From National Book Award
in Fiction finalist Andrew
Krivak comes a gorgeous
fable of Earth's last two
human inhabitants, and a
girl's journey home In an

Edenic future, a girl and her father live close to the land in the shadow of a lone mountain. They possess a few remnants of civilization: some books, a pane of glass, a set of flint and steel, a comb. The father teaches the girl how to fish and hunt, the secrets of the seasons and the stars. He is preparing her for an adulthood in harmony with nature, for they are the last of humankind. But when the girl finds herself alone in an unknown landscape, it is a bear that will lead her back

home through a vast wilderness that offers the greatest lessons of all, if she can only learn to listen. A cautionary tale of human fragility, of love and loss, *The Bear* is a stunning tribute to the beauty of nature's dominion. Andrew Krivak is the author of two previous novels: *The Signal Flame*, a Chautauqua Prize finalist, and *The Sojourn*, a National Book Award finalist and winner of both the Chautauqua Prize and Dayton Literary Peace Prize. He lives with his

wife and three children in Somerville, Massachusetts, and Jaffrey, New Hampshire, in the shadow of Mount Monadnock, which inspired much of the landscape in *The Bear*. [52 Things to Do While You Poo](#) Penguin

Houseplants for All

HarperCollins Notting Hill met een vleugje The Fault in Our Stars: de beste feelgood van eigen bodem. Journaliste Lola de Winter droomt van een carrière vol spetterende scoops en baanbrekende interviews. Maar bij de dorpskrant waarvoor ze al jaren werkt, komt ze niet verder dan artikelen over rommelmarkten,

gerenoveerde parkbankjes en hondentoiletten. Tot één ontmoeting alles verandert... Abel van Engelen groeide op in dezelfde buurt, maar heeft het in tegenstelling tot Lola helemaal gemaakt. Hij is een van de beroemdste en meest geliefde cabaretiers van het land. Abel doet Lola een opmerkelijk voorstel: ze krijgt van hem een grote primeur, die haar ongetwijfeld een promotie zal opleveren, maar moet hem in ruil daarvoor eerst helpen iemand uit zijn

verleden op te sporen. Hoever moet Lola gaan voor haar droombaan? En... voor de liefde? 'Ontzettend liefdevol verhaal dat me verraste en elke pagina weer aan het lachen maakte. Een boek om je helemaal in te verliezen.' Lisa van Campenhout, auteur van Anders, beter 'Lottes humor is zo grappig en scherp, om de paar pagina's zat ik wel een keer te gniffelen. Een heerlijk verhaal!' Mirjam Mieserius, auteur van Bestemming: Parijs! 'Vlot, met humor en

toegankelijk geschreven.' NBD 'Een fantastische feelgood! Het is een origineel verhaal met veel vaart, mooie thema's en het leest als een trein. Er is wel één probleem: het is te gauw uit!' Hebban.nl

Included here are specific care requirements for dozens of the most popular house and office plants. Learn to care for your plants properly, from buying the right plant for the right place, to preventing or treating disease. Don't repot that plant! Repotting is rarely necessary. it is. It is healthy, it is thriving. Contrary to conventional wisdom, repotting a plant isn't always the answer. Get the light right - make sure you have the right light intensity available for the particular plant species Learn how much each plant species needs to dry out Learn to prune Learn to identify plant pests and treat them early Don't bother about humidity and fertilizer/plant food
