If you are

feeling overwhelmed with change, challenges, or checklists, you may wonder how you can partake now of God's happiness and find your pathway to peace, hope, and joy. With loving insight, President Dieter F. Uchtdorf addresses two attributes that contribute to our Heavenly Father's perfect happiness -- the power of creation and service with compassion. As a treasured daughter of our Heavenly

Father, you can develop those remarkable abilities as well as find happiness in the journey. By listening to the Spirit, you can come to realize that creating is not just done with paint, pen, or pottery, and compassionate service is more than a casserole or a card. As you bring something into existence that has never been before and as you serve others -- even in small ways -- you cannot help but participate

in the wonder that is God's joy. In The Remarkable Soul of a Woman, President Uchtdorf's timely thoughts on creating and being compassionate will buoy you up, give you strength, and help you realize what a great power for good you truly are.  What should
 you write to a

 do you

comfort a colleague in a time of need? Every greeting card needs a personal, handwritten message to make it complete. In this comprehensive, encouraging guide, journalist and lifestyle expert Sandra Lamb offers a wealth of advice, inspiration, and examples for anyone who wants to add the perfect personal touch to their card messages---as well as

anyone who wants to know the etiquette of when and what to write. Something as small as a heartfelt message on a greeting card can help remedy our hectic, e-mail-dependent lives. Lamb provides tips and sample messages for every occasion under the sun, both happy and somber (thank-you, birthday, birth and adoption, condolence), and explains the meanings of possibly unfamiliar holidays and

religious rituals to aid in the writing of appropriate messages. This personal, indispensable guide will help you rekindle the joy of putting pen to paper and truly connect with loved ones and friends. *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... You're not over the hill—it's just taking you longer to get to the top. Mick Jagger did it. Paul McCartney did it too, and Tina Turner made it in a short skirt and red lipstick. But when it happens to you, chances are you'll find it hard to believe. Reaching the big Five-O is more of a milestone than other birthdays, but what does it really mean?

Gloria Steinem says that fifty is what forty used to be. So if your birthday candles set off the smoke alarm, don't despair—dig into this warm and funny collection of celebrity quotes, lists, interviews, and tongue-in-cheek advice. Here's all the wit and wisdom of many who have already reached the half-century mark, hilariously (or hysterically) gathered to remind you that you're not alone, and

that the best is yet come.
