from, why he's running away. His only possession is a worn copy of *Walden* by Henry David Thoreau. And so he becomes Henry David—or "Hank"—and takes first to the streets, and then to the only destination he can think of—Walden Pond in Concord, Massachusetts. Cal Armistead's remarkable debut novel about a teen in search of himself. As Hank begins to piece together recollections from his past he realizes that the only way he can discover his present is to face up to the realities of his grievous memories. He must come to terms with the tragedy of his past to stop running and find his way home.

Amerikanische Arzneiprüfungen Grand Central Publishing Ancient blood feuds and modern conspiracies: Magnus Jonson discovers that vengeance, in Iceland, is best served at arctic temperatures. . . Iceland 1934: Two boys playing in the lava fields that surround their isolated farmsteads see something they shouldn't have. The consequences will haunt them and their families for generations. Iceland 2009: the credit crunch bites. The currency has been devalued, banks nationalized, savings annihilated, lives ruined. Grassroots revolution is in the air, as is

the feeling that someone ought to pay. . . ought to pay the blood price. And in a country with a population of just 300,000 souls, in a country where everyone knows everybody, it isn't hard to draw up a list of exactly who is responsible. And then, one-by-one, to cross them off. Iceland 2010: As bankers and politicians start to die, at home and abroad, it is up to Magnus Jonson to unravel the web of conspirators before they strike again. But while Magnus investigates the crimes of the present, the crimes of the past are catching up with him.

### **The Cassandra Project** LWW

The eighteenth century was a time of significant change in the perception of marriage and family relations, the emphasis of reason over revelation, and the spread of political consciousness. The Unity of the Brethren, known in America as Moravians, experienced the resulting tensions firsthand as they organized their protective religious settlements in Germany. A group of the Brethren who later settled in Salem, North Carolina, experienced the stresses of cultural and generational conflict when its younger members came to think of themselves as Americans. The Moravians who first immigrated to America actively

maintained their connections to those who remained in Europe and gave them the authority for deciding religious, social, and governmental issues. But, as the children born in Salem became acclimated to more freedoms, particularly in the wake of the American Revolution, a series of disputes intensified the problems of transatlantic governance. While the group's leadership usually associated Enlightenment principles with rebellion and religious skepticism, the younger Brethren were drawn to its message of individual autonomy and creative expression. Elisabeth Sommer traces the impact of this generational and cultural change among Moravians on both sides of the Atlantic and examines the resulting debate over the definition of freedom and faith.
