## MURRAY CAROLYN

[The Dark Side of the Enlightenment: Wizards, Alchemists, and Spiritual Seekers in the Age of Reason](#) AuthorHouse  
 Esotericism and spirituality are two words seldom referred to about Freemasonry, and it is even more rare to find a book dedicated to this purpose. This is such a book. Ben Zion takes the reader on a personal journey of self-discovery, describing with the help of Masonic imagery and symbolism how any Mason, if earnest in his intentions and pure of heart, can become awakened by contemplation and true speculation upon the ritual, with a particular emphasis on shifting one's conscious perspective. In addition, throughout this book he interweaves the fundamental principles of the Eastern school of Hindu Philosophy (Advaita Vedanta) with Judeo/Christian mysticism, finding synergy between the two worlds and showing us all along that there is embedded within all religions but one Truth, one origin, and one destination. Upon finishing this book, the reader will be instilled with a wealth of new understanding, not only about the mysteries underpinning the Craft ritual, but about himself as a man, a Mason, and a once lost soul seeking return to his Native Land. This book is a must read for all Masons worldwide, and highly recommended for anyone wanting to embark upon a journey of self-discovery.  
**Proceedings of the Grand Lodge of Free and Accepted Masons of the State of New York** Cambridge Scholars Publishing  
 Some of the great minds in Masonic history--Albert Mackey, Joseph Fort Newton, Oliver Day Street, H.L. Haywood, and others--answer questions concerning the Masonic method of teaching and explain the symbolism of the Masonic degrees. (Social Science)  
[Unlikely Collaboration](#) Simon and Schuster  
 Freemasonry has a deep purpose which can be overlooked in the rush of the modern world. Its ritual says it is a high and serious subject. But how can an individual discover the truths it outlines? Robert Lomas has spent thirty years as a university teacher, and twenty years studying Freemasonry. In this book he shares his personal insight into the Craft and outlines the steps a Mason must take to find self-knowledge. His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design. The purpose of Freemasonry is to help its members become Initiates in the science of Life. If you want to know yourself, then Freemasonry offers a path to that knowledge. It is a spiritual adventure, fit for the athletic and adventurous mind. The Secret Science of Masonic Initiation reveals that path.  
**Freemasonry** John Wiley & Sons  
 A revised edition of Robert's Rules of Order for use in Masonic

lodges and appendant bodies. Includes Order of Business, Prerogatives of the Worshipful Master, The 25 Ancient Landmarks Of Freemasonry, Anderson's Constitutions, and more.

### Robert's Rules of Order McFarland

Long recognized as more than the writings of a dozen or so philosophes, the Enlightenment created a new secular culture populated by the literate and the affluent. Enamoured of British institutions, Continental Europeans turned to the imported masonic lodges and found in them a new forum that was constitutionally constructed and logically egalitarian. Originating in the Middle Ages, when stone-masons joined together to preserve their professional secrets and to protect their wages, the English and Scottish lodges had by the eighteenth century discarded their guild origins and become an international phenomenon that gave men and eventually some women a place to vote, speak, discuss and debate. Margaret Jacob argues that the hundreds of masonic lodges founded in eighteenth-century Europe were among the most important enclaves in which modern civil society was formed. In France, the Netherlands, Belgium, and Britain men and women freemasons sought to create a moral and social order based upon reason and virtue, and dedicated to the principles of liberty and equality. A forum where philosophers met with men of commerce, government, and the professions, the masonic lodge created new forms of self-government in microcosm, complete with constitutions and laws, elections, and representatives. This is the first comprehensive history of Enlightenment freemasonry, from the roots of the society's political philosophy and evolution in seventeenth-century England and Scotland to the French Revolution. Based on never-before-used archival sources, it will appeal to anyone interested in the birth of modernity in Europe or in the cultural milieu of the European Enlightenment.

### The Satanic Pope Enlightenment Anchor Books

The Scottish Rite is the most philosophical of all the branches of Freemasonry. It meets the brother immediately following his awakening to the condition of his own life, with all its challenges and victories. It directs him on a new journey of self-discovery; of personal and spiritual growth. It provides him a higher understanding of how this newly discovered light and mindfulness can then be played out in the real world and become a guiding force in his life. The Rite offers a facilitated path for each Initiate to find and apply the best that is within him in all activities of his life. The journey is nothing less than the journey to the mature masculine soul. This book takes a new look at how the teachings of the Scottish Rite serve both the individual and humanity in advancing the ideals of peace, enlightenment, and freedom for all mankind. It introduces the themes and quests of the Rite, and outlines how each degree or level of instruction fulfills an important element in the attainment of three of Freemasonry's highest principles; enlightenment, freedom and toleration. It also recognizes that the historical settings, language, pageantry, and form of instruction of the degrees were all penned during the 18th and 19th centuries. As beautiful and meaningful as these are, the presentations can create a disconnect between the ancient settings of the teachings and the contemporary life of the men who experience them. This work is an effort to bridge the gap between the ancient symbols, themes, quests, and philosophies offered by the Scottish Rite; and how these profound ideas can be communicated, understood, and applied to today's world.

**Freemasonry: Spiritual Alchemy** University of Chicago Press  
 In 1716 four Lodges of Operative Masons met at the Apple Tree Tavern in London and decided to create a "Grand Lodge" to reorganize Freemasonry, which was slowly dying out. After the establishment of the Premier Grand Lodge the next year, 1717, one of the Lodges, the Rummer and Grapes, took a decidedly new direction that resulted in the creation of what would later become known as Speculative Freemasonry, the basis of modern Freemasonry. However, as there is very little documentation from this period, many questions are left unanswered: \*Why three educated and busy men decided to rewrite the ritual of a stonemasons' guild, when they were neither stonemasons nor manual workers. \*Why the first three Grand Masters gave eight years of their lives to this cause. Not only that, but why they

thought it necessary to add a third degree to the ritual. \*Why the literati and aristocracy of Europe were motivated to join these three men, an antiquarian, a Huguenot priest and a possible alchemist, in a room above a tavern to study the new degrees. \*Why there is a "key to the rituals" that Desaguliers referred to in the Constitutions of 1723. \*Why the first three Grand Masters were interested in "making good men better," when they were also not philanthropists. \*Why the first three Grand Masters used steganography to hide secrets in the rituals, making them a puzzle for Freemasons to discover. \*Lastly, and probably most importantly, why the English nobility (and later royalty) believed so strongly in what these three men had conceived that they lent their names to the enterprise by becoming its figurehead, Grand Masters. This book answers these questions, and more!

**U.S. History** Cornell University Press

Famous American Freemasons is a collection of stories about some of the Masons from America's past. Through little-known stories of some of the fraternity's most influential members, Todd E. Creason shows the amazing range of contributions Masons have made to the causes of freedom, politics, philosophy, scientific discovery, and the arts-contributions that have helped to define the nation. In Famous American Freemasons, author and Freemason Todd E. Creason also gives unique insight into the history and philosophy of Freemasonry in America while debunking common myths and misconceptions about the world's largest and oldest fraternal organization. These famous American men came from all walks of life with different religious beliefs as well as educational, cultural, economic, and career backgrounds. They became patriots, Presidents, military leaders, entertainers, and American legends-and one and all were Freemasons.

**The Freemason's Chronicle** Oxford University Press

Unravel the mysteries of the Masons All the myths and rumors about Masonic organizations probably have you wondering "what do Masons really do?" Questions like this one are a natural by-product of being the oldest and largest "secret society" in the world. This book is an ideal starting place to find answers to your questions about the secret and not-so-secret things about Freemasonry. Now in its third edition, this international best-seller peeks behind the door of your local Masonic lodge and explains the meanings behind the rituals, rites, and symbols of the organization. Along the way the book covers nearly 3,000 years of Masonic history, introduces you to some famous Freemasons you already know from history books, and explains the relationship with related groups like Knights Templar, Scottish Rite, Order of Eastern Star, and the beloved fez-wearing Shriners. Look inside the book to learn: What it takes to become a member of the Freemasons, and what you can expect when you join How Lodges are organized and what really goes on during Masonic ceremonies The basic beliefs and philosophies of Freemasonry, including how Masons contribute to charity, and society in general The origins behind some of the wild myths and conspiracy theories surrounding Freemasonry and how to debunk (most of) them Written by a 33rd degree Scottish Rite Mason and the Public Relations and Marketing Director for the Grand Lodge F&AM of Indiana, Freemasons For Dummies is a must-read guide for anyone interested in this ancient fraternal order, whether you're looking to join or are just curious about some of the more mysterious aspects of Freemasonry.

*Whence Come You* John Wiley & Sons

Modern Speculative Freemasonry was born at a Lodge meeting at the Rummer and Grapes Tavern, later moving to the Horn Tavern. The first three Grand Masters had changed the existing Operative Mason's rituals in some way, and the only way to find out what those changes were, was to compare the current ritual to the bits of ritual that exist prior to the establishment of the Premier Grand Lodge in 1717, the event Masonic scholar Albert Pike calls the "Revival." The allure of researching the early days of Freemasonry

is that we can learn about the objectives of the first three Grand Masters, and thus answer some or all of the following questions: \*Why the Lodge at the Horn Tavern was so different from the other three Lodges whose "Constitution is Immemorial." \*What was the secret scroll owned by a librarian at the University of Oxford that might hold the formula for alchemy's ultimate prize, the Philosophers' Stone? \*Why valuable documents were destroyed during the early days of the Grand Lodge of England. \*How did the son of the only "black" queen of England become Freemasonry's first royal Grand Master? \*Why the Bishop of London treated Pocahontas as "visiting royalty," and what became of her? \*Who was the Chinese mandarin, who may hold the secret to one of the degrees? \*Why a rival "Chinese" secret society tried to bring down Freemasonry. This book answers these questions, and many more!

*The Brotherhood of Freemason Sisters* Greg Kofford Books

Freemasonry began with stonemasons in the Middle Ages experiencing the decline of cathedral building. Some guilds invited honorary memberships to boost their numbers. These usually highly educated new members practiced symbolic or "speculative Freemasonry." The new Masonic lodges and learned societies offered their growing numbers of Protestant, Catholic and Jewish members an understanding of deism, Newtonian science and representative government, and of literature and the fine arts. This work describes how Masons on both sides of the Atlantic were mostly either enlighteners, political reformers or moderate revolutionaries. They offered minimal support to radical revolutionary ideas and leaders.

*Living the Enlightenment* Routledge

This "stupendous ethnography of female Freemasonry in Italy" reveals the fascinating paradox of elitism and exclusion experienced by "female brothers" (Michael Herzfeld, author of *Evicted from Eternity*). From its cryptic images on the dollar bill to Dan Brown's *The Lost Symbol*, the Freemasons have long been one of the most romanticized secret societies in the world. But a simple fact escapes most depictions of this elite brotherhood: there are also female members. In this groundbreaking ethnography, Lilith Mahmud takes readers inside Masonic lodges of contemporary Italy, where she observes the ritualistic and fraternal bonds forged among Freemason women. Offering a tantalizing look behind lodge doors, *The Brotherhood of Freemason Sisters* unveils a complex culture of discretion in which Freemasons reveal some truths and hide others. Female initiates—one of Freemasonry's best-kept secrets—are often upper class and highly educated, yet avowedly antifeminist. Their self-cultivation through the Masonic path is an effort to embrace the deeply gendered ideals of fraternity. In this lively investigation, Mahmud unravels the contradictions at the heart of Freemasonry: an organization responsible for many of the egalitarian concepts of the Enlightenment and yet one that has always been, and in Italy still remains, extremely exclusive. The result is not only a thrilling look at a surprisingly influential world, but a reevaluation of the modern values we now take for granted

**The Masonic Magician** Cornerstone Book Publishers

MASONIC EDUCATION This book is written to assist the new as well as members who have been around for some time in the Ancient Craft "Blue Lodge", who have not yet fully understood the general structure of Masonry or the basic working of the Lodge. Its objective is to provide the reader with General Usages, History of Masonry, Masonic LandMarks of the Craft, Masonic Jurisprudence, Organizational Structure and General Administrative Procedures, just to name a few. I hope that all may find it a useful tool in the pursuit for Masonic Knowledge and I encourage your further development of a better understanding of the workings of the Craft, that you become motivated to continue your exploits for "More Light".

[Method Infinite: Freemasonry and the Mormon Restoration](#) UNC

Press Books

Freemasonry is one of the oldest and most widespread voluntary organizations in the world. Andreas Onnerfors sorts the facts from the colorful fictions surrounding this organization and outlines how the organization works, its rituals and symbols, its values, and the work it does in modern society.

**Famous American Freemasons** Independently Published

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

[Freemasonry: Initiation by Light](#) Columbia University Press

This is documentation of the true existence of a Sovereignty Order, under religious practices. This Order is claiming Ancient practices that should not be interfered with by any Government Laws. We believe in The Creator and we believe in The Laws of The Universe. We believe we have The Rights to function under abilities, in all Satanic practices private or public. Our purpose and cause is to enlighten those we choose; we don't operate by force. We exercise love, peace and harmony in the evolution of humanity. We believe when God casted Satan down to Earth, it formed a Government of intellectual Spiritual Beings that would form a Government for intellectual Humans to follow. This Declaration is only for the chosen, only those initiated.

*Freemason's Monthly* Oxford University Press

This is the a follow-up to the popular book "Masonic Enlightenment." Includes the inspired Masonic essays: "Mythology and Masonry" by R.J. Meekren; "Geometry of God" by Joseph Fort Newton; "The Suppression of the Order of the Temple" by Frederick W. Hamilton; "Was William Shakespeare a Freemason?" by Robert I. Clegg; "The Religion of Robert Burns" by Gilbert Patten Brown; "Hysteria in Freemasonry" by WM. F. Kuhn; "The Square and the Cross" by A.S. MacBride; "Toleration and Freethinking" by H.L. Haywood and more.

**The Freemasons Key - A Study of Masonic Symbolism**

Freemasonry in the Wild West is an accessible account of the role played by Freemasonry and its adherents during the westward expansion of the United States. Starting with the foundation of American colonization on the west coast at Astoria, Oregon, this book traces the Masons who were directly involved in developing the West.

[British Freemasonry, 1717-1813 Volume 1](#) Weiser Books

While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter-day Saints, the historical influence of Freemasonry on this religious tradition cannot be refuted. Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period, but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted. The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize, let alone fully grasp, the relevant issues. Even those with both Mormon and Masonic experience may not be versed in the nineteenth-century versions of Masonry's rituals, legends, and practices. Without this specialized background, it is easy to miss the Masonic significance of numerous early Mormon ordinances, scripture, and doctrines. Method Infinite: Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days. Smith's firsthand knowledge of and experience with both Masonry and anti-Masonic currents contributed to the theology, structure, culture, tradition, history, literature, and ritual of the religion he founded.
