120,000 Japanese Americans from their homes in California, Oregon, Washington, and Arizona and sent them to incarceration camps across the West. Nearly 14,000 of them landed on the outskirts of Cody, Wyoming, at the base of Heart Mountain. Behind barbed wire fences, they faced racism, cruelty, and frozen winters. Trying to recreate comforts from home, they established Buddhist temples and sumo wrestling pits. Kabuki performances drew hundreds of spectators—yet there was little hope. That is, until the fall of 1943, when the camp's high school football team, the Eagles, started its first season and finished it undefeated, crushing the

competition from nearby, predominantly white high schools. Amid all this excitement, American politics continued to disrupt their lives as the federal government drafted men from the camps for the front lines—including some of the Eagles. As the team's second season kicked off, the young men faced a choice to either join the Army or resist the draft. Teammates were divided, and some were jailed for their decisions. The Eagles of Heart Mountain honors the resilience of extraordinary heroes and the power of sports in a "timely and utterly absorbing account of a country losing its moral way, and a group of its young citizens who

never did" (Evan Ratliff, author of *The Mastermind*).

 Honoring the female part of the divine, from a refreshingly modern perspective. Call Her Goddess--call her God the Mother--call her the Feminine Principle--Her children need Her, and our world deeply suffers the pains of Her absence. Through the warmth and the wit of poetry, this book is an invitation for all--women, men, of any religion or of no religion--to welcome Her home and set a permanent place for Her at the family table. Carol Lynn Pearson's poetry are accessible, thoughtful, and thought-provoking--the perfect balance of wisdom, humility, and

humor. Carol Lynn Pearson has been a professional writer, speaker, and performer for many years. In addition to her volumes of poetry, she is well known for such books as *The Ghost of Eternal Polygamy*; *Goodbye, I Love You*, her autobiography; *Consider the Butterfly*, which was a finalist in the inspiration/spiritual category of the 2002 Independent Publishers Book Awards; and a series of inspirational books that began with *The Lesson*. Carol Lynn has been a guest on such programs as *The Oprah Winfrey Show* and *Good Morning, America* and has been featured in *People* magazine. She has a master of arts in theater, is the mother of four grown children, and lives in Walnut

Creek, California. You can visit her at www.clpearson.com. Multiple Regression and Beyond HarperCollins Since first published twenty-five years ago, True Stories has provided entertaining stories and effective reading-skill instruction to English language learners throughout the world, helping them build language skills through a carefully paced, step-by-step process. The Silver Edition continues to provide stories whose universal appeal ensures a pleasurable reading experience and motivates students toward reading fluency. New to this edition * New and updated stories maintain the high interest of the series and capture students'

imaginations. * A colorful new design makes the readings inviting and enhance students' understanding and enjoyment of the stories. * A uniform unit structure runs across all six books* in the edition, making it easy for students to move seamlessly from one level to the next. * Audio recordings of every reading. Every story in the series has been recorded and made available online for students or teachers to download. * Digital Resources including: - audio recordings of every reading - teaching tips - answer keys - additional practice activities Other highlights * Pre-reading activities introduce the units visually to ease students into the

readings. * Pre- and post-reading exercises develop vocabulary, reading, listening, writing, and speaking skills. * A structured discussion activity at the end of each unit prompts students to share their own "true stories." * Interactive activities for pair and group work are ideal for multilevel classes. * Mapped to the Global Scale of English

A Handful of Time
 Pearson Education ESL

Imagine if you could travel back in time and relive one weekend as your sixteen year-old self - would you change anything? Everything wrong with Craig Pelling's life can be traced back to 1986 and the moment he popped in to a newsagent for a can of Coke. Now in his mid-forties, all he has to

look back on is twenty-five years of marriage to a woman he doesn't love and an unfulfilled career selling electrical goods. He could have been so much more, achieved so much more. But as bitter as Craig feels about his mundane existence, fate hasn't finished with him yet. A series of unfortunate events pushes the hapless Craig to breaking point as his life crumbles around him. All looks lost until he's thrown a lifeline - the miraculous lifeline of a brief trip back to 1986, to relive one weekend as his sixteen year-old self. Will he be able to change his future for the better? Is it as simple as just reverting one decision he made over thirty years ago? Craig is about to find out.

Now You Know It All

SAGE Publications

The author of *The Book of the Bizarre* returns with a new compendium of freaky facts, terrifying trivia, and true stories that are stranger than fiction. In *Beyond Bizarre*, Varla Ventura presents an all-new batch of nightmarish tales that teem queasy diseases and paranormal encounters—not to mention the outrageous, outlandish, and the simply strange. Arranged into thirteen chilling chapters like *Haunted Hollywood*, *Tales from the Cryptids*, *Bride of the Bizarre*, and *It's Enough to Make You Hurl*, *Beyond Bizarre* tackles everything from female pirates and creepy candy stripers to psychic

predictions, virgin shark births and much, much more. A word of warning: this book is not for the faint of heart!

Future 5 Student Book with App Allyn & Bacon

"[This book] consists of 22 human-interest stories adapted from newspapers and magazines. The universal appeal of these stories ensures a pleasurable reading experience and motivates students to develop reading fluency"--Page 4 of cover.

The Eagles of Heart Mountain Pearson

Education ESL Drawing on two decades of government efforts to "secure the homeland," experts offer crucial strategic lessons and detailed recommendations for

homeland security. For Americans, the terrorist attacks of September 11, 2001, crystallized the notion of homeland security. But what does it mean to "secure the homeland" in the twenty-first century? What lessons can be drawn from the first two decades of U.S. government efforts to do so? In *Beyond 9/11*, leading academic experts and former senior government officials address the most salient challenges of homeland security today.

Beyond 9/11

Bloomsbury Publishing
A thought-provoking contribution to the renaissance of interest in Bergson, this study brings him to a new generation of readers. Ansell-Pearson contends that there is

a Bergsonian revolution, an upheaval in philosophy comparable in significance to those that we are more familiar with, from Kant to Nietzsche and Heidegger, that make up our intellectual modernity. The focus of the text is on Bergson's conception of philosophy as the discipline that seeks to 'think beyond the human condition'. Not that we are caught up in an existential predicament when the appeal is made to think beyond the human condition; rather that restricting philosophy to the human condition fails to appreciate the extent to which we are not simply creatures of habit and automatism, but also organisms involved in a creative evolution of becoming.

Ansell-Pearson introduces the work of Bergson and core aspects of his innovative modes of thinking; examines his interest in Epicureanism; explores his interest in the self and in time and memory; presents Bergson on ethics and on religion, and illuminates Bergson on the art of life.

Bergson Harper Collins
 "This beautifully illustrated collection highlights America's 62 national parks and 38 state, recreational, and city parks and green spaces"--

More True Stories

LONGMAN

The first book by a respected journalist on Nearing Death Awareness—similar to Near-Death Experience—this "fascinating" (Kirkus

Reviews) exploration brings "humor, sympathy, and keen critical intelligence to a topic that is all too often off-limits" (Ptolemy Tompkins, collaborator with Eben Alexander on Proof of Heaven). People everywhere carry with them extraordinary, deeply comforting experiences that arrived at the moment when they most needed relief: when they lost a loved one. These experiences can include clear messages from beyond, profound and vividly beautiful visions, mysterious connections and spiritual awareness, foreknowledge of a loved one's passing—all of which evade explanation by science and logic. Most people keep these transcendent

experiences secret for fear they will be discounted by hyperrational scrutiny. Yet these very common occurrences have the power to console, comfort, and even transform our understanding of life and death. Prompted by her family's surprising, profound experiences around the death of her father and her sister, reporter Patricia Pearson sets out on an open-minded inquiry, a rare journalistic investigation of *Nearing Death Awareness*, which Anne Rice praises as "substantive, eloquent, and worthwhile." *Opening Heaven's Door* offers deeply affecting stories of messages from the dying and the dead in a fascinating work of

investigative journalism, pointing to new scientific explanations that give these luminous moments the importance felt by those who experience them. Pearson also delves into out-of-body and near-death experiences, examining stories and research to make sense of these related but distinct categories. Challenging current assumptions about what we know and what we are still unable to explain, *Opening Heaven's Door* will forever alter your perceptions of the nature of life and death.

Finding Mother God

Pearson

Chosen as a Book of the Year by Sebastian Barry, Martina Devlin and Peter Cunningham

Winner of the Prix Gens de Mer, 2022 Hector and Bolivar set sail from their South American fishing village on what they believe to be a routine expedition. But then a devastating storm casts them adrift in the middle of the Pacific Ocean. With no means of contacting the outside world and no sign of rescue, their only hope lies with one another. Both men must confront the truth about themselves, and the regrets that they have spent a lifetime trying to forget, if they are to survive. Part gripping story of resilience, part fearless existential parable, *Beyond the Sea* is a meditation on what it means to be human, in a world that pushes us to the brink.

Beyond the Sea Taylor

& Francis
 "Future's second edition provides learners with the skills needed for college and career readiness and civic engagement. The new Future is aligned with the Workforce Innovation and Opportunity Act (WIOA), the English Language Proficiency (ELP) and College and Career Readiness (CCR) standards, and the National Reporting System (NRS) level descriptors."--Back cover

Beyond Bizarre
 Penguin Canada
 Poised on the precipice of mystery and longing, each character in *Now You Know It All* also hovers on the brink of discovery—and decision. Set in small-town North Carolina, or featuring eager Southerners venturing

afar, these stories capture the crucial moment of irrevocable change. A young waitress accepts an offer from a beguiling stranger; a troubled boy attempts to unleash the villain from an internet hoax on his party guests; a smitten student finds more than she bargained for in her favorite teacher's attic; two adult sisters reconvene to uncover a family secret hidden in plain sight. With a sharp eye for rendering inner life, Joanna Pearson has a knack for creating both compassion and a looming sense of threat. Her stories peel back the layers of the narratives we tell ourselves in an attempt to understand the world, revealing that the ghosts haunting us are often

the very shadows that we cast.

Cut and Run

Createspace
Independent Publishing Platform
Fourth-generation fundamentalist Carlton Pearson, a Christian megastar and host, takes a courageous and controversial stand on religion that proposes a hell-less Christianity and a gospel of inclusion that calls for an end to local and worldwide conflicts and divisions along religious lines. In *The Gospel of Inclusion*, Bishop Carlton Pearson explores the exclusionary doctrines in mainstream religion and concludes that, according to the evidence of the Bible and irrefutable logic, they cannot be true. Bishop Pearson argues that the controlling

dogmas of religion are the source of much of the world's ills and that we should turn our backs on proselytizing and holy wars and focus on the real good news: that we are all bound for glory, everybody is saved, and if we believe God loves all mankind, then we have no choice but to have the same attitude ourselves. Bishop Pearson tells the story of how he had gone from a powerful religious figure, once preaching to an audience of over 6,000 people, to watching everything he had built crumble around him due to a scandal. Why? He didn't steal money nor did he have inappropriate sexual relationships. Following a revelation from God, he began to preach

that a loving God would not condemn most of the human race to hell because they are not Christian. He preaches that God belongs to no religion. The Gospel of Inclusion is the inspiring journey of one man's quest to preach a new truth. *Even More True Stories Student Book with Essential Online Resources Level 4, Silver Edition* Weiser Books

When Patricia's mother sends her to her cousins' cottage for the summer, Patricia doesn't want to go. She doesn't know her cousins at all, and she's never been good at camping or canoeing, let alone making new friends. All New Easy True Stories Pearson Education ESL

This book is designed

to provide a conceptually-oriented introduction to multiple regression. It is divided into two main parts: the author concentrates on multiple regression analysis in the first part and structural equation modeling in the second part.

Teaching Reading in Small Groups

Routledge

All New Easy True Stories, by Sandra Heyer, continues the True Stories tradition with a companion book to Easy True Stories. Written at the same level, the text features all new stories and exercises. A man chokes on his favourite food, but his daughter saves him in a very unusual way. What is it? A lonely sailor puts a message in a bottle. A fisherman finds it

and gives it to his daughter. What does she do with it? On a very hot day, a boy finds two puppies locked in a car. How does he keep them alive? The real believe-it-or-not tales are adapted from newspapers and magazines and are sure to captivate students of English. The stories are told as simply as possible and are written almost exclusively in the present tense. Nine pre-reading drawings introduce each unit visually and ease students into reading. *Goodbye, I Love You* Simon and Schuster Meet instructional challenges effectively and efficiently by uncovering hidden time for meeting individual students' needs. With small

groups, you'll work closely with more children each day with her how-tos on using formative assessment to create groups from common needs; differentiating for individuals, even in a group; and enhancing Tier 1 and Tier 2 instruction.

Beyond Documentary Realism Pearson

Longman

Companion Website materials:

<https://tzkeith.com/>
Multiple Regression and Beyond offers a conceptually-oriented introduction to multiple regression (MR) analysis and structural equation modeling (SEM), along with analyses that flow naturally from those methods. By focusing on the concepts and purposes of MR and related methods,

rather than the derivation and calculation of formulae, this book introduces material to students more clearly, and in a less threatening way. In addition to illuminating content necessary for coursework, the accessibility of this approach means students are more likely to be able to conduct research using MR or SEM--and more likely to use the methods wisely. This book:

- Covers both MR and SEM, while explaining their relevance to one another
- Includes path analysis, confirmatory factor analysis, and latent growth modeling
- Makes extensive use of real-world research examples in the chapters and in the

end-of-chapter exercises • Extensive use of figures and tables providing examples and illustrating key concepts and techniques New to this edition: • New chapter on mediation, moderation, and common cause • New chapter on the analysis of interactions with latent variables and multilevel SEM • Expanded coverage of advanced SEM techniques in chapters 18 through 22 • International case studies and examples •

Updated instructor and student online resources
Multiple Regression and Beyond Gibbs Smith
 The book series CDE Studies invites monographs (and collections) on issues in contemporary Anglophone dramatic literature and theatre performance. The book series is dedicated to the analysis and renegotiation of contemporary writers and plays and their historical, political, formal, theoretical and methodological contexts.
